SUPPLEMENTARY INFORMATION:

Background

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, Notice is given that the Council Special Panel and the AQMS will each hold a public meeting and the HES will hold a public teleconference call, as described above, to advise the Agency on its plan to develop the third in a series of statutorily mandated comprehensive analyses of the total costs and benefits of programs implemented pursuant to the Clean Air Act.

Background on the Council Special Panel, the AQMS, and this advisory project was provided in a Federal Register notice published on February 14, 2003 (68 FR 7531-7534).

The Council Special Panel and the Council subcommittees will be providing advice on the review document, "Benefits and Costs of the Clean Air Act 1990-2020: Revised Analytical Plan for EPA's Second Prospective Analysis" currently found at the following website, maintained by EPA's Office of Air and Radiation at: <http://www.epa.gov/oar/sect812/> under the link "Study Blueprint and Charge Questions Electronic Copy." This link provides electronic access to the Revised Analytical Plan, the "change pages" given to the Council in July 2003, and the detailed review charge questions.

The public meeting for the Council Special Panel, described above is planned for the Council to provide advice to the Agency on remaining charge questions related to its review of the Revised Analytical Plan for EPA's Second Prospective Analysis. These charge questions include the Agency's plans for valuation and its plans for

addressing uncertainties associated with the analysis.

The public teleconference for the Council Special Panel is planned to prepare the Council for its public meeting and to discuss the Council Special Panel draft report "Interim Installment: Review of the Revised Analytical Plan for EPA's Second Prospective Analysis" posted on the SAB website as a draft report (consult the following page: <http://www.epa.gov/science1/drrep.htm>).

The purpose of the public meeting for the AQMS is for the AQMS to provide advice on the Agency's plans for air quality modeling.

The public teleconference for the AQMS, also described above, is planned to prepare the AQMS for its public meeting, which will focus on the Agency's plans for air quality modeling.

The purpose of the public teleconference for the HES is to discuss a draft report entitled "Advisory on Plans for Health Effects Analysis in the Analytical Plan for EPA's Second Prospective Analysis—Benefits and Costs of the Clean Air Act, 1990-2020," developed during the HES public meeting on August 28-29, 2003. That meeting was previously announced in the **Federal Register** on July 30, 2003 (68 FR 44766-44767). The HES draft report will be posted on the SAB website (on the special page for Draft Reports at <http://www.epa.gov/science1/drrep.htm>) in advance of the meeting.

Agendas for the public meetings and teleconferences will be posted on the SAB website ten days before the dates of those events.
