SUPPLEMENTARY INFORMATION: Congress enacted The United States Grain Standards Act (USGSA) (7 U.S.C. 71–87k) to facilitate the marketing of grain in interstate and foreign commerce. The USGSA, with few exceptions, requires all grain shipped from the United States to be officially inspected and weighed. The USGSA authorizes the Department of Agriculture to waive the mandatory inspection and weighing requirements in circumstances when the objectives of the USGSA would not be impaired.

Section 7 CFR 800.18 of the regulations waives the mandatory inspection and weighing requirements of the USGSA for high quality specialty grain exported in containers. This waiver was established to facilitate the marketing of high quality specialty grain exported in containers. This action is consistent with the objectives of the USGSA and promotes the continuing development of the high quality specialty grain export market.

FGIS requires exporters to maintain records pertaining to these shipments and to make them available upon request for review or copying purposes (76 FR 45397). These records shall be maintained for a period of 3 years. This information collection requirement is essential to ensure exporters who ship high quality specialty grain in containers comply with the waiver provisions. FGIS does not require exporters of high quality specialty grain to complete and submit new Federal government record(s), form(s), or report(s).

Title: Export Inspection and Weighing Waiver for High Quality Specialty Grains Transported in Containers.

OMB Number: 0581–0306.

Expiration Date of Approval: August 31, 2021.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The regulations under the USGSA waive the mandatory inspection and weighing requirements for high quality specialty grain exported in containers. FGIS established this waiver to facilitate the marketing of high quality specialty grain exported in

containers. To ensure compliance with this waiver, FGIS required these exporters to maintain records generated during their normal course of business that pertain to these shipments and make these documents available to FGIS upon request, for review and copying purposes.
