SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Green and Resilient Retrofit Program (GRRP) Supporting Documentation.

OMB Approval Number: Pending.

OMB Expiration Date: TBD

Type of Request: New collection.

Form Numbers: TBD. While numbers have not yet been assigned, the covered forms include Transaction Plan Templates, Commitment Templates, Escrow Deposit Agreement template, Use Agreement, Surplus Cash loan agreement, Grant Agreement, Surplus Cash Loan Note, Amortizing Loan Note, Surplus Cash Loan Mortgage, Amortizing Loan Mortgage, Addendum to Assistance Contract template including efficiency add-on, Resilience Survey and Completion Certification.

Description of the need for the information and proposed use: The Green and Resilient Retrofit Program (“GRRP”) is funded through Title III of the Inflation Reduction Act of 2022, H.R. 5376 (IRA), in section 30002 titled “Improving Energy Efficiency or Water Efficiency or Climate Resilience of Affordable Housing” (the “IRA”), authorizing HUD to make loans, grants to improve energy or water efficiency; enhance indoor air quality or sustainability; implement the use of zero-emission electricity generation, low-emission building materials or processes, energy storage, or building electrification strategies; or address climate resilience of eligible HUD-assisted multifamily properties. The program leverages significant technological advancements in utility efficiency and adds a focus on preparing for climate hazards—both reducing

residents’ and properties’ exposure to hazards and protecting life, livability, and property when disaster strikes. With its dual focus, GRRP is the first program to consider, at the national scale, how best to approach both green and energy efficiency upgrades simultaneously with investment in climate resilience strategies in multifamily housing. HUD is taking a multi-faceted approach to deploy these funds multiple funding rounds and for properties at different development stages.

Funding under this program will be made through multiple cohorts under one or multiple Notices of Funding Opportunity (NOFOs) that will detail the application process for eligible applicants. This collection is necessary in order to receive applications requesting funding under this program and to complete processing requirements for multifamily owners selected under one of the GRRP cohorts (Elements, Leading Edge & Comprehensive). Documents will include information an owner may need to collect, maintain, or submit to ensure GRRP programmatic and statutory compliance with eligibility requirements and documentation required for HUD approval of any legal and financial obligations including:

- Award eligibility requirements as described in the GRRP Notices.
- Information needed to determine compliance with program requirements.
- Information the Department may require in order to exercise discretionary judgment authorized under the GRRP Notice.
- Demonstration of transaction closing preparedness, including, as applicable:
- Documentation required for HUD approval for any financial information relative to GRRP grants and loans.
- Maintenance of other information that could be requested such as utility and energy consumption and efficiency, and other viable green and retrofitting components.

Respondents: HUD-assisted multifamily owners.

Estimated Number of Respondents: 583.

Estimated Number of Responses: 583.
Frequency of Response: Once per application and awardee package.

Average Hours per Response: 34.5 hours.

Total Estimated Burden: 8,952.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35.

Agency Information Collection Activities; Submission to the Office of Management and Budget; Federal Subsistence Regulations and Associated Forms

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew a currently approved information collection, without change.

DATES: Interested persons are invited to submit comments on or before December 4, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be submitted within 30 days of publication of this notice at <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB (JAO/3W), 5275 Leesburg Pike, Falls Church, VA 22041–3803 (mail); or by email to Info_Coll@fws.gov. Please reference “1018–0075” in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

In accordance with the Paperwork Reduction Act (PRA; 44 U.S.C. 3501 *et seq.*) and its implementing regulations in the Code of Federal Regulations (CFR) at 5 CFR 1320, all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

On February 27, 2023, we published in the **Federal Register** (88 FR 12285) a proposed rule (RIN 1018–BG72) containing a notice of our intent to request that OMB approve the existing and new information collections contained in that rulemaking. We solicited comments for 60 days, ending on April 28, 2023. We did not receive any comments addressing the information collection requirements contained in that proposed rule. The Service plans to publish the associated final rule, which will request OMB approval of the new information collections, in the spring of 2024. However, due to this collection expiring before the anticipated publication of that final rule, we are now requesting OMB approve an extension, without change, to this collection.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Alaska National Interest Lands Conservation Act (ANILCA; 16 U.S.C. 3111–3126), and regulations in the Code of Federal Regulations (CFR) at 50 CFR part 100 and 36 CFR part 242, require persons engaged in taking fish, shellfish, and wildlife on public lands in Alaska for subsistence uses to apply for and obtain a permit to do so, and comply with reporting provisions of that permit.

We currently use four forms in the recruitment and selection of members for regional advisory councils:

- Form 3–2300, “Federal Subsistence Regional Advisory Council Membership Incumbent Application.”
