

the purchase, sale and exercise of in-the-money options of the same class.

- A “merger spread” is defined as transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, each executed prior to the date on which shareholders of record are required to elect their respective form of consideration, i.e., cash or stock.

A “jelly roll” is created by entering into two separate positions simultaneously. One position involves buying a put and selling a call with the same strike price and expiration. The second position involves selling a put and buying a call, with the same strike price, but with a different expiration from the first position.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 (the “Act”),⁷ in general, and Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. In this respect, the Exchange is not proposing any changes to the fees within its Fee Schedule, but rather adding definitions for the Strategy Executions that qualify for the transaction fee caps. This change will better inform investors and the public of the necessary requirements for a Strategy Execution to qualify for the fee caps.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section

19(b)(3)(A)(i)⁹ of the Act and Rule 19b-4(f)(1)¹⁰ thereunder, as constituting a stated interpretation of the meaning, administration and enforcement of an existing rule of the Exchange. The proposed rule change provides definitions for existing terms in the Fee Schedule, and the definitions are consistent with the manner in which the Exchange interpreted those terms. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
