[Docket No. ER03-114-000]

Great Bay Power Marketing, Inc.; Notice of Issuance of Order

June 25, 2008.

Great Bay Power Marketing, Inc. (GBPM) filed an application for market-based rate authority, with an accompanying tariff. The proposed market-based rate tariff provides for the sale of capacity and energy at market-based rates. GBPM also requested waivers of various Commission regulations. In particular, GBPM requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by GBPM.

On December 3, 2002, pursuant to delegated authority, the Director, Division of Tariffs and Market Development-South, granted the requests for blanket approval under Part 34 (Director's Order). The Director's Order also stated that the Commission would publish a separate notice in the **Federal Register** establishing a period of time for the filing of protests. Accordingly, any person desiring to be heard concerning the blanket approvals of issuances of securities or assumptions of liability by GBPM, should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. 18 CFR 385.211, 385.214 (2004). The Commission encourages the electronic submission of protests using

the FERC Online link at <http://www.ferc.gov>.

Notice is hereby given that the deadline for filing protests is July 8, 2008.

Absent a request to be heard in opposition to such blanket approvals by the deadline above, GBPM is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of GBPM, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approvals of GBPM's issuance of securities or assumptions of liability.

Copies of the full text of the Director's Order are available from the Commission's Public Reference Room, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Commission's Web site at <http://www.ferc.gov>, using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

[Docket No. AD08-5-000]

Compliance Workshop; Second and Final Notice of Workshop on Regulatory Compliance

June 25, 2008.

As noticed in the "First Notice of Workshop on Regulatory Compliance," the staff of the Federal Energy Regulatory Commission (Commission) will hold a workshop on July 8, 2008, in the Commission Meeting Room at the Commission's Washington, DC headquarters, 888 First Street, NE. Please note that the starting and ending

times of the conference have been changed to provide further opportunity for discussion. The workshop will now begin at 9 a.m. and end at 1 p.m. Eastern Daylight time. This workshop will provide a forum for interested participants to share perspectives and information on federal energy regulatory compliance. The workshop will focus, in particular, on the elements of a sound compliance program. One or more of the Commissioners may attend the workshop.

As indicated in the previous notice, issued May 21, 2008, this notice provides more information on the format of the workshop and the topics to be explored. For this information, please see the attached Agenda and the detailed panel descriptions below.

The workshop will consist of two panels, which will be introduced and moderated by Commission staff. The first panel, entitled "Designing and Developing a Compliance Program," will include executives from three companies, two that are currently in the process of designing FERC-related compliance programs for their respective companies and one who is from a consulting firm that specializes in assisting energy firms to develop effective compliance programs. These panelists' presentations may address the following topics:

- Identifying and prioritizing risks;
- Integrating FERC compliance with other regulatory requirements (e.g., Securities and Exchange Commission, Commodity Futures Trading Commission, Department of Justice, and Federal Trade Commission);
- Developing an appropriate organizational structure that ensures the independence of compliance personnel;
- Tying management and employee incentives/compensation to achieving certain compliance targets;
- Developing a training program and manuals that address the applicable Commission requirements;
- Designing recordkeeping and retention policies;
- Establishing accountability/reporting systems;
- Committing adequate resources to compliance (i.e. funding and personnel); and,
- Other topics as identified by the panelists or the audience.

The second panel, entitled "Implementing and Maintaining a Compliance Program," will include compliance officers from three companies that represent the gas, electric, and financial industries. These compliance officers have been involved in the implementation and maintenance of FERC-related compliance programs at

their respective companies. These panelists' presentations may address the following topics:

- Internal reporting of possible non-compliance (e.g., internal Hotline);
- Leadership and commitment by senior management;
- Periodic internal audits, compliance monitoring, and reporting to the Board;
- Ongoing employee training;
- Ongoing monitoring and communication of regulatory changes to line personnel;
- Ensuring that all contracts are subject to an organization's internal legal review and approval process;
- Periodic assessment of the organization's compliance policies and training materials;
- Promoting effective communication between operations and compliance personnel;
- Self-reporting potential violations; and,
- Other topics as identified by the panelists or the audience.

Each panel will be immediately followed by an open mike discussion, during which those in attendance may pose questions directly to the panelists or comment on the presentations via a microphone in the Commission Meeting Room. Audience members are also encouraged to provide additional information to augment the panelists' presentations.

As stated previously, this workshop will neither be web-cast nor transcribed. All interested parties are invited, and registration is not required to attend.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. Bay Gas Storage Company, Ltd.; Notice of Refund Report

June 24, 2008.

Take notice that on June 12, 2008, Bay Gas Storage Company, Ltd. (Bay Gas) filed its Refund Report pursuant to Article VI of Bay Gas' Stipulation and Agreement of Settlement, dated April 21, 2008. Bay Gas states that the required refunds were disbursed to the affected customers on May 29, 2008.

Any person desiring to participate in this rate proceeding must file a motion to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the date as indicated below. Anyone filing an intervention or protest must serve a copy of that document on the Applicant. Anyone filing an intervention or protest on or before the intervention or protest date need not serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies

of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.
