SUPPLEMENTARY INFORMATION: The Loan Review System (LRS) is a system developed by HUD for managing and

overseeing HUD loans. This system plays a critical role in supporting HUD's mission of creating strong, sustainable, inclusive communities and quality affordable homes for all. It helps ensure that the funds allocated for these purposes are used effectively and responsibly. Its key functions include streamlining the loan review process, risk management, data management and analysis, compliance monitoring, and reporting. The system is designed to be user-friendly and integrates with other HUD systems, ensuring that loans comply with HUD regulations and supporting HUD's mission to provide quality affordable homes and sustainable communities. The retrieval practice was evaluated, and it was determined that records within the system are not retrieved by an individual's personal unique identifier that qualifies for as SORN under the Privacy Act. The Department's Federal Housing Administration (FHA) Case Number or Loan Review ID Number retrieval does not constitute a retrieval for the purpose of the Privacy Act. Records retrieved by FHA-approved lending institutions will continue to be maintained by LRS.

SUPPLEMENTARY INFORMATION: The Tracking-at-a-Glance (TAAG) system was used for program implementation activities related to the Disaster Housing Assistance Program (DHAP) case management services. DHAP is a Federal Emergency Management Agency (FEMA) pilot grant program to provide temporary rental subsidies and case management for non-HUD assisted individuals and families displaced by Hurricanes Katrina or Rita. HUD was the servicing agency that administers the DHAP program for FEMA. The program ended in 2011 and none of the records are active because the information would not be eligible for existing HUD or FEMA programs and as such would

no longer be needed. Records are no longer maintained by HUD and have run the record retention period. The records were wiped from the system.

SUPPLEMENTARY INFORMATION:

Background

Section 604 of the Manufactured Housing Improvement Act of 2000 (Pub. L. 106-569) amended the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401-5426) (the Act) to require the establishment of the Manufactured Housing Consensus Committee (MHCC), a Federal advisory committee, to: (1) provide periodic recommendations to the Secretary to adopt, revise, and interpret the manufactured housing construction and safety standards; and (2) provide periodic recommendations to the Secretary to adopt, revise, and interpret the procedural and enforcement manufactured housing regulations. The Act authorizes the Secretary to appoint a total of twenty-two members to the MHCC. Twenty-one members have voting rights; the twenty-second member represents the Secretary and is a non-voting position. Service on the MHCC is voluntary. Travel and per diem for meetings is provided in accordance with Federal travel policy pursuant to 5 U.S.C. 5703.

HUD encourages nominations from highly qualified and motivated individuals of diverse backgrounds, interests, and experience, who meet the requirements set forth in the Act to serve as voting members of the MHCC for up to two terms of three years each. The MHCC expects to meet at least one to two times annually. Meetings may take place by conference call, virtually, or in person. Members of the MHCC undertake additional work commitments on subcommittees and task forces regarding issues under deliberation.
