BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Economic Value of Puerto Rico's Coral Reef Ecosystems for Recreation/Tourism.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 32.

Average Hours per Response: 2 hours.

Burden Hours: 64.

Needs and Uses: This request is for a regular submission (new collection).

NOAA and the U.S. Environmental Protection Agency (EPA) have entered a partnership to estimate the market and non-market economic values of Puerto Rico's coral reef ecosystems. Estimates will be made for all ecosystem services for the Guanica Bay Watershed and for recreation-tourism for all of Puerto Rico's coral reef ecosystems.

The required information is to conduct focus groups to help in designing the full surveys of visitors and residents of Puerto Rico. The four focus groups; two visitor and two resident focus groups, will be used to address the attributes of coral reef ecosystems that people may consider important, and the levels of the attributes to be valued. Attributes would include natural attributes such as water clarity/visibility, coral cover and diversity, and fish abundance and diversity. In addition, issues such as crowded conditions or number of other users that users (e.g. SCUBA divers, snorkelers,

recreational fishers, and wildlife viewers) see while doing their activities on the reefs will be evaluated. This set of focus groups will be conducted one time only.

Affected Public: Individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Dated: December 19, 2012.

BILLING CODE 3510-NK-P

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Proposed Information Collection; Comment Request; The American Community Survey 2014 Content Change

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before February 25, 2013.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Cheryl Chambers, U.S. Census Bureau, American Community Survey Office, Washington, DC 20233 by FAX to (301) 763-8070 or via the Internet at

ACSO.communications@census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The American Community Survey (ACS) collects detailed population and housing data every month and provides tabulations of these data on a yearly basis. In the past, the long-form data were collected only at the time of each decennial census. After years of development and testing, the ACS began full implementation in households in January 2005 and in Group Quarters (GQs) in January 2006.

The ACS provides more timely information for critical economic planning by governments and the private sector. In the current information-based economy, federal, state, tribal, and local decision makers, as well as private business and non-governmental organizations, need current, reliable, and comparable socioeconomic data to chart the future. In 2006, the ACS began publishing up-to-date profiles of American communities every year, providing policymakers, planners, and service providers in the public and private sectors this information every year—not just every ten years.

The ACS released estimates of population and housing characteristics for geographic areas of all sizes in December 2010. These data products, used by federal agencies and others, are similar in scope to the Summary File 3 tables from Census 2000.

In April 2012, the Department of Health and Human Services requested that OMB and Census consider the addition of a health insurance exchange or premium subsidy question to the ACS. The proposed new question would focus on individuals securing health insurance through the state exchanges, with particular attention to those receiving a premium subsidy. This question would secure information critical to the Department's, the Administration's and states' planning, implementation and evaluation of the role of the health insurance exchanges and the provision of subsidies to eligible individuals and families; as well as provisions of the Patient Protection and Accountable Care Act (ACA) slated for full implementation beginning in
