

Government, when necessary to accomplish an SSS function related to this System of Records.

5. A record on an employee or contractor from this System of Records may be disclosed as a routine use to a Federal, State, local, territorial, Tribal, or foreign agency requesting a record that is relevant and necessary to its decision on a matter of hiring or retaining an employee, issuing a security clearance, reporting an investigation of that individual, letting a contract, or issuing a license, grant, or other benefit.

6. A record on an employee or contractor from this System of Records may be disclosed as a routine use to a Congressional office in response to an inquiry from the Congressional office made at the request of that individual.

7. To the National Archives and Records Administration for purposes of records management inspections conducted under the authority of 44 U.S.C. 2904 and 2906.

8. To appropriate agencies, entities, and persons when (1) the SSS suspects or has confirmed that there has been a breach of the System of Records, (2) the SSS has determined that as a result of the suspected or confirmed breach there is a risk of harm to an individual(s), the SSS (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the SSS efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.

9. To another Federal agency or Federal entity, when the SSS determines that information from this System of Records is necessary to assist the recipient agency or entity in (a) responding to a suspected or confirmed breach, or (b) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs, and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.

10. To any agency, organization, or individual for the purpose of performing authorized audit or oversight operations of the SSS and meeting related reporting requirements.

11. To such recipients and under such circumstances and procedures as are mandated by Federal statute or treaty.

12. A record from this System of Records may be disclosed as a routine use to SSS paid experts or consultants, and those under contract with the SSS

on a “need-to-know” basis for purpose within the scope of the pertinent SSS task. This access will be granted to a SSS contractor or employee of such contractor by a system manager only after satisfactory justification has been provided to the system manager.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

All records in this System of Records are maintained in compliance with applicable executive orders, statutes, and the agency implementing regulations. Electronic records are stored in databases and/or on hard disks, removable storage devices, or other electronic media. Paper records are maintained in a secure, access-controlled room, with access limited to authorized personnel. To the extent applicable, to ensure compliance with Americans with Disabilities Act, the Rehabilitation Act, and the Genetic Information Nondiscrimination Act of 2008, medical information must be maintained on separate forms and in separate medical files and be treated as a confidential medical record.

SSS policy establishes a uniform process for protecting and storing PII and media.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records will be retrieved by any of the categories of records, including name, location, date of vaccine exception request, or work status.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

Records in this system are temporary and are maintained and destroyed in accordance with National Archives and Records Administration General Records Schedule 2.7 Employee Health and Safety Records.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Computerized records systems follow the National Institute of Standards and Technology privacy and security standards as developed to comply with the Privacy Act of 1974, as amended, 5 U.S.C. 552a; Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*; Federal Information Security Modernization Act of 2014, 44 U.S.C. 3551 *et seq.*; and the Federal Information Processing Standards 199: Standards for Security Categorization of Federal Information and Information Systems. Security controls include user identification, multi-factor authentication, database permissions, encryption, firewalls, audit logs, network system security monitoring, and software controls.

SSS policy applies to all SSS information users, owners, contractors and custodians, as well as access to any SSS information resources. Access to records in the system is limited to authorized personnel who have a need to access the records in the performance of their official duties, and each user's access is restricted to only the functions and data necessary to perform that person's job responsibilities. System administrators and authorized users are trained and required to follow established internal security protocols and must complete all security, privacy, and records management training and sign the SSS Rules of Behavior.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36857]

Railmark Industrial Railway Inc.—Operation Exemption—in DeSoto and Red River Parishes, La.

Railmark Industrial Railway Inc. (RIR), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to operate as a common carrier approximately nine miles of existing private track owned by Cleco Power LLC (Cleco), extending from the Union Pacific Railroad Company switch near Grand Bayou in Red River Parish, La., to the Dolet Hills Power Station in DeSoto Parish, La. (the Line).¹ The verified notice states that RIR will serve Cleco’s Dolet Hills Power Station at its present location and any other customers that may locate on the Line.

According to the verified notice, RIR has entered into an agreement with Cleco for RIR to operate the Line as a common carrier.² RIR states that it will market the Line under the name Railmark Industrial Railway Inc. Louisiana Division to differentiate it from another line RIR leases and operates in Mississippi. *See Railmark Indus. Ry.—Change in Operator Exemption—Miss. Cent. R.R.,* FD 36773 (STB served May 22, 2024).

The verified notice states that no interchange commitments are being imposed on RIR’s operations. RIR certifies that its projected annual revenues will not exceed those that would qualify it as a Class III carrier and will not exceed \$5 million.

The transaction may be consummated on or after June 26, 2025, the effective date of the exemption (30 days after the verified notice was filed).³

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than June 18, 2025 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36857, must be filed with the

¹ According to the verified notice, there are no mileposts because the Line has been used as private industry track.

² RIR states that the agreement also grants RIR the right to operate spur and sidetrack located within the Cleco Dolet Hills Power Station and that RIR will operate this additional track as 49 U.S.C. 10906 track.

³ RIR filed a supplement on May 27, 2025, which is therefore deemed the filing date of the verified notice.
