SUPPLEMENTARY INFORMATION:

A. Purpose

This FAR requirement implements the statutory requirements of Sec. 834, Pub. L. 101–510, concerning uncompensated overtime. The coverage requires that offerors identify uncompensated overtime hours and the uncompensated overtime rate for procurements valued at \$100,000 or more. This permits Government contracting officers to ascertain cost realism of proposed labor rates for professional employees.

B. Annual Reporting Burden

Number of Respondents: 19,906. Responses Per Respondent: 1. Annual Responses: 19,906. Average Burden Per Response: 30 minutes.

Total Burden Hours: 9,953.
Obtaining Copies of Proposals:
Requesters may obtain a copy of the information collection documents from the General Services Administration, FAR Secretariat (MVA), Room 4035, Washington, DC 20405, telephone (202) 501–4755. Please cite OMB Control No. 9000–0152, Service Contracting, in all correspondence.

Dated: May 20, 2003.

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Science Board

AGENCY: Department of Defense. **ACTION:** Notice of advisory committee meetings.

SUMMARY: The Defense Science Board Task Force on Missile Defense, Phase III (Modeling and Simulation) will meet in closed session on June 16, 2003, at the Institute for Defense Analyses, 1801 N. Beauregard Street, Alexandria, VA. The Task Force will assess: The scope of the modeling and simulation effort; the appropriateness of the level of fidelity of classes of simulations; the impact of communications in the end-to-end models; the approaches to ensuring the validity of simulations for all uses, including exercises and wargaming done for training and operations concept development; and additional opportunities for modeling and simulation contribution to Ballistic Missile Defense Systems development and evaluation.

The mission of the Defense Science Board is to advise the Secretary of

Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will address the above mentioned issues in a system of systems context with particular emphasis on battle management systems, command and control systems, and the global sensor system. The Task Force will provide advice on the state of modeling and simulation for use in assessing overall performance of segments of the Ballistic Missile Defense Systems; e.g., ground-based midcourse intercept system, space-based interceptor system.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92–463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board Task Force meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.

Dated: May 20, 2003.

DEPARTMENT OF DEFENSE

Department of the Army

Notice of Availability (NOA) of the Draft Environmental Impact Statement (DEIS) for the Construction of the Thomas Jefferson Hall (Cadet Library-Learning Center) and Other Cadet Zone Activities Within the United States Military Academy (USMA), West Point, NY

AGENCY: U.S. Military Academy, Department of the Army, DoD. **ACTION:** Notice of availability.

SUMMARY: This announces the availability of the DEIS which assesses the potential environmental impacts of the design, construction and operation of the new Cadet Library-Learning Center, identified as Thomas Jefferson Hall, and other Cadet Zone Activities at USMA.

DATES: The comment period for the DEIS will end 45 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: To obtain copies of the DEIS or submit comments, contact Douglas R. Cubbison, Acting NEPA Coordinator, Directorate of Housing & Public Works, Engineering Plans & Services Division,

Building 667 Ruger Road, West Point, New York 10996.

FOR FURTHER INFORMATION CONTACT:

Douglas R. Cubbison at (845) 938–3522, by fax at (845) 938–2529, by e-mail at *yd5777@exmail.usma.army.mil*, or by mail at the above address.

SUPPLEMENTARY INFORMATION: The purpose of this DEIS is to analyze significant issues and information relevant to environmental concerns regarding the proposed and alternative actions related to academic modernization activities within the Cadet Zone at the USMA. Modernization activities include the construction of a new library and learning center, potential demolition of structures that no longer contribute to the USMA mission, and construction of new facilities to support the USMA mission and modernize the Cadet Zone. These actions are needed to fulfill current and future needs for library and learning space necessary to maintain university accreditation and academic excellence, and to update existing cadet facilities.

Potential consequences of the proposed project identified during interagency and public scoping meetings and addressed in this DEIS include impacts to cultural and visual resources. In particular, these concerns involve the existing significant viewsheds of the Cadet Zone and the configuration and orientation of the new library on the preferred site. The Army anticipates that cultural and visual resources will be affected by the implementation of the proposed action. The Army has responded to these concerns by modifying elements of the proposed action, including the massing of the proposed building and architectural features of its facades.

Secondary and cumulative impacts also were evaluated for the proposed and alternative actions, as well as ongoing and recently completed projects and recently foreseeable future actions. The analyses indicate that adverse environmental consequences, such as the alteration of existing significant viewsheds, would be balanced by beneficial effects, such as the modernization of the Cadet Zone, the continuation of USMA accreditation and an enhanced academic environment.

The Army has considered agency concerns and responded by incorporating recommended changes in the design of the proposed action. Potential adverse environmental impacts to cultural and visual resources will be properly mitigated through a Programmatic Agreement with the New

York Office of Parks Recreation and Historic Preservation, the Advisory Council on Historic Preservation and the National Park Service.

A public meeting will be held at the Highland Falls Library in the spring 2003 to solicit both oral and written comments from interested parties. The DEIS will be made available at least two weeks in advance of the scheduled public meeting. The public meeting date and time will be advertised in advance in local newspapers and meeting announcement letters will be sent to potentially interested parties.

Comments on the DEIS received during the 45-day public comment period will be considered in the preparation of the Army's Final EIS and Record of Decision. Copies of the DEIS are available for review at the following libraries: USMA Post Library (Building 622), USMA Cadet Library (Building 757), Cold Spring Public Library, Highland Falls Public Library, Cornwall Public Library and Garrison Public Library.

Dated: May 20, 2003.

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory

Management Group, Office of the Chief
Information Officer, invites comments
on the proposed information collection
requests as required by the Paperwork
Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 28, 2003.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will
