NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (08-099)]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of information collection cancellation.

SUMMARY: We are cancelling FR Notice 08-093, Information Collection Title: TITLE IX Survey, published at 73 FR 70678, November 21, 2008, because we determined the need to implement compliance programs under three additional grant-related civil rights laws for which NASA has regulations, i.e., Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975. In FY 2009, NASA will stand-up compliance programs involving at least one onsite compliance review pursuant to each of these laws. We also need to issue a notice of information collection that can support our compliance activities under all four laws, reflecting the differing coverage under each of the laws.

FOR FURTHER INFORMATION CONTACT: Dr. Walter Kit, NASA Clearance Officer, NASA Headquarters, 300 E Street SW., JF0000, Washington, DC 20546, (202) 358-1350, Walter.Kit-1@nasa.gov.

BILLING CODE 7510-13-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 72-25]

Foster Wheeler Environmental Corporation; Idaho Spent Fuel Facility; Notice of Consideration of Approval of Application Regarding Proposed Corporate Restructuring and Opportunity for a Hearing

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Notice of indirect license transfer application and opportunity to request a hearing.

FOR FURTHER INFORMATION, CONTACT: Shana Helton, Senior Project Manager,

Licensing Branch, Division of Spent Fuel Storage and Transportation, Office of Nuclear Material Safety and Safeguards (NMSS), U.S. Nuclear Regulatory Commission (NRC), Rockville, MD 20852. Telephone: (301) 492-3284; fax number: (301) 492-3348; e-mail: shana.helton@nrc.gov.

SUPPLEMENTARY INFORMATION: The U.S. Nuclear Regulatory Commission (the Commission) is considering the issuance of an order under 10 CFR 72.50 approving the indirect transfer of Special Nuclear Materials (SNM) License No. 2512 for the Idaho Spent Fuel (ISF) Facility independent spent fuel storage installation (ISFSI) currently held by Foster Wheeler Environmental Corporation (FWENC).

According to an application for approval filed by FWENC, the indirect transfer of control of FWENC's license would result from a planned corporate restructuring whereby Foster Wheeler AG will become the new corporate parent holding company, replacing FWENC's current parent holding company, Foster Wheeler Ltd. Foster Wheeler Ltd. is a corporation duly organized under the laws of Bermuda, with shares that are widely held and publicly traded in the United States on the NASDAQ Global Select Market. The proposed new parent holding company, Foster Wheeler AG, is a corporation duly organized under the laws of Switzerland.

No physical changes to the ISF facility or operational changes are being proposed in the application. Additionally, according to the application, the proposed restructuring will not impact the operations of FWENC, nor will it impact any of the terms and conditions under which it holds SNM-2512.

Pursuant to 10 CFR 72.50, no license or any part included in a license issued under 10 CFR Part 72 for an ISFSI shall be transferred, assigned, or in any manner disposed of, either voluntarily or involuntarily, directly or indirectly, through transfer of control of the license to any person, unless the Commission shall give its consent in writing. The Commission will approve an application for the indirect transfer of a license, if the Commission determines that the proposed restructuring will not affect the qualifications of the licensee to hold the license, and that the transfer is consistent with applicable provisions of law and the regulations and orders issued by the Commission.

The filing of requests for hearing and petitions for leave to intervene, and written comments with regard to the license transfer application, are discussed below.

Within 20 days from the date of publication of this notice, any person(s) whose interest may be affected by the Commission's action on the application may request a hearing and intervention via electronic submission through the NRC E-filing system. Requests for a hearing and petitions for leave to intervene should be filed in accordance with the Commission's rules of practice set forth in Subpart C "Rules of General Applicability: Hearing Requests, Petitions to Intervene, Availability of Documents, Selection of Specific Hearing Procedures, Presiding Officer Powers, and General Hearing Management for NRC Adjudicatory Hearings," of 10 CFR Part 2. In particular, such requests and petitions must comply with the requirements set forth in 10 CFR 2.309. Untimely requests and petitions may be denied, as provided in 10 CFR 2.309(c)(1), unless good cause for failure to file on time is established. In addition, an untimely request or petition should address the factors that the Commission will also consider, in reviewing untimely requests or petitions, set forth in 10 CFR 2.309(c)(1)(i)-(viii).

A request for hearing or a petition for leave to intervene must be filed in accordance with the NRC E-Filing rule, which the NRC promulgated on August 28, 2007 (72 FR 49139). The E-Filing process requires participants to submit and serve documents over the internet or in some cases to mail copies on electronic storage media. Participants may not submit paper copies of their filings unless they seek a waiver in accordance with the procedures described below.

To comply with the procedural requirements of E-Filing, at least ten (10) days prior to the filing deadline, the petitioner/requestor must contact the Office of the Secretary by e-mail at hearing.docket@nrc.gov, or by calling (301) 415-1677, to request (1) a digital ID certificate, which allows the participant (or its counsel or representative) to digitally sign documents and access the E-Submittal server for any proceeding in which it is participating; and/or (2) creation of an electronic docket for the proceeding (even in instances in which the petitioner/requestor (or its counsel or representative) already holds an NRC-issued digital ID certificate). Each petitioner/requestor will need to download the Workplace Forms Viewer™ to access the Electronic Information Exchange (EIE), a component of the E-Filing system. The Workplace Forms Viewer™ is free and is available at <http://www.nrc.gov/site-help/e-submittals/install-viewer.html>.
