They will perform all of the study participants' physiological and biometric measures, including at least blood pressure, glucose levels, lipids, nicotine use, and weight. The service area sites will schedule follow-up visits, encourage participants to take advantage of available online educational Web sites, and enroll in established wellness programs. They will also direct participants to retake the HRA/biometrics annually to reassess health behaviors and outcomes. A toll-free phone line will be available to answer questions regarding enrollment and monetary incentives from demonstration participants.
