SUPPLEMENTARY INFORMATION:

I. Authority and Purpose

Title III of the Energy Policy and Conservation Act, as amended (EPCA),¹ sets forth a variety of provisions designed to improve energy efficiency. Part A of Title III (42 U.S.C. 6291-6309) provides for the Energy Conservation Program for Consumer Products Other Than Automobiles. The National Energy Conservation Policy Act, Public Law 95-619, amended EPCA to add Part A-1 of Title III, which established an energy conservation program for certain industrial equipment. (42 U.S.C. 6311-6317) Sections 6298-6305 and 6316 of EPCA authorize DOE to enforce compliance with the energy and water conservation standards established for covered products and covered equipment. To ensure that all covered products and equipment distributed in the United States comply with DOE's energy and water conservation standards and certification requirements, DOE promulgated enforcement regulations in 10 CFR parts 429, 430, and 431 and assesses civil penalties for violations of these regulations. Section 6303(d) of EPCA provides an opportunity for an on-the-record hearing for parties issued a civil penalty notice for violations of DOE's conservation standards and certification requirements.

In this NOI, DOE gives notice of its intent to commence on-the-record hearings before ALJs in civil penalty cases pursuant to its authority in 42 U.S.C. 6303(d)(2)(A). For more information on DOE's enforcement

process, including how to request an ALJ hearing, please see 10 CFR part 429, subpart C.

II. Procedures for Administrative Adjudication of Civil Penalty Actions
