

We intend to issue instructions to CBP 41 days after the publication date of the final results of this review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of seamless refined copper pipe and tube from Mexico entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit rates for Golden Dragon and Nacobre will be equal to the weighted-average dumping margins established in the final results of this administrative review; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 26.03 percent, the all-others rate established in the *Order*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Tolling of Deadlines

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.¹¹ Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on

a non-business day, in accordance with the Department's practice, the deadline will become the next business day. The revised deadline for the preliminary results of this review is now December 18, 2013.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(4).

Dated: December 18, 2013.

Acting Assistant Secretary for Enforcement and Compliance.

Fresh Garlic From the People's Republic of China: Preliminary Results and Partial Rescission of the 18th Antidumping Duty Administrative Review; 2011-2012

AGENCY: Enforcement and Compliance, formerly Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) is conducting the 18th administrative review (AR) of the antidumping duty order on fresh garlic from the People's Republic of China (PRC) covering the period of review (POR) November 1, 2011, through October 31, 2012.¹ The mandatory respondents in this review are: Hebei Golden Bird Trading Co., Ltd. (Golden Bird) and Shenzhen Xinboda Industrial Co., Ltd. (Xinboda). The Department has preliminarily determined that, during the POR, the respondents in this proceeding have made sales of subject merchandise at less than normal value (NV). The Department is also preliminarily determining that 13 companies made no shipments.

DATES: *Effective Date:* December 24, 2013.

FOR FURTHER INFORMATION CONTACT:

Nicholas Czajkowski or Lingjun Wang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1395 or (202) 482-2316, respectively.

Scope of the Order

The merchandise covered by the order includes all grades of garlic, whole or separated into constituent cloves. Fresh garlic that are subject to the order are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) 0703.20.0010, 0703.20.0020, 0703.20.0090, 0710.80.7060, 0710.80.9750, 0711.90.6000, and 2005.90.9700. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description, available in *Antidumping Duty Order: Fresh Garlic from the People's Republic of China*, 59 FR 59209 (November 16, 1994), remains dispositive. For a full description of the scope of the order, see the Preliminary Decision Memorandum.²

Partial Rescission of Administrative Review

On December 31, 2012, the Department initiated this administrative review with respect to 139 companies.³ Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. The Department is rescinding this review for Jinxiang Jinma Fruits Vegetables Products Co., Ltd. and Zhengzhou Harmoni Spice Co., Ltd., as: (1) Parties have timely withdrawn all review requests with respect to these companies; and (2) these companies have separate rates from a prior completed segment of this proceeding. For these companies, antidumping duties shall be assessed at rates equal to

Lorentzen, Acting Assistant Secretary for Enforcement and Compliance regarding "Decision Memorandum for the Preliminary Results of the 2011-2012 Antidumping Duty Administrative Review: Fresh Garlic from the People's Republic of China," dated concurrently with these results and hereby adopted by this notice (Preliminary Decision Memorandum).

the rates of the cash deposits of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(2).

The Department also received timely withdrawal requests for 94 other companies listed in the *Initiation Notice*. However, we are not rescinding the reviews for these companies at this time because they do not have a separate rate, and therefore, each currently remains part of the PRC-wide entity.⁴ The PRC-wide entity is currently subject to this administrative review.

Preliminary Determination of No Shipments

Thirteen companies listed in Appendix I timely filed “no shipment” certifications stating that they had no entries of subject merchandise during the POR. Based on the certifications by these companies, and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that the companies listed in Appendix I did not have any reviewable transactions during the POR. In addition, the Department finds that, consistent with its refinement to its assessment practice in non-market economy (NME) cases, further discussed below, it is appropriate not to rescind the review, in part, in these circumstances, but to complete the review with respect to these 13 companies, and to issue appropriate instructions to CBP based on the final results of the review.⁵

PRC-Wide Entity

Of the remaining companies subject to these preliminary results, 20 are not eligible for separate rate status or rescission as they did not submit separate rate applications or certifications.⁶ As a result, these 20 companies are under review as part of the PRC-wide entity. For our determination with respect to the PRC-wide entity, see the Preliminary Decision Memorandum.

Methodology

The Department has conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export prices have been calculated in accordance with section 772 of the Act. Because the PRC

is an NME within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

The Preliminary Decision Memorandum provides a full description of the methodology underlying our conclusions. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and in the Department’s Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Disclosure and Public Comment

The Department will disclose calculations performed for these preliminary results to interested parties within ten days of the date of publication of this notice.⁷ We will notify interested parties of the schedule

for submitting case briefs and rebuttal briefs, in accordance with 19 CFR 351.309(c) and 19 CFR 351.309(d)(1), respectively. Pursuant to 19 CFR 351.309(d)(2), rebuttal briefs must be limited to issues raised in the case briefs. Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and, (3) a table of authorities.

Interested parties who wish to request a hearing, or participate if one is requested, must electronically submit a request using IA ACCESS to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. The Department must receive the electronically-filed document, successfully in its entirety, by 5 p.m. Eastern Standard Time within 30 days after the date of publication of this notice.⁸ Interested parties should include in the requests: the party’s name, address, telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department will inform the parties of the scheduled date, time and location of the hearing.⁹ Parties should confirm by telephone or electronic mail, the date, time, and location.

Unless the deadline is extended pursuant section 751(a)(3)(A) of the Act, the Department will issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days after issuance of these preliminary results.

Deadline for Submission of Publicly Available Surrogate Value Information

In accordance with 19 CFR 351.301(c)(3), the deadline for submission of publicly available information to value the factors of production under 19 CFR 351.408(c) is 20 days after the date of publication of these preliminary results. In accordance with 19 CFR 351.301(c)(1), if an interested party submits factual information less than ten days before, on, or after (if the Department has extended the deadline), the applicable deadline for submission of such factual information, an interested party may submit factual information to rebut, clarify, or correct the factual information no later than ten days after such factual information is served on the interested party. However, the Department notes that 19 CFR 351.301(c)(1), permits new information only insofar as it rebuts, clarifies, or

corrects information recently placed on the record.¹⁰ Furthermore, the Department generally will not accept business proprietary information in either the surrogate value submissions or the rebuttals thereto, as the regulation regarding the submission of surrogate values allows only for the submission of publicly available information.¹¹

Assessment Rates

If these preliminary results of review are adopted in the final results, then the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. The Department will direct CBP to assess importer-specific assessment rates based on the resulting per-unit (*i.e.*, per kilogram) amount on each entry of the subject merchandise during the POR. The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of the review. In accordance with 19 CFR 351.212(b)(1), the Department calculated exporter/importer-specific assessment rates for the merchandise subject to the review.

Also, the Department recently announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for merchandise that was not reported in the U.S. sales databases submitted by an exporter individually examined during this review, but that entered under the case number of that exporter (*i.e.*, at the individually-examined exporter's cash deposit rate), the Department will instruct CBP to liquidate such entries at the NME-wide rate. In addition, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.¹²

Cash Deposit Requirements

The following cash deposit requirements, when imposed, will apply to all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For

the exporters listed above, the cash deposit rate will be the rate established in these final results of review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates (*i.e.*, those companies with no shipments listed in Appendix I), the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of \$4.71 per kilogram; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results in accordance with sections 751 and 777(i) of the Act, and 19 CFR 351.221(b)(4).

Dated: December 16, 2013.

National Institute of Standards and Technology

Aerosols and Similar Pressurized Containers—Meeting To Discuss the Method of Sale for Packages Utilizing Bag on Valve Technology (BOV)

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) is facilitating a meeting on January 9, 2014, from 10:00 a.m. to 3:00 p.m. Eastern time to discuss the method of sale (quantity statement) for products sold in pressurized containers using Bag on Valve (BOV) technology.

DATES: The meeting will be held on Thursday, January 9, 2014, from 10:00 a.m. to 3:00 p.m. Eastern time.

ADDRESSES: The meeting will be held at NIST, 100 Bureau Drive, Building 101, Lecture Room D, Gaithersburg, MD 20899. Please see **SUPPLEMENTARY INFORMATION** section for admittance instructions.

FOR FURTHER INFORMATION CONTACT: Mr. Sefcik, NIST, Office of Weights and Measures, 100 Bureau Drive, Stop 2600, Gaithersburg, MD 20899-2600. You may

also contact Mr. Sefcik by telephone (301) 975-4868 or by email at david.sefcik@nist.gov.

SUPPLEMENTARY INFORMATION: NIST is hosting and facilitating a meeting to support the efforts of the National Conference on Weights and Measures (NCWM), Laws and Regulations Committee on January 9, 2014, from 10:00 a.m. to 3:00 p.m. Eastern time. The meeting is intended to bring together federal and state government officials, industry, trade associations, and other interested parties to discuss the appropriate method of sale for packages labeled with a net quantity that utilizes BOV technology. NIST participates to promote uniformity among the states in laws, regulations, methods, and testing equipment that comprises the regulatory control of commercial weighing and measuring devices and systems and other trade and commerce issues.

The meeting will include a review of existing regulations within the Federal Trade Commission (FTC), Food and Drug Administration (FDA), Environmental Protection Agency (EPA), and the Consumer Products Safety Commission (CPSC), current test procedures, safety concerns, and a discussion on how value and price comparison can be maintained related to the method of sale. Once registered, participants will receive logistical information and a tentative agenda.

Any changes and recommendations will be reported and presented through the NCWM for possible inclusion in NIST Handbook 130.

Packages in the marketplace using BOV technology, where the propellant is not dispensed along with the product, have been found with quantity statements in terms of net volume (i.e., milliliters and fluid ounces). Most states adopt the Uniform, Packaging and Labeling Regulation (UPLR) in NIST Handbook 130, "Uniform Laws and Regulations in the Areas of Legal Metrology and Engine Fuel Quality" as their state regulation. There is a requirement in the UPLR that the net quantity on aerosol packages and similar pressurized containers be labeled in terms of net weight. Another provision in the UPLR states that "any net content statement that does not permit price and quantity comparison is forbidden." Products using BOV technology versus traditional aerosol products cannot be easily distinguished when placed side by side, creating a challenge when consumers attempt to make value comparisons when two different methods of sale (i.e., weight and volume) are used. The outcome of
