Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the

Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP09-43-000]

Heavenly Valley, L.P.; Notice of Intent To Prepare an Environmental Assessment for the Proposed Powderbowl Pipeline Project and Request for Comments on Environmental Issues

January 28, 2009.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the potential environmental impacts of a pipeline project proposed by Heavenly Valley, L.P. (Heavenly Valley). The Powderbowl Pipeline Project involves the construction of a 1.86-mile-long, 4-inch-diameter natural gas pipeline in Douglas County, Nevada and El Dorado County, California. The EA will be used by the Commission in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help determine which

issues need to be evaluated in the EA. Please note that the scoping period will close on February 27, 2009. Details on how to submit comments are provided in the "Public Participation" section of this notice.

This notice is being sent to affected landowners; federal, state, and local government representatives and agencies; elected officials; Native American tribes; other interested parties; and local libraries and newspapers. State and local government representatives are asked to notify their constituents of this proposed project and to encourage them to comment on their areas of concern. We anticipate that the U.S. Forest Service (USFS) will participate as a cooperating agency in the preparation of the EA.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" addresses a number of typically-asked questions and how to participate in the Commission's proceedings. It is available for viewing on the FERC Internet Web site (<http://www.ferc.gov>).

Summary of the Proposed Project

Heavenly Valley proposes to construct 1.86 miles of 4-inch-diameter natural gas pipeline to service the future Powderbowl Lodge (planned for construction in 2009). The pipeline would begin at an existing Southwest Gas Corporation meter station in Douglas County, Nevada and terminate approximately 1.86 miles southwest at the Powderbowl Lodge site in El Dorado County, California. The pipeline would parallel an existing access road and utility corridor. Existing access roads would be used for pipeline construction. The project is located entirely within the Heavenly Mountain Ski Resort, on land owned by the USFS and leased to Heavenly Valley under a 40 year Ski Area Special Use Permit issued in 1997. Construction of the project would temporarily impact approximately 7.9 acres. Upon completion of the project, 2.3 acres would be maintained as permanent easement.

In addition, Heavenly Valley seeks approval to continue operation of a 4,500-foot-long, 2- and 3-inch diameter pipeline installed in 2000 by the previous resort owner to provide natural gas to resort facilities¹. This existing

¹ Heavenly Valley stated that the prior resort owners believed the pipeline could be constructed as a "house" line or "plant" line not subject to FERC jurisdiction. Heavenly Valley was alerted to the fact that the existing pipeline may be subject to FERC jurisdiction when it initiated discussions
