Wooden Bedroom Furniture From the People’s Republic of China: Preliminary Results of Antidumping Duty Administrative Review; and Rescission, in Part; 2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to requests from interested parties, the U.S. Department of Commerce (Commerce) is conducting an administrative review of the antidumping duty order on wooden bedroom furniture (WBF) from the People’s Republic of China (China) covering the period of review (POR) January 1, 2022, through December 31, 2022. Commerce has preliminarily determined that the sole mandatory respondent under review, VidaXL Ningbo Industry Co., Ltd. (aka vidaXL Ningbo Industry Co., Ltd.) (VidaXL), is not eligible for a separate rate and is part of the China-wide entity. Commerce is also rescinding this review with respect to all companies under review, except VidaXL, because all requests to review these companies have been timely withdrawn. We invite interested parties to comment on these preliminary results of review.

DATES: Applicable October 6, 2023.

FOR FURTHER INFORMATION CONTACT: Krisha Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4037.

SUPPLEMENTARY INFORMATION:

Background

On January 3, 2023, Commerce published in the **Federal Register** a notice of opportunity to request an

administrative review of the antidumping duty order on WBF from China.¹ After receiving review requests,² Commerce initiated this review.³ With the exception of VidaXL, which requested a review of itself, all other parties timely withdrew their review requests in their entirety.⁴ On July 25, 2023, we issued the initial questionnaire to VidaXL.⁵ On August 25, 2023, VidaXL explained that it “has determined it cannot adequately provide {Commerce} with the information it has requested under the deadlines imposed by {Commerce}.”⁶

Scope of the Order⁷

The product covered by the *Order* is WBF, subject to certain exceptions. Imports of subject merchandise are classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 9403.50.9041, 9403.50.9042, 9403.50.9045, 9403.50.9080, 9403.91.0005, 9403.91.0010, 9403.91.0080, 7009.92.1090 or 7009.92.5095. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213.

Separate Rate

In the *Initiation Notice*, we informed parties that all firms for which a non-market economy review was initiated that wished to qualify for separate rate status must complete, as appropriate, either a separate rate application or a separate rate certification.⁸ We also informed parties that firms that submitted a separate rate application or a separate rate certification that are subsequently selected as mandatory respondents, would not be eligible for separate rate status unless they responded to all parts of the initial questionnaire that Commerce issued to them as mandatory respondents.⁹ After VidaXL submitted a separate rate application, Commerce selected VidaXL as the sole mandatory respondent in this review. As noted above, VidaXL failed to respond to Commerce’s initial questionnaire. Consistent with Commerce’s practice in such situations, as described in the *Initiation Notice*, and because VidaXL ceased responding to Commerce’s requests for information, Commerce has preliminarily determined that VidaXL did not establish its eligibility for separate rate status, and is part of the China-wide entity.

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review.¹⁰ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity, and Commerce has not self-initiated a review of the entity, the entity is not under review and the weighted-average dumping margin assigned to the China-wide entity is not subject to change as a result of this administrative review.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party that requested a review, withdraws its request within 90 days of the date of publication of the notice of

initiation of the requested review in the **Federal Register**. Interested parties timely withdrew all review requests for 25 companies/company groupings for which Commerce initiated this review. Therefore, in accordance with 19 CFR 351.213(d)(1), Commerce is rescinding this review of the *Order* with respect to all the companies/company groupings listed in the appendix to this notice.

Disclosure and Public Comment

Normally, Commerce will disclose the calculations performed in connection with the preliminary results of review to parties to the proceeding in accordance with 19 CFR 351.224(b). However, as there were no preliminary margin calculations performed in the instant review, there are no calculations to disclose. This satisfies our regulatory obligation. Additionally, we note that, given the analysis underlying Commerce's preliminary decisions are contained herein, no decision memorandum accompanies this **Federal Register** notice.

Interested parties may submit case briefs to Commerce no later than 30 days after the date of publication of these preliminary results of review in the **Federal Register**.¹¹ Rebuttal briefs may be filed with Commerce no later than seven days after case briefs are due and may respond only to arguments raised in the case briefs.¹² A table of contents, list of authorities used, and an executive summary of issues should accompany any brief submitted to Commerce. The summary should be limited to five pages total, including footnotes.¹³

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request for a hearing to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**. Requests for a hearing should contain: (1) the requesting party's name, address, and telephone number; (2) the number of individuals associated with the requesting party that will attend the hearing and whether any of those individuals is a foreign national; and (3) a list of the issues the party intends to discuss at the hearing. Oral arguments at the hearing will be limited to issues raised in the case and rebuttal briefs. If a request for a hearing is made, Commerce will announce the date and time of the hearing. Parties

should confirm by telephone the date and time of the hearing two days before the scheduled hearing date.

All submissions to Commerce, with limited exceptions, must be filed electronically using Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). An electronically filed document must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5:00 p.m. Eastern Time on the due date.¹⁴ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁵

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this review no later than 120 days after the date these preliminary results of review are published in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review. If we do not alter these preliminary results of review, we intend to instruct CBP to liquidate entries of subject merchandise exported by VidaXL at the China-wide rate (*i.e.*, 216.01 percent).¹⁶

Commerce intends to issue assessment instructions regarding VidaXL to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Commerce intends to issue assessment instructions regarding the companies for which it rescinded this review no earlier than 35 days after the

date of publication of this notice in the **Federal Register**. Commerce will instruct CBP to liquidate entries of subject merchandise exported by the companies for which we rescinded the review at the cash deposit rate required at the time of entry.

Cash Deposit Requirements

The following cash deposit requirements will be in effect for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on, or after, the date of publication of the notice of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2)(C) of the Act: (1) for any previously investigated or reviewed China or non-China exporter that has a separate rate, the cash deposit rate will continue to be the exporter's existing cash deposit rate; (2) for all China exporters of subject merchandise that do not have a separate rate, including VidaXL, if Commerce continues to find the company is not entitled to separate rate status in the final results of review, the cash deposit rate will be equal to the dumping margin assigned to the China-wide entity, which is 216.01 percent;¹⁷ and (3) for all non-China exporters of subject merchandise that do not have a separate rate, the cash deposit rate will be equal to the dumping margin applicable to the China exporter(s) that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213(d)(4), and 19 CFR 351.221(b)(4).

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Analysis of and Participation in Ocean Exploration Video Products

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication

of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 21, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Analysis of and Participation in Ocean Exploration Video Products.

OMB Control Number: 0648-0748.

Form Number(s): None.

Type of Request: Regular submission (revision of a current information collection).

Number of Respondents: 4,100 total (3,100 unique respondents).

Average Hours per Response: 10 minutes.

Burden Hours: 714.

Needs and Uses: NOAA Ocean Exploration (OER) is the only federal organization dedicated to ocean exploration. By using unique capabilities in terms of personnel, technology, infrastructure, and exploration missions, OER is reducing unknowns in deep-ocean areas and providing high-value environmental intelligence needed by NOAA and the nation to address both current and emerging science and management needs. Through live video and data streams, online coverage, training opportunities, and events, we allow scientists, resource managers, students, members of the general public, and others to actively experience ocean exploration, allowing broader scientific participation, and cultivating the next generation of ocean explorers, and engaging the public in exploration activities. To better understand our ocean, our office makes exploration data available to the public. This allows us, collectively, to more effectively maintain ocean health, sustainably manage our marine resources, accelerate our national economy, and build a better appreciation of the value and importance of the ocean in our everyday lives. It is only through leveraging resources internally and externally that we can truly achieve our mission.

Since the inception of NOAA's exploration program in 2001, OER data management has been guided by the 2000 President's Panel Report recommendations which prioritized rapid and unrestricted data sharing as one of five critical exploration program components. More recently, Public Law

111-11 [Section XII Ocean Exploration] reinforced and expanded OER data management objectives, continuing to stress the importance of sharing unique exploration data and information to improve public understanding of the oceans, and for research and management purposes.

Telepresence satellite communication from the ship to shore brings the unknown ocean to the screens of both scientists and the general public in their homes, schools or offices in near real time. With technology constantly evolving, it is important to address the needs of the shore-based scientists and public to maintain a high level of participation. We use voluntary surveys to identify the needs of users of data, best approaches to leverage expertise of shore-based participants for meaningful public engagement focused on ocean exploration.

The five forms used to collect information are as follows: (1) Sailing Contact Information. This form is sent to the few scientists that directly sail on NOAA Ship *Okeanos Explorer*. The ship's operational officer needs certain information such as: if a sailing individual has securely submitted their proper medical documents to NOAA's Office of Marine and Aviation Operations; if the person is up to date with required security documents, such as a passport, if the ship is traveling to a foreign port; any dietary restrictions so that the person will be served food that is safe. (2) *Okeanos Explorer* Participation Assessment. This voluntary form is sent to the scientists that sailed on or participated remotely in any *Okeanos Explorer* cruise funded by OER to record any feedback they wish to provide to the office about their experience. The office uses their feedback in assessments for improving the utility and experience of these scientific guests sailing on the *Okeanos Explorer*. (3) EX Collaboration Tools Feedback. This voluntary form is sent to members of the marine scientific community at the beginning of a fiscal year to ask if members would like to participate in any of the upcoming cruises and to what degree, such as simply asking to be included in emailed updates or if they want to be on a direct line to the ship for remotely operated vehicle dive operations. (4) Citizen Scientist. This voluntary form is available to general members of the public and is used for members to improve the annotation efforts when watching short video clips of 30 seconds to 5 minutes. (5) Science Lead Interest. This voluntary form will be used to solicit interest from the scientific community to serve as a Science Lead
