**SUPPLEMENTARY INFORMATION:** The form, Authorization Request Form and Certification/Letter of Medical Necessity Certification/Letter of Medical Necessity for Opioid Medications (CA–27), requires an injured worker's treating physician to answer a number of questions about the prescribed opioids and certify that they are medically necessary to treat the work-related injury. The responses to the questions on the form is intended to ensure that treating physicians have considered non-opioid drug alternatives, and are only prescribing the most cost effective and medically necessary drugs. The form will also permit OWCP to more easily track the volume, type, and characteristics of opioids authorized by the FECA program. The form will serve as a means for injured workers to continue receiving opioids drugs only where medically necessary and simultaneously give OWCP greater oversight in monitoring their appropriate use and gather additional data about their use. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on January 26, 2024 (89 FR 5263).

*Comments are invited on:* (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.
