SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

The Six Rivers National Forest has determined the following needs concerning the Van Horn, Long Ridge, Hoaglin, Zenia and Soldier Creek Allotments: (1) Continued livestock grazing under updated allotment Management Plans on the Van Horn, Long Ridge, Hoaglin, and Zenia allotments; (2) achievement of soil compaction and bank stability standards and guidelines as stated in the LRMP; (3) achievement of forage utilization standards in riparian areas and annual grasslands as stated in the LRMP; and (4) meeting the management goals, as directed in the LRMP, for the Soldier Basin Recommended Research Natural Area (RRNA) which is located in the Soldier Creek Allotment. In achieving the aforementioned needs the following purposes will be met: (1) fulfill a trust responsibility to the Round Valley Indian Tribes to manage grazing activities so as to not adversely impact tribal trust properties and rights down river of the allotments, namely water quality and anadromous fish; (2) minimize impacts to anadromous fisheries along the North Fork Eel River system; (3) redistribute cattle away from identified heritage sites; (4) maintain the permittees' ability to graze livestock efficiently and economically, and (5) maintain rangeland productivity on suitable rangelands while providing forage for livestock production consistent with demand and other resource values and uses.

Proposed Action

The Forest Service proposes to (1) authorize grazing up to 10 years, under changed seasons of use and grazing practices, of about 500 Cow/Calf Pairs on the Hoaglin, Zenia, Long Ridge and Van Horn Allotments encompassing about 116,00 acres of National Forest System (NFS) lands; and (2) amend the Six Rivers National Forest Land and Resource Management Plan (LRMP) to close the currently vacant Soldier Creek allotment encompassing about 10,000 acres of NFS lands. The proposed action includes change to Allotment Management Plans that address grazing practices, construction of new range improvements, restoration and/or removal of existing range improvements, allotment boundary modifications, and monitoring provisions. Closure of the Soldier Creek allotment would constitute a Forest Plan amendment. A detailed description of the proposed action can be obtained by contacting Ruben Escatell at the address listed above.
