Form 3

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this

request for extension of the previously approved collection[s] of information discussed below.

Under Section 16(a) of the Securities Exchange Act of 1934 (“Exchange Act”) (15 U.S.C. 78a *et seq.*), every person who owns more than ten percent of any class of equity security (other than an exempted security) which is requested under Section 12 of the Exchange Act, or who is a director or an officer of the issuer of such security (collectively “reporting persons”) are required to file statements disclosing their ownership of the issuer's equity securities. Form 3 must be filed within ten days after the event by which the person becomes a reporting person. Approximately 21,968 insiders file Form 3 annually and it takes approximately 0.50 hours to prepare for a total of 10,984 annual burden hours (0.50 hours per response × 21,968 responses).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Rule 13h–1 and Form 13H

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for approval of extension of the existing collection of information provided for in Rule 13h–1 (17 CFR 240.13h–1) and Form 13H—registration of large traders¹ submitted pursuant to Section 13(h) of the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”).

Rule 13h–1 and Form 13H under Section 13(h) of the Exchange Act established a large trader reporting framework.² The framework assists the Commission in identifying and obtaining certain baseline information about traders that conduct a substantial amount of trading activity, as measured by volume or market value, in the U.S. securities markets.

The identification, recordkeeping, and reporting framework provides the Commission with a mechanism to identify large traders and obtain additional information on their trading activity. Specifically, the rule requires large traders to identify themselves to the Commission and file certain interim updates with the Commission on Form 13H. Upon receipt of Form 13H, the Commission issues a unique identification number to the large trader, which the large trader then provides to its registered broker-dealers. Certain registered broker-dealers are required to maintain transaction records for each large trader, and are required to report that information to the Commission upon request.³ In addition, certain registered broker-dealers are required to adopt procedures to monitor their customers for activity that would trigger the identification requirements of the rule.

The respondents to the collection of information required by Rule 13h–1 and Form 13H are large traders and

¹ Rule 13h–1(a)(1) defines “large trader” as any person that directly or indirectly, including through other persons controlled by such person, exercises investment discretion over one or more accounts and effects transactions for the purchase or sale of any NMS security for or on behalf of such accounts, by or through one or more registered broker-dealers, in an aggregate amount equal to or greater than the identifying activity level or voluntarily registers as a large trader by filing electronically with the Commission Form 13H.

² See Securities Exchange Act Release No. 64976 (July 27, 2011), 76 FR 46959 (August 3, 2011).

³ The Commission, pursuant to Rule 17a–25 (17 CFR 240.17a–25), currently collects transaction data from registered broker-dealers through the Electronic Blue Sheets (“EBS”) system to support its regulatory and enforcement activities. The large trader framework added two new fields, the time of the trade and the identity of the trader, to the EBS system.
