#### SUPPLEMENTARY INFORMATION:

**Title:** Standards of Conduct for Transmission Providers and Marketing Affiliates of Interstate Pipelines.

**OMB Control No.:** 1902–0157.

**Type of Request:** Three-year extension of the FERC–592 information collection requirements with no changes to the current reporting requirements.

**Abstract:** The Commission uses the information maintained and posted by the respondents to monitor the pipeline's transportation, sales, and storage activities for its marketing affiliates to deter undue discrimination by pipeline companies in favor of their marketing affiliates. Non-affiliated shippers and other entities (e.g., state commissions) also use the information to determine whether they have been harmed by affiliate preference and to prepare evidence for proceedings following the filing of a complaint.

#### 18 CFR Part 358 (Standards of Conduct)

Respondents maintain and provide the information required by 18 CFR part 358 on their internet websites. When the Commission requires a pipeline to post information on its website following a disclosure of non-public information to its marketing affiliate, non-affiliated shippers obtain comparable access to the non-public transportation information, which allows them to compete with marketing affiliates on a more equal basis.

#### 18 CFR 250.16, and the FERC–592 Log/Format

This form (log/format) provides the electronic formats for maintaining information on discounted transportation transactions and capacity allocation to support monitoring of activities of interstate pipeline marketing affiliates. Commission staff considers discounts given to shippers in litigated rate cases.

Without this information collection:

- the Commission would be unable to effectively monitor whether pipelines are giving discriminatory preference to their marketing affiliates; and
- non-affiliated shippers and state commissions and others would be unable to determine if they have been harmed by affiliate preference or prepare evidence for proceedings following the filing of a complaint.

**Type of Respondents:** Natural gas pipelines.
