

corridor alternatives, including an assessment of existing and potentially expanded transportation infrastructure needed to support additional capacity, improve travel times, and accommodate maintenance activities, while considering financial viability and environmental responsibility. The Tier 1 Bay Crossing Study EIS identified Corridor 7 as the Preferred Corridor Alternative that best meets the Tier 1 Study Purpose and Need. FHWA concurred with the selection of Corridor 7 and issued a ROD for the Tier 1 Bay Crossing Study EIS on April 14, 2022. The ROD, together with the Tier 1 Bay Crossing Study EIS pursuant to 49 U.S.C. 304a(b), 23 U.S.C. 139(n)(2), and 23 CFR 771.124, identifies and discusses all such factors that FHWA and MDTA balanced in making the decision for the Tier 1 EIS study. The ROD concludes the Tier 1 NEPA process by formally selecting Corridor 7 as the Selected Corridor Alternative that would advance into a future Tier 2 NEPA study.

The Selected Corridor Alternative, Corridor 7, is a two-mile wide corridor that follows the existing road network along US 50/301 from west of the Severn River on the Western Shore of the Chesapeake Bay to the US 50/301 split on the Eastern Shore. This location includes the existing William Preston Lane Jr. Memorial (Bay) Bridge. The analysis of traffic, engineering, cost, and environmental considerations indicated that Corridor 7 would have substantial advantages over the other Corridor Alternatives Retained for Analysis (CARA), Corridors 6 and 8. The selected alternative identifies the general (corridor) location for future improvements. The specific alignment of a potential new crossing has not been defined in the Tier 1 Bay Crossing Study. The FHWA and MDTA would need to complete a Tier 2 NEPA engineering and environmental study before any construction could occur.

The actions by FHWA on this study, and the laws under which such actions were taken, are described in the combined Tier 1 Final EIS and ROD and in other documents completed as part of the study. The Tier 1 Final EIS and ROD and other documents related to study approvals are available on the Bay Crossing Study website provided in the **ADDRESSES** section of this notice, or by contacting FHWA or MDTA at the addresses provided in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Maritime Administration

[Docket Number MARAD–2022–0093]

Request for Comments on the Renewal of a Previously Approved Information Collection: Mariner Cadet Training-Agreements, Compliance Reporting, and Audits

AGENCY: Maritime Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: The Maritime Administration (MARAD) invites public comments on our intention to request the Office of Management and Budget (OMB) approval for a currently approved emergency information collection. Before a Federal agency can collect certain information from the public, it must receive approval from OMB. Under procedures established by the Paperwork Reduction Act of 1995, before seeking OMB approval, Federal agencies must solicit public comment on proposed collection of information, including extensions and reinstatements of previously approved collections. This document described a collection of information for which MARAD intends to seek OMB approval.

ADDRESSES: You may submit comments identified by DOT Docket Number MARAD–2022–0093 by any one of the following methods:

- *Federal eRulemaking Portal*: Go to <http://www.regulations.gov>. Search MARAD–2022–0093 and follow the instructions for submitting comments.
- *Fax*: 1–202–493–2251.
- *Mail or Hand Delivery*: The Docket Management Facility is in the West Building, Ground Floor of the U.S. Department of Transportation. The Docket Management Facility location address is U.S. Department of Transportation, MARAD–2022–0093, 1200 New Jersey Avenue SE, West Building, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except on Federal holidays.

Instructions: All submissions must include the agency name and docket number for this rulemaking.

Note: All comments received will be posted without change to www.regulations.gov including any personal information provided.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the Department's performance; (b) the accuracy of the estimated burden; (c) ways for the Department to enhance the quality,

utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Electronic Access and Filing

A copy of the notice may be viewed online at www.regulations.gov using the docket number listed above. A copy of this notice will be placed in the docket. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year. An electronic copy of this document may also be downloaded from the Office of the Federal Register's website at www.FederalRegister.gov and the Government Publishing Office's website at www.GovInfo.gov.

SUPPLEMENTARY INFORMATION:

Title: Mariner Cadet Training-Agreements, Compliance Reporting, and Audits.

OMB Control Number: 2133-0553.

Type of Request: Renewal of a Previously Approved Information Collection.

Abstract: In accordance with its delegation of authority at 49 CFR 1.93(a), and pursuant to 46 U.S.C. 50101(a)(4), the Maritime Administration (MARAD) is charged with ensuring that the United States Merchant Marine is manned with trained and efficient citizen personnel. Furthermore, 46 U.S.C. 51322 requires MARAD to protect cadet mariners from sexual assault onboard vessels and in so doing, to set sexual assault policy and to conduct random and targeted unannounced checks of commercial vessels.

MARAD needs to obtain information from commercial vessel operators in order to meet its statutory objective of setting sexual assault policy and monitoring compliance that is essential to meeting its mission of ensuring a well-trained U.S. Merchant Marine.

The Maritime Administration (MARAD) requests comment on MARAD's intention to seek approval from OMB to reinstate without modification a previously approved collection of information concerning vessel operator acceptance of MARAD safety and security tenets, compliance reporting and compliance assessment requirements. MARAD, in consultation with operators of commercial vessels of

the United States, established criteria that vessel operators must meet in order to participate in the Sea Year program of the United States Merchant Marine Academy (USMMA) that address sexual harassment, sexual assault, and other inappropriate conduct; and a process for verifying compliance with the criteria. Accordingly, on December 15, 2021, MARAD published on its website agency guidance entitled *Every Mariner Builds a Respectful Culture* (EMBARC). Embedded within EMBARC is a process that MARAD will use to verify compliance. The EMBARC Standards enumerate new sexual assault and sexual harassment (SASH) prevention and response safety measures that MARAD requires commercial vessel operators to meet before they are approved to carry cadets from the USMMA for training purposes. Along with the EMBARC Standards, MARAD also published a self-assessment checklist, and a statement of compliance that vessel operators are required to submit prior to Sea Year participation. The EMBARC Standards include immediate, intermediate and long-term action items that all vessel operators providing training platforms for cadet mariners should implement. The totality of these efforts will help strengthen the maritime industry's efforts to prevent and respond to incidents of sexual violence and sexual harassment and other forms of misconduct and help ensure a safer training environment for all cadets.

The information to be collected will be used by MARAD to confirm the acceptance of MARAD sexual assault policies by commercial vessel operators and it will help establish a process to oversee and monitor continued compliance through reporting and auditing of commercial vessel operators in this initial enrollment and subsequent Sea Years.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2022-0030]

Agency Request for Information; State Electronic Data Collection Grant Program

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Request for information.

SUMMARY: This notice requests information from interested parties to assist the agency to develop and implement a new discretionary grant program to increase the number of States, U.S. territories, and Indian tribes electronically transferring their motor vehicle crash data to the National Highway Traffic Safety Administration (NHTSA). The Bipartisan Infrastructure Law (BIL), enacted as the Infrastructure Investment and Jobs Act (IIJA), establishes a new program called the State electronic data collection program. Specifically, section 24108(d)(2) mandates that NHTSA provide grants to States to upgrade and standardize their State crash data systems to enable electronic data collection, intrastate data sharing, and electronic data transfers to NHTSA to increase the accuracy, timeliness, and accessibility of the data including data relating to fatalities involving vulnerable road users. Ultimately, the grants will support an increased capacity of the NHTSA data systems, including the Fatality Analysis Reporting System (FARS), the Crash Reporting Sampling System (CRSS), and the Crash Investigation Sampling System (CISS), and make State crash data accessible to the public. NHTSA seeks comments from all interested parties, including State crash data owners, highway safety offices, law enforcement, and other stakeholders to help inform NHTSA's development of a grant program. This grant program is to modernize State data collection systems and to enable full electronic data transfer. All comments should be submitted via docket number NHTSA-2022-0030.

DATES: Comments must be received on or before May 31, 2022.
