SUPPLEMENTARY INFORMATION:

Title: Drug Offender's Drivers License Suspension Certification.

OMB Control #: 2125-0579.

Background: States are legally required to enact and enforce laws that revoke or suspend the drivers licenses of any individual convicted of a drug offense and to make annual certifications to the FHWA on their actions. The implementing regulations of the Department of Transportation and Related Agencies Appropriation Act, 1993 (Public Law 102-388, October 6, 1992) require annual certifications by the Governors. In this regard, the State must submit by January 1 of each year either a written certification, signed by the Governor, stating that the State is in compliance with 23 U.S.C. 159; or a written certification stating that the Governor is opposed to the enactment or enforcement, and that the State legislature has adopted a resolution expressing its opposition to 23 U.S.C. Section 159.

Beginning in Fiscal Year 1996, States' failure to comply by October 1 of each fiscal year resulted in a withholding penalty of 10 percent from major categories of Federal-aid funds (i.e., National Highway System, Surface

Transportation Program and the Interstate Maintenance Program) from States' apportionments for the fiscal year. Any funds withheld in Fiscal Year 1996 and thereafter cannot be restored and will be redistributed.

Respondents: Each of the 50 SDOTs, the District of Columbia, and the Commonwealth of Puerto Rico.

Frequency: Annually.

Estimated Average Burden per Response: Annual average of 5 hours for each respondent.

Estimated Total Annual Burden Hours: 260 total annual burden hours.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

SUPPLEMENTARY INFORMATION:

Title: Eisenhower Transportation Fellowship Program

OMB Control #: 2125-0617.

Background: The Eisenhower Transportation Fellowship Program is comprised of two programs, the Eisenhower Transportation Fellowship and the National Highway Institute (NHI). The purpose of the Eisenhower Transportation Fellowship is to advance transportation education and research, and attract qualified students to the field of transportation. The Eisenhower Transportation Fellowship allows for the collection and analysis of vital program information from student transportation education programs, also serving as a management tool to measure program performance and evaluate effectiveness in meeting Federal intent and workforce development common goals and objectives. An application form is used to collect basic information from the student to determine eligibility and qualifications for fellowship.

The NHI calls for the development and delivery of courses for the transportation community and requires the involvement and satisfaction measurement of transportation partners. One vital component involved in reaching those goals is providing training pertaining to highway activities, making sure that professionals and members of the public

have access to the best, most accurate information. Towards this goal, the NHI develops and implements applicable training programs. To manage this increasingly complex task and to make the training process more accessible and useful, NHI has automated an online training management tool—the NHI Web Portal. The training evaluation and registration forms collect basic participant data for record keeping and basic course and instructor evaluation information for customer feedback about what NHI is doing well and what we need to improve.

Respondents: Approximately 200 students submit applications for the Eisenhower Transportation Fellowship and approximately 20,000 students for the NHI.

Frequency: The Eisenhower Transportation Fellowship frequency is annually. The NHI is by learning session.

Estimated Average Burden per Response: The estimated burden to complete the application for the Eisenhower Transportation Fellowship is 3 hrs, 600 hrs annually. The estimated burden to complete each training evaluation and registration for the NHI form is 3 minutes, 1000 hrs annually.

Estimated Total Annual Burden Hours: Approximately 1,600 hours annually. **Public Comments Invited:** You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

SUPPLEMENTARY INFORMATION:

Title: Fixed Residential Moving Cost Schedule.

OMB Control #: 2125-0616.

Background: Relocation assistance payments to owners and tenants who move personal property for a Federal or federally-assisted program or project is governed by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as

amended (Uniform Act). 49 Code of Federal Regulations (CFR), Part 24, is the implementing regulation for the Uniform Act. 49 CFR 24.301 addresses payments for actual and reasonable moving and related expenses. The fixed residential moving cost schedule is an administrative alternative to reimbursement of actual moving costs. This option provides flexibility for the agency and affected property owners and tenants. The FHWA requests the State Departments of Transportation (State DOTs) to analyze moving cost data periodically to assure that the fixed residential moving cost schedules accurately reflect reasonable moving and related expenses. The regulation allows State DOTs flexibility in determining how to collect the cost data in order to reduce the burden of government regulation. Updated State fixed residential moving costs are submitted to the FHWA electronically.

Respondents: State Departments of Transportation (52, including the District of Columbia and Puerto Rico).

Frequency: Once every 3 years.

Estimated Average Burden per Response: 24 hours per respondent.

Estimated Total Annual Burden Hours: 24 hours for each of the 52 State Departments of Transportation. The total is 1,248 burden hours, once every 3 years, or 416 hours annually.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.
