SUPPLEMENTARY INFORMATION: EGRPRA¹ directs the Agencies, along with the

Federal Financial Institutions Examination Council (Council), not less frequently than once every ten years, to conduct a review of their regulations to identify outdated or otherwise unnecessary regulations imposed on insured depository institutions. As part of this review, the Agencies are holding a series of six outreach meetings to provide an opportunity for bankers, consumer and community groups, and other interested persons to present their views directly to senior management and staff of the Agencies on any of 12 specific categories of the Agencies' regulations, as further described below. The Agencies held the first of these outreach meetings on December 2, 2014, in Los Angeles, California; the second outreach meeting on February 4, 2015, in Dallas, Texas; and the third outreach meeting on May 4, 2015, in Boston, Massachusetts. Recorded videos and transcripts of these outreach meetings are available on the EGRPRA Web site at <http://egrpra.ffiec.gov/outreach/outreach-index.html>.

The fourth outreach meeting will be held on August 4, 2015, in Kansas City, Missouri, and will be streamed live at <http://egrpra.ffiec.gov/>. Senior agency staff from the Board, OCC, and FDIC are scheduled to attend. The meeting will consist of panels of bankers and consumer and community groups who will present particular issues. As the fourth outreach meeting will focus on the effects of banking regulations on rural banks and their communities, the Agencies have requested that panelists give attention to these issues. There will be limited time after each panel for comments from meeting attendees and online participants. In addition, there will be a session at the end of the meeting during which audience members and online participants may present views on any of the regulations under review. The Agencies reserve the right to limit the time of individual commenters, if needed, in order to accommodate the number of persons desiring to speak.

Comments made by panelists, audience members, and online participants at this meeting will be part of the public record. Audience members who do not wish to comment orally may submit written comments at the meeting. As noted above, any interested person may submit comments through the EGRPRA Web site during open comment periods at: <http://egrpra.ffiec.gov/submit-comment/submit-comment-index.html> or directly to the Agencies through any of the other manners specified above.

All persons wanting to participate in person should register for the Kansas

City outreach meeting at <http://egrpra.ffiec.gov/outreach/outreach-index.html>. Because of space constraints, on-site attendance will be limited. Online registrations will be accepted through July 27, 2015, or until all seats are filled, whichever is earlier. If seats are available, individuals may register in person at the Federal Reserve Bank of Kansas City on the day of the meeting. Individuals do not need to register to view the live-stream broadcast.

We note that the meeting will be recorded and publicly webcast in order to increase education and outreach. By participating in the meeting, either in person or online, you consent to appear and to be heard in such recordings.

Additional Background on EGRPRA

Section 2222 of EGRPRA directs the Agencies, along with the Council, to conduct a review of their regulations not less frequently than once every ten years to identify outdated or otherwise unnecessary regulatory requirements imposed on insured depository institutions. In conducting this review, the Agencies are required to categorize their regulations by type and, at regular intervals, provide notice and solicit public comment on categories of regulations, requesting commenters to identify areas of regulations that are outdated, unnecessary, or unduly burdensome. The statute requires the Agencies to publish in the **Federal Register** a summary of the comments received, identifying significant issues raised and commenting on these issues. The statute also directs the Agencies to eliminate unnecessary regulations to the extent that such action is appropriate. Finally, section 2222 requires the Council, of which the Agencies are members, to submit a report to Congress that summarizes any significant issues raised in the public comments and the relative merits of such issues. The report also must include an analysis of whether the Agencies are able to address the regulatory burdens associated with such issues by regulation or whether these burdens must be addressed by legislative action.

For purposes of this review, the Agencies have grouped their regulations into 12 categories: Applications and Reporting; Banking Operations; Capital; Community Reinvestment Act; Consumer Protection; Directors, Officers and Employees; International Operations; Money Laundering; Powers and Activities; Rules of Procedure; Safety and Soundness; and Securities. On June 4, 2014, the Agencies published a **Federal Register** notice announcing the start of the EGRPRA review process

¹ Public Law 104-208 (1996), 110 Stat. 3009-414, codified at 12 U.S.C. 3311.

and also asking for public comment on three of these categories—Applications and Reporting; Powers and Activities; and International Operations regulations.² In that notice the Agencies published a chart, listing their regulations in the 12 categories included in the EGRPRA review. On February 13, 2015, the Agencies published a second **Federal Register** notice asking for public comment on three additional categories—Banking Operations; Capital; and the Community Reinvestment Act.³ The comment period for the second **Federal Register** notice closed on May 14, 2015. On June 5, 2015, the Agencies published a third **Federal Register** notice asking for public comment on three additional categories—Consumer Protection; Directors, Officers and Employees; and Money Laundering.⁴ The comment period for the current notice will close on September 3, 2015.

The third **Federal Register** notice also announced the Agencies' decision to expand the scope of the EGRPRA review in order to be as inclusive as possible. The Agencies will now take comment on all of their regulations issued in final form up to the date that they publish their last EGRPRA notice for public comment. The Agencies have included a separate chart in the third notice that lists the newly issued rules included in the review.

Airworthiness Directives; The Boeing Company Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for certain The Boeing Company Model 777 airplanes. This proposed AD was prompted by reports of fire and smoke at the engine aft pylon area resulting from fuel leakage caused by a damaged O-ring in the fuel coupling attached to the wing front spar. This proposed AD would require applying sealant to fill the gap between the lower wing panels adjacent to the strut aft vapor barrier. We are proposing this AD to prevent fire and smoke at the engine aft pylon area in the event of a fuel leak, which could cause personal injury during ground operations. A fire spreading back and up to the aft fairing pylon can result in an uncontrolled fire in the strut and ignite the fuel tank.

DATES: We must receive comments on this proposed AD by August 24, 2015.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

Discussion

We received reports of fire and smoke at the engine aft pylon area resulting from fuel leakage caused by a damaged O-ring in the fuel coupling attached to the wing front spar. The fuel was captured by the fuel coupling rubber boot and was discharged into the flammable fluid leakage zone of the strut-to-wing cavity, as intended. However, the fuel did not follow its
