DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2004 Panel of the Survey of Income and Program Participation, Wave 7 Topical Modules.

Form Number(s): SIPP/CAPI Automated Instrument; SIPP 24705(L) Director's Letter; SIPP 24003 Reminder Card.

Agency Approval Number: 0607–0905.

Type of Request: Revision of a currently approved collection.

Burden: 148,028 hours.

Number of Respondents: 97,650.

Avg Hours per Response: 30 Minutes.

Needs and Uses: The U.S. Census

Bureau requests authorization from the Office of Management and Budget (OMB) to conduct the Wave 7 topical module interview for the 2004 Panel of the Survey of Income and Program Participation (SIPP). We are also requesting approval for a few replacement questions in the reinterview instrument. The core SIPP and reinterview instruments were cleared under Authorization No. 0607–0905.

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years, with each panel having durations of 3 to 4 years. The 2004 Panel is scheduled for four years and will include twelve waves of interviewing. All household members 15 years old or over are interviewed a total of twelve times (twelve waves), at 4-month intervals, making the SIPP a longitudinal survey.

The survey is molded around a central “core” of labor force and income questions that remain fixed throughout the life of a panel. The core is supplemented with questions designed to answer specific needs. These supplemental questions are included with the core and are referred to as “topical modules.” The topical modules for the 2004 Panel Wave 7 are Informal Caregiving, Retirement and Pension Plan Coverage, Annual Income and Retirement Accounts, and Taxes. The Informal Caregiving and Retirement and Pension Plan Coverage topical modules were previously conducted in the SIPP 2001 Panel Wave 7 instrument. The Annual Income and Retirement Accounts and Taxes topical modules were previously conducted in the SIPP 2004 Panel Wave 4 instrument. Wave 7 interviews will be conducted from February 2006 through May 2006.

Data provided by the SIPP are being used by economic policymakers, the Congress, state and local governments, and Federal agencies that administer social welfare or transfer payment programs, such as the Department of Health and Human Services and the Department of Agriculture. The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single and unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic policy

formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983, permitting levels of economic well-being and changes in these levels to be measured over time. Monetary incentives to encourage non-respondents to participate is planned for all waves of the 2004 SIPP Panel.

Affected Public: Individuals or households.

Frequency: Every 4 months.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 182.
