

**Statement of Claimant or Other Person—
Medical Resident Federal Insurance
Contributions Act (FICA) Refund
Claims—20 CFR 404.702 and 416.570—
0960-NEW**

Background

A recent Internal Revenue Service (IRS) ruling allows doctors who worked as medical residents from 1993 through 2005 to consider their residencies to be student training, not employment. Accordingly, these doctors may request a FICA refund from IRS for those years. However, if they choose this option, SSA will remove their earnings for those years from their earnings records, ultimately reducing their Social Security benefits.

Information Collection Description

SSA will conduct outreach with those medical residents (or their survivors, next of kin, representative payees, etc.) who (1) meet the above criteria, (2) are currently entitled to Social Security benefits, and (3) will experience a reduction of their benefits if they request the FICA refund. SSA will call the affected beneficiaries, and explain how accepting the refund would affect their Social Security benefits. We will then mail form SSA-795-OP2 and ask them to confirm or change their decision to receive the FICA refund and have SSA reduce their earnings records accordingly. If SSA cannot first reach the respondents by phone, we will mail them an explanatory letter together with form SSA-795-OP2.

The respondents for this collection are beneficiaries who served as medical residents from 1993 through 2005 and who filed a request with IRS for a FICA refund for those years. The collection is voluntary; if SSA does not receive a response, IRS will assume the original request for a FICA refund stands.

Emergency Clearance

Because IRS is holding the FICA refund payments until we receive confirmation from the respondents of their decision, we are requesting emergency OMB approval for this collection. We will undergo the standard OMB clearance process after receiving emergency approval.

Type of Request: Request for a new information collection.

Number of Respondents: 496.

Frequency of Response: 1.

Average Burden per Response: 4 minutes.

Estimated Annual Burden: 33 hours.

Dated: March 28, 2011.
