G.E. Ravenna Lamp Plant, Ravenna, OH; Notice of Revised Determination on Reconsideration

By letter dated August 30, 2007, a worker requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA). The certification for Trade Adjustment Assistance (TAA) was signed on August 24, 2007. The Department's Notice of determination will soon be published in the **Federal Register**.

The certification stated that all workers of the subject firm who are separated from employment on or after July 10, 2006 through August 24, 2009, are eligible to apply for TAA. However, because the subject workers were covered by a certification that expired on July 29, 2006 (TA-W-55,294), the Department is amending the impact date of TA-W-61,863 to July 30, 2006.

The initial investigation determined that the subject worker group possesses skills that are easily transferable.

In the request for reconsideration, the worker alleged that there are no jobs for which the separated workers can apply.

During the reconsideration investigation, the Department found that none of the major manufacturing firms in the local area are hiring.

At least five percent of the workforce at the subject firm is at least fifty years of age. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the information obtained in the reconsideration investigation, I determine that the requirements of Section 222 and Section 246 of the Trade Act of 1974, as amended, have been met for workers at the subject firm.

In accordance with the provisions of the Act, I make the following certification:

"All workers of G.E. Ravenna Lamp Plant, Ravenna, Ohio, who became totally or partially separated from employment on or after July 30, 2006 through August 24, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974,

and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed in Washington, DC this 7th day of September, 2007.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

Glen Raven Technical Fabrics, LLC, a Subsidiary of Glen Raven, Inc., Burnsville, NC; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on August 17, 2007, applicable to workers of Glen Raven Technical Fabrics, LLC, a subsidiary of Glen Raven, Inc., Burnsville, North Carolina. The notice was published in the **Federal Register** on August 30, 2007 (72 FR 50126).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of broadwoven fabrics.

The findings show that there was a previous certification, TA-W-56,805, issued on May 6, 2005, for workers of Glen Raven Technical Fabrics, LLC, a subsidiary of Glen Raven, Inc., Burnsville, North Carolina. That certification expired May 6, 2007.

In order to avoid an overlap in worker group coverage, this certification is being amended to change the impact date from June 8, 2006 to May 7, 2007, for workers of the subject firm.

The amended notice applicable to TA-W-61,656 is hereby issued as follows:

"All workers of Glen Raven Technical Fabrics, LLC, a subsidiary of Glen Raven, Inc., Burnsville, North Carolina, who became totally or partially separated from employment on or after May 7, 2007, through August 17, 2009, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974 and are also eligible

to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.”

Signed at Washington, DC, this 6th day of September 2007.

Honeywell Security and Custom Electronics, a Subsidiary of Honeywell International, Inc., Currently Known as Honeywell Security an Unincorporated Division of Honeywell International, Inc., Syosset, NY, Now Located in Melville, NY; Amended Certification Regarding Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273), and section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance on September 19, 2006, applicable to workers of Honeywell Security and Custom Electronics, a subsidiary of Honeywell International, Inc., Syosset, New York. The notice was published in the **Federal Register** October 2, 2006 (71 FR 58012). The certification was previously amended on September 27, 2006 to include the Ademco name and to correct the impact date. The notice was published in the **Federal Register** on October 4, 2006 (71 FR 58632).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of alarm device equipment.

New information shows that following a corporate decision, the subject firm is currently known as Honeywell Security, an unincorporated division of Honeywell International, Inc. Information also shows that in June 2007, the subject firm previously located in Syosset, New York has relocated to Melville, New York.

Accordingly, the Department is amending this certification to correct the subject firm name and to reflect the new location Melville, New York.

The intent of the Department's certification is to include all workers of Honeywell Security and Custom Electronics, a subsidiary of Honeywell International, Inc., currently known as Honeywell Security, an unincorporated division of Honeywell International, Inc., who were adversely affected a shift in production to Mexico.

The amended notice applicable to TA-W-59,990 is hereby issued as follows:

“All workers of Honeywell Security and Custom Electronics, a subsidiary of Honeywell International, Inc., currently known as Honeywell Security, an unincorporated division of Honeywell International, Inc., Syosset, New York, now located in Melville, New York, who became totally or partially separated from employment on or after January 7, 2006, through September 19, 2008, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974 and are also eligible to apply for alternative trade adjustment assistance under section 246 of the Trade Act of 1974.”

Medtronic, Inc., Cardiovascular Division, Santa Rosa, CA; Notice of Negative Determination on Reconsideration

On August 16, 2007, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of Medtronic, Inc., Cardiovascular Division, Santa Rosa, California (the subject firm). The Department's Notice of Affirmative Determination was published in the **Federal Register** on August 27, 2007 (72 FR 49026). Workers produce cardiovascular stents (also known as coronary stents).

The initial investigation revealed that the subject firm did not import cardiovascular stents during the relevant period, that the subject firm did not shift cardiovascular stent production abroad during the relevant period, and that the subject firm sold all cardiovascular stents to a foreign source. The Department did not conduct a survey of customer's import purchases

because the subject firm sold all cardiovascular stents produced at the Santa Rosa facility to a foreign facility.

In the request for reconsideration, the workers alleged that the subject firm shifted production to Ireland.

To be certified under section (a)(2)(B) of the Trade Act, the following must be satisfied:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated;

B. There has been a shift in production by such workers' firm or subdivision to a foreign country of articles like or directly competitive with articles which are produced by such firm or subdivision; and

C. One of the following must be satisfied:

1. The country to which the workers' firm has shifted production of the articles is a party to a free trade agreement with the United States;

2. The country to which the workers' firm has shifted production of the articles is a beneficiary country under the Andean Trade Preference Act, African Growth and Opportunity Act, or the Caribbean Basin Economic Recovery Act; or

3. There has been or is likely to be an increase in imports of articles that are like or directly competitive with articles which are or were produced by such firm or subdivision.

During the reconsideration investigation, the Department found that cardiovascular stent production did shift to Ireland. However, Ireland does not have a free trade agreement with the United States and is not named as a beneficiary country under the Andean Trade Preference Act, the African Growth and Opportunity Act or the Caribbean Basin Economic Recovery Act. Further, the Department found that, following the shift of production abroad, the subject firm did not import or have plans to import articles that are like or directly competitive with the cardiovascular stents produced at the subject firm.

In order for the Department to issue a certification of eligibility to apply for Alternative Trade Adjustment Assistance (ATAA), the subject worker group must be certified eligible to apply for Trade Adjustment Assistance (TAA). Since the subject workers are denied eligibility to apply for TAA, the workers cannot be certified eligible for ATAA.

Conclusion

After careful reconsideration, I affirm the original notice of negative
