Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Project: Pretesting of Substance Abuse Prevention and Treatment and Mental Health Services Communication Messages—(OMB No. 0930-0196)—Extension

As the Federal agency responsible for developing and disseminating authoritative knowledge about substance abuse prevention, addiction treatment, and mental health services and for mobilizing consumer support and increasing public understanding to overcome the stigma attached to addiction and mental illness, the Substance Abuse and Mental Health Services Administration (SAMHSA) is responsible for development and dissemination of a wide range of education and information materials for both the general public and the professional communities. This submission is for generic approval and will provide for formative and qualitative evaluation activities to (1) assess audience knowledge, attitudes, behavior and other characteristics for the planning and development of messages, communication strategies and public information programs; and (2) test these messages, strategies and program components in developmental form to assess audience comprehension, reactions and perceptions. Information obtained from testing can then be used to improve materials and strategies while revisions are still affordable and possible. The annual burden associated with these activities is summarized below.

Activity	Number of respondents	Responses/ respondent	Hours per response	Total hours
Individual In-depth Interviews:				
General Public	400	1	.75	300
Service Providers	200	1	.75	150
Focus Group Interviews:				
General Public	3,000	1	1.5	4,500
Service Providers	1,500	1	1.5	2,250
Telephone Interviews:				
General Public	335	1	.08	27
Service Providers	165	1	.08	13
Self-Administered Questionnaires:				
General Public	2,680	1	.25	670
Service Providers	1,320	1	.25	330
Gatekeeper Reviews:				
General Public	1,200	1	.50	600
Service Providers	900	1	.50	450
TOTAL	11,700	9,290

Written comments and recommendations concerning the proposed information collection should be sent by July 17, 2013 to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov. Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202-395-7285. Commenters may also mail them to: Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10102, Washington, DC 20503.

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more

information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Evaluation of Programs to Provide Services to Persons who are Homeless with Mental and/or Substance Use Disorders (Homeless Programs)—New

SAMHSA is conducting a cross-program evaluation of Projects for Assistance in Transition from Homelessness (PATH); Services in Supportive Housing (SSH); and Grants for the Benefit of Homeless Individuals (GBHI), which includes grantee tracks focused on SSH, General GBHI grantees, and Cooperative Agreements to Benefit Homeless Individuals (CABHI). The SAMHSA Homeless Programs aim to support local capacity to provide services for homeless individuals with substance abuse and/or mental health problems. The Homeless Programs national evaluation broadly aims to address the contexts in which projects operate; whether a project is successfully implemented and provides appropriate services to the intended target population; and whether the

target population demonstrates improved outcomes.

Data collection efforts for the evaluation will include a *Document Review: Project Director Telephone Follow-up, Site Visits, Evidence-Based Practice (EBP) Self-Assessment, Parts 1 and 2* and *Permanent Supportive Housing (PSH) Self-Assessment* which collect grantee project characteristics, process information such as client flow and project logic models, barriers and facilitators to implementation, and data on the types of treatment and housing services provided.

The *Document Review: Project Director Telephone Follow-up* is a telephone interview that covers the following topics: Grantee Agency and Project Characteristics, Target Population, Stakeholders/Partners, Services, EBPs/Best Practices, Housing, Project Organization and Implementation, Sustainability, Local Evaluation, Technical Assistance and Lessons Learned. Grantee project directors from the GBHI 2010, CABHI 2011-2012, and SSH 2009-2010 cohorts and PATH state contacts (n=158) will be contacted to collect grantee project information which will be used to better understand how grantees develop their grant projects.

Site Visit Guides consist of semi-structured discussions with grantee project directors, evaluators, financial staff, clinical treatment staff, case managers, housing supports staff, key stakeholders and consumers/client participants. This approach allows information to be collected from multiple perspectives giving a fuller picture of the grant project. Seventy-five site visits will be conducted during the evaluation (25 per year for 3 years)—60 for GBHI, CABHI and SSH grantees and 15 for PATH grantees. Over the course of multiple discussions the following
