

the order. In addition, the order enables the Commission to seek civil penalties against Respondent for non-compliance with the order.

The proposed Consent Agreement further requires McCormick to maintain the viability of the assets identified for divestiture. Among other requirements related to maintaining operations of the assets, the proposed Consent Agreement requires McCormick to: (1) maintain the viability, competitiveness, and marketability of the assets to be divested; (2) not cause the wasting or deterioration of the assets to be divested; (3) not sell, transfer, encumber, or otherwise impair the assets' marketability or viability; (4) maintain the assets consistent with past practices; (5) use best efforts to preserve the assets' existing relationships with suppliers, customers, and employees; and (6) keep and maintain the assets at inventory levels consistent with past practices.

The proposed Consent Agreement prohibits McCormick, for ten (10) years, from acquiring, without providing the Commission with prior notice, any other seasoned salt product, or any interest in any other spice blends business. The provisions regarding prior notice are consistent with prior Orders. The proposed Consent Agreement does not restrict McCormick from expanding its line of spices.

McCormick is required to file compliance reports with the Commission, the first of which is due within thirty (30) days of the date on which Respondent signed the proposed Consent Agreement, and every thirty (30) days thereafter until the divestitures are completed, and annually for ten (10) years.

The purpose of this analysis is to facilitate public comment on the proposed Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Decision and Order and the Order to Maintain Assets, or to modify their terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary of the Commission.

Proposed Information Collection Activity; Comment Request Proposed Projects

Title: Compassion Capital Fund Impact Evaluation.

OMB No.: 0970-0293.

Description: This proposed information collection activity is an extension of the follow-up survey of faith-based and community organizations participating in the Compassion Capital Fund (CCF) Impact Evaluation. The currently approved information collection will expire on December 31, 2008. This information collection request will include the agency's request for an extension of the initial survey instruments for an additional three years.

The CCF evaluation is an important opportunity to examine the effectiveness of the Compassion Capital Fund Demonstration program in meeting its objective of improving the capacity of faith-based and community organizations. The evaluation includes selected CCF-funded intermediary organizations that provide capacity-building services and the faith-based and community organizations that sought those services. The follow-up survey will be used to collect information from the faith-based and community based organizations on various areas of organizational capacity.

The study design includes the random assignment of faith based and community organizations to either a treatment group that receives capacity-building services from a CCF intermediary grantee or to a control group that does not. The impact of the services provided by intermediaries, primarily through sub-awards and/or technical assistance (TA), will be determined by comparing the changes reported through the survey in organizational and service capacity of the recipient organizations with those of the control group.

Respondents: Faith-based and community organizations included in the CCF impact evaluation.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
Follow-up Survey	455	1	.42	191
Estimated Total Annual Burden Hours:	191
