SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration has various mission responsibilities related to the acquisition, management, and disposal of real and personal property. These mission responsibilities include developing requirements, solicitation of lease offers and the award of real property lease contracts. Individual solicitations and resulting contracts may impose unique information collection/reporting requirements on contractors, not required by regulation, but necessary to (1) evaluate whether the physical attributes of offered properties meet the Government's requirements and (2) evaluate the owner/offoror's price proposal. The approval requested includes four versions of the GSA Form 1364; GSA Forms 1364, 1364A, 1364A-1, and 1364WH. These forms are used to obtain information for offer evaluation and lease award purposes regarding property being offered for lease to house Federal agencies. This includes financial aspects of offers for analysis and negotiation, such as real estate taxes, adjustments for vacant space, and offeror construction overhead fees.

A total of seven lease contract models have been developed to meet the needs of the national leased portfolio. Three of these lease models require offerors to complete a GSA Form 1364 and two require a GSA Form 1217. The GSA Form 1364 versions require the submission of information specifically aligned with certain leasing models and avoids mandating submission of information that is not required for use in evaluation and award under each model. The GSA Form 1217 requires the submission of information specific to the services and utilities of a building in support of the pricing detailed under GSA Form 1364. The forms relate to individual lease procurements and no duplication exists.

The Global Lease model uses the GSA Form 1364. The 1364 captures all rental
