

west; however, the realignment would start farther downstream and would not intersect the LFCC. The expected benefits of preliminary Alternative C are improved water delivery and sediment transport by eliminating channel perching, increased conveyance within the LFCC, reduced channel incision to allow for improved low-velocity habitat for the Rio Grande silvery minnow, improved management of available southwestern willow flycatcher habitat, and a potential to reduce maintenance activities associated with sediment deposition within the river channel. It is anticipated that preliminary Alternative C would also reduce evaporative losses associated with the current LFCC and ponded water between RM 61 and RM 60.

Project Area (Area of Analysis)

The project area is the Lower San Acacia Reach of the Middle Rio Grande in Socorro County, New Mexico. This EIS focus is between the southern boundary of the Bosque del Apache National Wildlife Refuge at RM 74 (upstream end) to the Silver Canyon and LFCC confluence with the Rio Grande at RM 54.5 (downstream end).

Statutory Authority and Anticipated Permits

NEPA [42 U.S.C. 4321 *et seq.*] requires Federal agencies to conduct an environmental analysis of their proposed actions to determine whether the actions may significantly affect the human environment. The EIS will analyze the environmental effects of implementing the proposed action and alternatives. In addition to NEPA, various other Federal, state, and local authorizations may be required for the proposed action. Applicable Federal laws include, but are not limited to, the Endangered Species Act, National Historic Preservation Act, and Clean Water Act.

Schedule for the Decision-Making Process

Reclamation will review and consider comments received during scoping and will prepare a scoping report. After the draft EIS is completed, Reclamation will publish a notice of availability and request public comments on the draft EIS. After the public comment period ends, Reclamation will then develop the final EIS; Reclamation anticipates making the final EIS available to the public in late 2024. In accordance with 40 CFR 1506.11, Reclamation will not decide or issue a Record of Decision sooner than 30 days after the final EIS is released. Reclamation anticipates the

issuance of a Record of Decision by March 2025.

Public Disclosure

Before including your address, phone number, email address, or other personal, identifying information in your comment submission, please be advised that the entire submission, including your personal identifying information, may be made publicly available at any time. While a commenter may request that Reclamation withhold personal identifying information from public review, Reclamation cannot guarantee that it will be able to do so.

How To Request Reasonable Accommodation

For special assistance at one of the scoping meetings, please contact Ashlee Rudolph (see **FOR FURTHER INFORMATION CONTACT** section of this notice) or TDD information in the same section, at least 5 working days before the meetings. Information regarding this project is available in alternate formats upon request.

Wayne Pullan,

*Regional Director, Upper Colorado Region,
Bureau of Reclamation.*

BILLING CODE 4332-90-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1364]

Certain Blood Flow Restriction Devices With Rotatable Windlasses and Components Thereof; Institution of Investigation

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on April 24, 2023, under section 337 of the Tariff Act of 1930, as amended, on behalf of Composite Resources, Inc. of Rock Hill, South Carolina and North American Rescue, LLC of Greer, South Carolina. Supplements were filed on April 27, 2023, May 11, 2023, and May 18, 2023. The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain blood flow restriction devices with rotatable windlasses and components thereof by reason of the

infringement of: certain claims of U.S. Patent No. 7,842,067 (“the ‘067 patent”); U.S. Patent No. 8,888,807 (“the ‘807 patent”); and U.S. Patent No. 10,016,203 (“the ‘203 patent”); and; U.S. Trademark Registration No. 3,863,064 (“the ‘064 mark”) and U.S. Trademark Registration No. 5,046,378 (“the ‘378 mark”). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute. The complaint also alleges violations of section 337 based upon the importation into the United States, or in the sale of certain blood flow restriction devices with rotatable windlasses by reason of trade dress infringement, the threat or effect of which is to destroy or substantially injure an industry in the United States.

The complainants request that the Commission institute an investigation and, after the investigation, issue a general exclusion order, or in the alternative a limited exclusion order, and cease and desist orders.

ADDRESSES: The complaint, except for any confidential information contained therein, may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>.

FOR FURTHER INFORMATION CONTACT:

Pathenia M. Proctor, The Office of Unfair Import Investigations, U.S. International Trade Commission, telephone (202) 205-2560.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2023).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on May 24, 2023, *Ordered that—*

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended,

(a) an investigation be instituted to determine whether there is a violation of subsection (a)(1)(A) of section 337 in

the importation or sale of certain products identified in paragraph (2) by reason of trade dress infringement, the threat or effect of which is to destroy or substantially injure an industry in the United States;

(b) an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–17 of the '067 patent; claims 1–30 of the '807 patent; and claims 1–13 of the '203 patent, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(c) an investigation be instituted to determine whether there is a violation of subsection (a)(1)(C) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of the '064 mark and the '378 mark, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission's Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is "single-handed combat tourniquets with rotatable windlasses that can be applied and tightened by a user to reduce blood loss from an arm or leg";

(3) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainants are:

Composite Resources, Inc., 483 Lakeshore Pkwy, Rock Hill, SC 29730
North American Rescue, LLC, 35 Tedwall Ct., Greer, SC 29650

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the complaint is to be served:

Anping Longji Medical Equipment Factory, No. 8, Suxin Road, Nansu Village, Anping, County, Hengshui City, Hebei Province, China

(c) The Office of Unfair Import Investigations, U.S. International Trade Commission, 500 E Street SW, Suite 401, Washington, DC 20436; and

(4) For the investigation so instituted,

the Chief Administrative Law Judge, U.S. International Trade Commission, shall designate the presiding Administrative Law Judge.

Responses to the complaint and the notice of investigation must be submitted by the named respondents in accordance with section 210.13 of the Commission's Rules of Practice and Procedure, 19 CFR 210.13. Pursuant to 19 CFR 201.16(e) and 210.13(a), as amended in 85 FR 15798 (March 19, 2020), such responses will be considered by the Commission if received not later than 20 days after the date of service by the complainant of the complaint and the notice of investigation. Extensions of time for submitting responses to the complaint and the notice of investigation will not be granted unless good cause therefor is shown.

Failure of a respondent to file a timely response to each allegation in the complaint and in this notice may be deemed to constitute a waiver of the right to appear and contest the allegations of the complaint and this notice, and to authorize the administrative law judge and the Commission, without further notice to the respondent, to find the facts to be as alleged in the complaint and this notice and to enter an initial determination and a final determination containing such findings, and may result in the

issuance of an exclusion order or a cease and desist order or both directed against the respondent.

By order of the Commission.

Issued: May 24, 2023.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF LABOR

Office of the Assistant Secretary for Policy, Chief Evaluation Office

Agency Information Collection Activities; Proposed Revision of Information Collection; Comment Request. The Evaluation of the Pathway Home Grant Program (Pathway Home Evaluation)

AGENCY: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

ACTION: Notice of information collection; request for comment.

SUMMARY: The Department of Labor (DOL), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents is properly assessed. Currently, the Department of Labor is soliciting comments concerning the collection of data about The Evaluation of the Pathway Home Grant Program (Pathway Home Evaluation). A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before July 31, 2023.

ADDRESSES: You may submit comments by either one of the following methods: *Email:* ChiefEvaluationOffice@dol.gov; *Mail or Courier:* Monica Mean, Chief

Evaluation Office, OASP, U.S. Department of Labor, 200 Constitution Ave. NW, Room S–2312, Washington, DC 20210. *Instructions:* Please submit one copy of your comments by only one method. All submissions received must include the agency name and OMB Control Number identified above for this information collection. Comments, including any personal information provided, become a matter of public record. They will also be summarized and/or included in the request for OMB approval of the information collection request.

FOR FURTHER INFORMATION CONTACT:

Monica Mean by email at ChiefEvaluationOffice@dol.gov or by phone at (202) 693–6034

SUPPLEMENTARY INFORMATION:

I. *Background:* The Chief Evaluation Office (CEO) of the U.S. Department of Labor (DOL) intends to conduct an evaluation of the DOL-funded Pathway Home grant program, which aims to improve the ability of people in the justice system to find meaningful employment and avoid recidivism. The goal of this four-year evaluation is to build knowledge about the implementation of the Pathway Home grantees and their effectiveness in improving employment and recidivism outcomes for adults reentering the community after incarceration.

The overall study has two components: (1) an implementation evaluation of the Pathway Home grants to describe program models and services, partnerships, and participant characteristics; and (2) an impact evaluation to examine the effectiveness of the Pathway Home grants on participants' outcomes, such as credential attainment, employment and earnings, and ongoing criminal justice involvement.

This **Federal Register** Notice provides the opportunity to comment on two proposed data collection instruments that the evaluation will use: follow-up survey of impact study participants, and protocol for virtual discussions with grantee staff. The follow-up survey will be used as part of the impact study to measure outcomes for study participants. The virtual discussions with grantee staff will be used as part of the implementation study to understand the sustainability of the programs.

1. *Follow-up survey for impact study participants.* Survey of 2,500 impact study participants conducted approximately 12–15 months after their

release to collect information on topics including participants' skills and credential attainment, employment and economic wellbeing, and health and stability after reentering their communities.

2. *Protocol for virtual discussions with grantee staff responsible for overseeing the grants.* Small group and one-on-one virtual discussions with grant administrators to understand sustainability of the Pathway Home grantee programs.

II. *Desired Focus of Comments:*

Currently, DOL is soliciting comments on the above data collection instruments for the Pathway Home grant program. DOL is particularly interested in comments that do the following:

- a. Evaluate whether the proposed collection of information is necessary for the proper performance functions of the agency, including whether the information will have practical utility;
- b. Evaluate the accuracy of the agency's burden estimate of the proposed information collection, including the validity of the methodology and assumptions;
- c. Enhance the quality, utility, and clarity of the information to be collected; and
- d. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology—for example, permitting electronic submissions of responses.

III. *Current Actions:* At this time, DOL is requesting clearance for the follow-up survey of study participants, and the protocol for virtual group discussions with grantee staff.

Type of Review: Revision of a currently approved collection.

Agency: Office of the Assistant Secretary for Policy, Chief Evaluation Office, Department of Labor.

OMB Control Number: 1290–0039.

Affected Public: Individuals or Households.

Annual Respondent or Recordkeeper Cost: There are no direct costs to respondents.

Comments submitted in response to this request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.
