Email: uniform.allowances@noaa.gov.

Mail: NMFS Office of Enforcement, National Training Coordinator, 1315 East West Highway, Suite 3301, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Everett Baxter, 301–427–8272.

SUPPLEMENTARY INFORMATION: NMFS plans to implement a higher initial maximum uniform allowance to procure and furnish uniform items for its EOs. The current \$800.00 annual limit is inadequate to maintain the uniform standards and professional image expected of NMFS EOs under its new uniform standards. OLE now has a new uniform policy requiring five classes of uniforms. In the past, EOs only had two classes of uniforms. This increase in uniform classes requires an increase in the initial maximum uniform allowance for EOs, from \$800 to \$2,000.00.

This implementation is in accordance with 5 CFR 591.104, which states that an agency may establish one or more initial maximum uniform allowance rate greater than the government-wide maximum uniform allowance rate established by the Office of Personnel Management under 5 CFR 591.103. Under 5 CFR 591.104, to establish a new rate, agencies must “publish in the **Federal Register** and request comment on a notice setting out: (1) A description and justification of the circumstances requiring a higher initial maximum uniform allowance rate; (2) An estimate of the number of employees affected; (3) The specific items required for the basic uniform and the average total uniform cost for the affected employees; (4) The amount of the proposed higher initial maximum uniform allowance rate to be paid during the year the employee first becomes subject to the uniform requirement; (5) The proposed effective date of the higher initial maximum uniform allowance rate; and, (6) The intent of the agency (if any) to divide the cost of a minimum basic uniform and continue to make higher initial maximum basic uniform allowance payments in the year following the year the employee first becomes subject to the uniform requirement.”

As noted above, a new rate is justified because OLE’s current uniform policy requires EOs to have five classes of uniforms, versus the two classes of uniforms required under the previous policy. This change in NMFS’ initial maximum uniform allowance affects 30 current EOs, 25 planned new EOs in 2015, and any future EOs. The new

NMFS’ required EO uniforms include the following items or similar items: Gore-Tex gloves; 6-pocket pants; long sleeve uniform shirts; short sleeve uniform shirts; polo shirts; sweaters; turtlenecks; cold weather duty jackets; summer duty shirts; ceremonial jackets; ceremonial hats, straps and cords; utility shorts; ties; dress shoes; leather boots; dress pants; shoulder patches, and cloth badges. The average total initial uniform cost for these listed items is \$2,000.00. Based on these current costs, NMFS is planning to increase the initial maximum uniform allowance for its EOs to \$2,000.00. This increased initial maximum uniform allowance is applicable to existing EOs during the first year of the new NMFS uniform policy, and for EOs hired in 2015. In subsequent years, this initial maximum uniform allowance will be applied to each new EO as he or she becomes subject to the uniform requirements. Subsequent annual uniform allowances will be the maximum allowed by 5 CFR 591.103. Currently, approximately 55 EOs will be effected by this increased initial maximum uniform allowance; 30 current EOs and 25 planned new hire EOs. The effective date of this higher initial maximum uniform allowance rate is April 1, 2015.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (CNCS), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. Sec. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, CNCS is soliciting comments concerning its proposed Opportunity Youth Evaluation Bundling study. The primary purpose of the study is to conduct an outcome evaluation on the common interventions of select AmeriCorps State and National grantees engaging opportunity youth as AmeriCorps members. The project is an effort to generate rigorous outcome evidence, leverage limited evaluation resources, and build the evaluation capacity of smaller AmeriCorps State and National grantees. Collection of this data is not required for obtaining grant funding support from CNCS.

Copies of the information collection request can be obtained by contacting the office listed in the **ADDRESSES** section of this Notice.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by March 31, 2015.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) By mail sent to: Corporation for National and Community Service, Office of Research and Evaluation; Attention

Adrienne DiTommaso, Research Analyst, 10th floor, 10902A; 1201 New York Avenue NW., Washington, DC 20525.

(2) By hand delivery or by courier to the CNCS mailroom at Room 8100 at the mail address given in paragraph (1) above, between 9:00 a.m. and 4:00 p.m. Eastern Time, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Adrienne DiTommaso, 1–202–606–3611, or by email at aditommaso@cns.gov.

SUPPLEMENTARY INFORMATION: CNCS is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The primary purpose of the study is to conduct an outcome evaluation on the common interventions of select AmeriCorps State and National grantees engaging opportunity youth as AmeriCorps members. The project is an effort to generate rigorous outcome evidence, leverage limited evaluation resources, and build the evaluation capacity of smaller AmeriCorps State and National grantees. At the same time, it is an effort to test a new evaluation approach that has the potential to enhance the ability of any small program to gather and utilize outcome data. Collection of this data is not required for obtaining grant funding support from CNCS.

Current Action

This is a new information collection request. This study would administer a 15 minute, online or telephone survey to opportunity youth who are engaged as AmeriCorps members in select programs participating in the study. Additionally, a statistically matched comparison group of opportunity youth not engaged as AmeriCorps members would receive the survey. The survey consists of three sections of questions querying respondents about educational attainment, employment status, and civic engagement, intending to assess educational, employment and civic engagement outcomes achieved as a result of participating in the AmeriCorps program.

Type of Review: New.

Agency: Corporation for National and Community Service.

Title: Opportunity Youth Evaluation Bundling project.

OMB Number: None.

Agency Number: None.

Affected Public: Opportunity youth engaged in select AmeriCorps State and National programs, and a group of statistically matched comparison youth not participating in an AmeriCorps State and National program.
