SUPPLEMENTARY INFORMATION:

Title: Information Collection For Document Delivery Services.

OMB Number: 0518-0027.

Expiration Date of Approval: September 30, 2002.

Type of Request: To extend a currently approved information collection.

Abstract: In its role as both a preeminent agricultural research library

and a National Library of the United States, NAL (part of the Department of Agriculture's Agricultural Research Service) provides loans and photocopies of materials from its collections to libraries and other institutions and organizations. NAL follows applicable copyright laws and guidelines and standard interlibrary codes and practices when providing loans and photocopies and charges a fee for this service. To request a loan or photocopy institutions must provide a written request to NAL using either a standard interlibrary loan form, interlibrary loan protocol, or an email message formatted according to NAL provided instructions. Information provided in these requests include the name, address, and telephone number of the party requesting the material, and depending on the method of delivery of the material to the party, may include either a fax number, email address, or Ariel IP address. The requestor must also provide a statement acknowledging copyright compliance, bibliographic information for the material they are requesting, and the maximum dollar amount they are willing to pay for the material. The collected information is used to deliver the material to the requesting party, bill for and track payment of applicable fees, monitor the return to NAL of loaned material, identify and locate the requested material in NAL collections, and determine whether the requesting party consents to the fees charged by NAL.

Estimate of Burden: Average 1.75 minutes per response.

Description of Respondents: Respondents to the collection of information are those libraries or other institutions or organizations that request interlibrary loans or copies of material in the NAL collections. Each respondent must furnish the information for each loan or copying request.

Estimated Number of Respondents: 2500.

Frequency of Responses: Average 13 per respondent.

Estimated Total Annual Burden on Respondents: 963 hours (0.39 hours per respondent). Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have a practical utility; (b) the accuracy of the agency's estimate

of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: May 31, 2002.

Acting Associate Administrator.
