

misinterprets the Committee's statute. The statutory language the commenter mentioned is intended to assure that non-governmental participants in the Committee's program are nonprofit corporations. Ability Unlimited and The Chimes meet that requirement, as well as a Committee policy requirement designed to assure nonprofit status and organizational independence. The Committee has examined the relationship between Ability Unlimited and the for-profit consultant, and has received information from the president of the consultant firm that demonstrates that the firm will not profit from the relationship. In addition, the consultant's performance on its own janitorial contracts is not a dispositive factor in this instance because of the limited role the consultant would play in providing the service at issue. Furthermore, if Ability Unlimited fails to increase its total direct labor being performed by people with severe disabilities to the level required by the Committee's statute, it will not be performing this service at the Library of Congress under the Committee's program.

*The following material pertains to the two services being added to the Procurement List:* After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4. I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the services to the Government.
2. The action will not have a severe economic impact on current contractors for the services.
3. The action will result in authorizing small entities to furnish the services to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the services proposed for addition to the Procurement List.

Accordingly, the following services are hereby added to the Procurement List:

Janitorial/Custodial

The Library of Congress, Washington, DC for the following buildings:  
James Madison Memorial  
Thomas Jefferson Building  
John Adams Building  
Little Scholars Child Development Center  
Janitorial/Custodial  
U.S. Coast Guard  
Southwest Harbor Building  
Southwest Harbor, Maine

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

#### Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may not result in any additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action will not have a severe economic impact on future contractors for the commodities.
3. The action may result in authorizing small entities to furnish the commodities to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities deleted from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the commodities listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Accordingly, the following commodities are hereby deleted from the Procurement List:

Paper, Tabulating Machine  
7530-00-249-4847  
7530-00-057-9487  
Pad, Parachutists' Helmet  
8470-01-092-8494

#### **Solid Fertilizer Grade Ammonium Nitrate From the Russian Federation; Notice of Postponement of Final Determination in the Antidumping Duty Investigation**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** February 11, 2000.

**FOR FURTHER INFORMATION CONTACT:** Doreen Chen, Laurel LaCivita, or Rick Johnson, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0408, (202) 482-4243, and (202) 482-3818, respectively.

#### **The Applicable Statute**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations at 19 CFR Part 351 (1998).

#### **Postponement of Final Determination**

The Department received a request pursuant to section 735(a)(2) of the Act and 19 CFR 351.210(e)(2) to postpone its final determination to 135 days after publication of the Department's preliminary determination and to extend the imposition of provisional measures from a four-month period to not more than six months from respondent JSC Nevinnomyssky Azot, a producer/exporter of the subject merchandise.

In accordance with 19 CFR 351.210(b)(2)(ii), because (1) Our preliminary determination is affirmative, (2) the respondent requesting a postponement accounts for a significant proportion of exports of the subject merchandise, and (3) no compelling reasons for denial exist, we are granting respondent's request and are postponing the final determination to no later than May 22, 2000, which is 135 days after the publication of the preliminary determination. See *Notice of Preliminary Determination of Sales at Less than Fair Value: Solid Fertilizer Grade Ammonium Nitrate from the Russian Federation*. Suspension of

liquidation will be extended accordingly.

This notice of postponement is published pursuant to 19 CFR 351.210(g).

Dated: February 2, 2000.

**Holly A. Kuga,**

*Acting Assistant Secretary for Import Administration.*

#### Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Structural Steel Beams From South Korea

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**EFFECTIVE DATE:** February 11, 2000.

**FOR FURTHER INFORMATION CONTACT:** Carrie Blozy (Kangwon Industries, Ltd. ("Kangwon")), Brandon Farlander (Inchon Iron & Steel Co., Ltd. ("Inchon")), or Rick Johnson, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-0165 (Blozy), (202) 482-0182 (Farlander), or (202) 482-3818 (Johnson).

#### The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all references to the Department's regulations are to the provisions codified at 19 CFR part 351 (1998).

#### Preliminary Determination

We preliminarily determine that structural steel beams ("structural beams") from South Korea are being, or are likely to be, sold in the United States at less than fair value ("LTFV"), as provided in section 733 of the Act. The estimated margins of sales at LTFV are shown in the "Suspension of Liquidation" section of this notice.

#### Case History

On August 3, 1999, the Department initiated antidumping duty

investigations of imports of structural beams from Germany, Japan, South Korea, and Spain. See *Initiation of Antidumping Duty Investigations: Structural Steel Beams From Germany, Japan, South Korea, and Spain*, 64 FR 42084 (August 3, 1999) ("*Notice of Initiation*"). Since the initiation of this investigation the following events have occurred.

The Department set aside a period for all interested parties to raise issues regarding product coverage. On August 17, 1999, Northwestern Steel & Wire Company, Nucor-Yamato Steel Company, and TXI-Chaparral Steel Inc. ("petitioners") submitted comments to the Department requesting that the scope exclude certain forklift truck mast-section non-standard I-beams. In August 1999, the Department also requested comments from petitioners and potential respondents in these investigations regarding the model matching criteria. We received comments from petitioners regarding model matching criteria.

On August 23, 1999, the United States International Trade Commission ("ITC") informed the Department of its affirmative preliminary injury determination on imports of subject merchandise from Japan and South Korea and its negative injury determination on imports of the subject merchandise from Germany and Spain. On August 31, 1999, noting the ITC's negative injury determination concerning Germany, petitioners submitted a letter stating that a scope exclusion of forklift truck mast-section non-standard I-beams was no longer necessary as those products were imported from Germany.

On August 2, 1999, the Department issued Section A of its antidumping questionnaire to Inchon and Kangwon. On August 30, 1999, Inchon and Kangwon submitted responses to Section A of the questionnaire. Also, on August 30, 1999, we issued Sections B, C, D, and E of the antidumping questionnaire. On September 17, 1999, we issued a supplemental questionnaire on Section A. On October 25, 1999, Inchon and Kangwon submitted their Sections B, C, and D responses, and supplemental questionnaire response for Section A. On November 16, 1999, we issued a second supplemental questionnaire to Inchon and Kangwon, and on December 10, 1999, we received responses from both companies. On January 7 and 10, 2000, we issued supplemental questionnaires for Inchon and Kangwon, respectively. On January 18 and 20, 2000, we received Inchon's and Kangwon's supplemental responses, respectively. Petitioners submitted

comments on Inchon's and Kangwon's questionnaire responses in September, November, and December 1999.

On September 17 and 21, 1999, Inchon and Kangwon, respectively, requested that they be excused from reporting home market resales of subject merchandise produced by unaffiliated manufacturers. Additionally, on September 17, 1999, Inchon requested that it be excused from reporting home market sales of I-beams and GI-beams. On September 28, 1999, we granted Inchon's and Kangwon's request that they not be required to report home market resales of subject merchandise produced by unaffiliated manufacturers; however, we instructed Inchon to report its home market sales of I-beams and GI-beams.

On November 2, 1999, petitioners submitted a timely request for a postponement of the preliminary determination pursuant to 19 CFR 351.205(e). On November 16, 1999, we postponed the preliminary determination until no later than February 2, 2000. See *Structural Steel Beams From South Korea and Japan; Notice of Postponement of Preliminary Determinations in Antidumping Duty Investigations*, 64 FR 66169 (November 24, 1999).

#### Postponement of Final Determination

Pursuant to section 735(a)(2) of the Act, on January 13, 2000, Inchon and Kangwon requested that, in the event of an affirmative preliminary determination in this investigation, the Department postpone its final determination until not later than 135 days after the date of the publication of an affirmative preliminary determination in the **Federal Register**. Inchon and Kangwon also requested a two-month extension of the four-month limit on the imposition of provisional measures. In accordance with 19 CFR 351.210(b), because (1) our preliminary determination is affirmative, (2) Inchon and Kangwon account for all known exports of the subject merchandise, and (3) no compelling reason for a denial exists, we are granting the respondents' request and are postponing the final determination until no later than 135 days after the publication of this notice in the **Federal Register**. Suspension of liquidation will be extended accordingly.

#### Scope of Investigation

For purposes of this investigation, the products covered are doubly-symmetric shapes, whether hot- or cold-rolled, drawn, extruded, formed or finished, having at least one dimension of at least 80 mm (3.2 inches or more), whether of
