SUPPLEMENTARY INFORMATION:**Background**

On April 22, 2005, the Department of Commerce ("the Department") published in the **Federal Register** the notice of initiation of the administrative review of the antidumping duty order on circular welded carbon steel pipes and tubes from Thailand, covering the period March 1, 2004, through February 28, 2005. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 70 FR 20862 (April 22, 2005).

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930 ("the Act") requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an antidumping duty order for which a review is requested and issue the final results within 120 days after the date on which the preliminary results are published. However, if the Department finds it is not practicable to complete the review within the time period, section 751(a)(3)(A) of the Act allows the Department to extend these deadlines to a maximum of 365 days and 180 days, respectively.

Due to the need for further analysis of complex accounting issues relating to cost of production, the Department finds that it is not practicable to complete the preliminary results in this administrative review of circular welded carbon steel pipes and tubes from Thailand by December 1, 2005. Therefore, the Department is extending the time limit for completion of the

preliminary results until no later than March 31, 2006, in accordance with section 751(a)(3)(A) of the Act. The deadline for the final results of the administrative review continue to be 120 days after the publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: November 17, 2005.

BILLING CODE 3510-DS-S**DEPARTMENT OF COMMERCE****International Trade Administration****[A-489-807]****Certain Steel Concrete Reinforcing Bars from Turkey; Notice of Extension of Time Limits for Preliminary Results in Antidumping Duty Administrative Review****AGENCY:** Import Administration, International Trade Administration, Department of Commerce.**EFFECTIVE DATE:** November 23, 2005.**FOR FURTHER INFORMATION CONTACT:** Irina Itkin or Alice Gibbons at (202) 482-0656 or (202) 482-0498, respectively, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.**SUPPLEMENTARY INFORMATION:****Background**

On May 27, 2005, the Department of Commerce (the Department) published a notice of initiation of administrative review of the antidumping duty order on certain steel concrete reinforcing bars from Turkey (70 FR 30694). The period of review is April 1, 2004, through March 31, 2005, and the preliminary results are currently due no later than December 31, 2005. The review covers 34 producers/exporters of the subject merchandise to the United States.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department shall make a preliminary determination in an administrative review of an antidumping order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the

Department may extend the 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period. We determine that it is not practicable to complete this administrative review within the time limits mandated by section 751(a)(3)(A) of the Act because this review involves a number of complicated issues for certain of the respondents, including the reporting of downstream sales for affiliated resellers. Analysis of these issues requires additional time. Therefore, we have fully extended the deadline for completing the preliminary results until May 1, 2006, which is the next business day after 365 days from the last day of the anniversary month of the date of publication of the order. The deadline for the final results of the review continues to be 120 days after the publication of the preliminary results.

This extension is in accordance with section 751(a)(3)(A) of the Act (19 U.S.C. 1675(a)(3)(A)) and 19 CFR 351.213(h)(2).

Dated: November 17, 2005.
