SUPPLEMENTARY INFORMATION:

Background

The EFH Committee was formally established by the Chair of the NPFMC in May 2001. The EFH Committee was established in response to the need to

prepare a supplemental environmental impact statement (SEIS) for the EFH fishery management plan amendments. The function of the EFH Committee is to serve as a steering committee in facilitating input to NMFS on the SEIS for EFH. The EFH Committee will provide input to NMFS and the Council from industry, the conservation community, and general public as appropriate. The EFH Committee also will submit periodic updates to the Council on the SEIS for EFH. Further information on the EFH Committee can be found on the NPFMC website at: <http://www.fakr.noaa.gov/npfmc/Committees/EFH/efh.htm>.

Agenda items for the May 2002 EFH Committee meeting include: finalizing fishery descriptions; review and discussion of revised EFH and HAPC alternatives; discussion of gear impacts on habitat; discussion of potential mitigation tools for each fishery; discussion of HAPC criteria and possible nomination of HAPC sites and types or a development of a nomination and evaluation process for HAPC sites and types; research needs; adaptive management; effects of rationalization; and key terms in the EFH final rule will be discussed including the terms "to the extent practicable" and "minimal and temporary." The EFH Committee will develop recommendations for the June NPFMC meeting on some or all of the agenda items listed above. The EFH Committee also will discuss plans for future tasks and meetings.

For further information about the EFH SEIS, see the Notice of Intent to prepare an SEIS published to the Proposed Rules section of the **Federal Register** (66 FR 30396, June 6, 2001). For further information on the preliminary alternative approaches for the designation of EFH and habitat areas of particular concern (HAPC) see 67 FR 1325, January 10, 2002.

Although other issues not contained in this agenda may come before the EFH Committee for discussion, those issues will not be the subject of formal action during this meeting. Formal action will be restricted to those issues specifically identified in this notice and any issues arising after publication of the notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Committee's intent to take final action to address the emergency.

CONSUMER PRODUCT SAFETY COMMISSION

Petition Requesting Standard for Hunting Tree Stands and Ban of Waist Belt Restraints Used With Hunting Tree Stands

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: The Commission has received a petition (CP 02-3) requesting that the Commission issue a consumer product safety standard for hunting tree stands and ban waist belt restraints used with the stands. The Commission solicits written comments concerning the petition.

DATES: The Office of the Secretary must receive comments on the petition by July 1, 2002.

Comments may also be filed by telefacsimile to (301) 504-0127 or by email to cpsc-os@cpsc.gov. Comments should be captioned "Petition CP 02-3, Petition on Hunting Tree Stands." A copy of the petition is available for inspection at the Commission's Public Reading Room, Room 419, 4330 East-West Highway, Bethesda, Maryland, or from the library/electronic reading room section of the Commission's website at www.cpsc.gov.

FOR FURTHER INFORMATION CONTACT: Rockelle Hammond, Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207; telephone (301) 504-0800, ext. 1232.

SUPPLEMENTARY INFORMATION: The Commission has received correspondence from Carol Pollack-Nelson, Ph.D., requesting that the Commission issue regulations that would establish a mandatory standard

for hunting tree stands to address the risk of falling, and ban waist belt restraints used with the tree stands. The Commission is docketing this request as a petition under the Consumer Product Safety Act. 15 U.S.C. §§ 2056 and 2058. The petitioner states that incident reports and medical literature show that serious injuries and death are associated with hunting tree stands and waist belt restraints. She states that "regulation is needed to ensure that stands are designed with optimal materials and instructions in order to reduce the likelihood of a fall." She also states that, although waist belts are intended to prevent injury, they have been involved in four fatalities where hunters were asphyxiated by them.

Interested parties may obtain a copy of the petition by writing or calling the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207; telephone (301) 504-0800. Copies of the petition are also available for inspection from 8:30 a.m. to 5 p.m., Monday through Friday, in the Commission's Public Reading Room, Room 419, 4330 East-West Highway, Bethesda, Maryland, or from the library/electronic reading room section of the Commission's website at www.cpsc.gov.

Dated: April 25, 2002.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
