

eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY).

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* The licensee proposes to amend the license to allow for the construction and operation of an additional 4.7 MW unit at the Moore Development for the primary purpose of providing the required minimum flow of 320 cubic feet per second (cfs), or inflow if less, more efficiently than current operation. The licensee proposes structural modifications to the Moore Development, including: (1) a new modified intake with an accompanying trashrack and headgate providing flow to a new penstock that would be installed on the upstream face of the dam in the original additional intake location adjacent to the existing Unit 1 intake; (2) a 7-foot-diameter steel pipe would exit the downstream face of the dam on the Vermont side of the existing transmission substation (owned by New England Power Co., d.b.a. National Grid); (3) a new 42 foot by 30 foot reinforced concrete powerhouse constructed on the Vermont side of the existing powerhouse; (4) a dissolved oxygen enhancement system consisting of a pipe with aeration devices that discharge water into the new powerhouse tailrace, and; (5) a new tailrace channel would extend into the existing tailrace bound by concrete or sheet pile retaining walls on either side. With the proposed modifications to the Moore Development, the maximum hydraulic capacity would be increased by a maximum of 430 cfs, while the installed capacity would be increased from the current 154.8 MW to 159.5 MW. The licensee does not propose any changes to the project's existing operating regime, with exception of operating the Moore Unit 5 as the priority unit to provide the minimum flow below the Moore Development.

l. In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

m. The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any

filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

Dated: April 27, 2020.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER20-1648-000]

Inter-Power/AhlCon Partners, L.P.; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced proceeding of Inter-Power/AhlCon Partners, L.P.'s application for market-based rate authority, with an accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is May 18, 2020.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission,

888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://ferc.gov>) using the "eLibrary" link. BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10008-97-OA]

Notification of Public Meetings of the Science Advisory Board Economic Guidelines Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) Science Advisory Board (SAB) Staff Office announces four public meetings of the Science Advisory Board Economic Guidelines Review Panel. The purpose of the meetings is to conduct a peer review of the EPA's revised document titled "Guidelines for Preparing Economic Analyses" and to develop a report responsive to charge questions on the revised document.

DATES: Meetings will be held on May 18, 2020, May 21, 2020, May 26, 2020 and June 9, 2020. All meetings will occur from 11:00 a.m. to 3:00 p.m. (Eastern Time).

ADDRESSES: The public meetings will be conducted remotely as an audio conference via webcast and telephone.

Please refer to the SAB website at <http://www.epa.gov/sab> for information on how to access the meeting.

FOR FURTHER INFORMATION CONTACT: Any member of the public who wants further information concerning the meetings announced in this notice may contact Dr. Shaunta Hill-Hammond, Designated Federal Officer (DFO) via telephone (202) 564-3343, or email at hill-hammond.shaunta@epa.gov. Any technical questions concerning EPA's document titled "Guidelines for Preparing Economic Analyses" should be directed to Nathalie Simon (simon.nathalie@epa.gov). General information about the SAB, as well as any updates concerning the meetings announced in this notice can be found on the SAB website at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: *Background:* The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDDAA), codified at 42 U.S.C. 4365, to provide independent scientific and technical advice to the EPA Administrator on the scientific and technical basis for agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Pursuant to FACA and EPA policy, notice is hereby given that the Science Advisory Board Economic Guidelines Review Panel will hold four public meetings to peer review EPA's revised document titled "Guidelines for Preparing Economic Analyses." The first three meetings (May 18, 21, and 26, 2020) will be dedicated to the review of the document and the development of Panel's responses to charge questions. The fourth meeting (June 9, 2020) will be dedicated to the review of the Panel's responses. The purpose of the "Guidelines for Preparing Economic Analyses" document is to define and describe best practices for economic analysis grounded in the economics literature. It also describes Executive Orders and other documents that impose analytic requirements and provides detailed information on selected important topics for economic analyses.

Availability of Meeting Materials: All meeting materials, including the agendas will be available prior to the meetings on the SAB web page at <http://epa.gov/sab>.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments pertaining to the committee's charge or meeting materials. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for the SAB to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should follow the instructions below to submit comments.

Oral Statements: In general, individuals or groups requesting an oral statement will be limited to three minutes. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Oral statements will be heard on two meeting dates, May 18, 2020 and June 9, 2020. Persons interested in providing oral statements for the meetings occurring on May 18, 2020 should contact the DFO via email at the contact information noted above by May 12, 2020, to be placed on the list of registered speakers. Persons interested in providing oral statements for the meetings occurring on June 9, 2020 should contact the DFO by email at the contact information noted above by June 3, 2020, to be placed on the list of registered speakers.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by SAB members, statements should be received by May 12, 2020 for the meetings occurring on May 18, 21, and 26, 2020 and by June 3, 2020 for the meeting occurring on June 9, 2020. Written statements should be supplied to the DFO at the contact information above via email. Submitters are requested to provide a signed and unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its websites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB website. Copyrighted material will
