

In connection with final disposition of this investigation, the Commission may issue (1) an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) a cease and desist order that could result in intervenor being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or are likely to do so. For background, see the Commission Opinion *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360.

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist order would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the President has 60 days to approve or disapprove the Commission's action. During this period, the subject articles would be entitled to enter the United States under a bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed.

Written Submissions: The parties to the investigation, interested government agencies, and any other interested persons are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the June 22, 2000, recommended determination by the ALJ on remedy and bonding. Complainant and the Commission investigative attorney are also requested to submit proposed remedial orders for the Commission's consideration. The written submissions and proposed

remedial orders must be filed no later than the close of business on September 11, 2000. Reply submissions must be filed no later than the close of business on September 18, 2000. No further submissions will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file with the Office of the Secretary the original document and 14 true copies thereof on or before the deadlines stated above. Any person desiring to submit a document (or portion thereof) to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment is granted by the Commission will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

This action is taken under the authority of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337), and section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Copies of the public version of the ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, S.W., Washington, D.C. 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information can be obtained by contacting the Commission's TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

By order of the Commission.

Issued: August 28, 2000.

Donna R. Koehnke,

Secretary.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[USCG-2000-7833]

Draft Programmatic Environmental Impact Statement for Vessel and Facility Response Plans for Oil; On-Water Mechanical Recovery Capacity Increase for 2003 and Alternative Removal Technologies

AGENCY: Coast Guard, DOT.

ACTION: Notice of intent with request for comments.

SUMMARY: The Coast Guard announces its intent to prepare and circulate a draft Programmatic Environmental Impact Statement (PEIS) for the development of appropriate regulations to increase the oil removal capacity (Caps) requirements for tank vessels and marine transportation-related (MTR) facilities and thus, increase the available spill removal capability for oil discharges. The Coast Guard also seeks public and agency input on the development (scope) of the PEIS. Specifically, the Coast Guard requests input on any environmental concerns that the public may have related to the alternatives for increasing spill removal capability for an oil discharge, suggested analyses or methodologies for inclusion in the PEIS, and possible sources of relevant data or information.
