

788–793 (Final) (Remand), USITC Pub. 3541 (Sept. 2002).

On December 12, 2002, the CIT affirmed the Remand Determination as being in accordance with the Court's remand order. There was no timely appeal of the order to the Federal Circuit.

The judicial proceedings having ended and the final court decision having been issued, the Commission, pursuant to 19 U.S.C. 1516(e), publishes notice of the final court decision affirming its remand determinations.

By order of the Commission.

Issued: February 20, 2003.

Marilyn R. Abbott,

Secretary.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. TA–421–2]

Certain Steel Wire Garment Hangers From China

Determination

On the basis of information developed in the subject investigation, the United States International Trade Commission determines, pursuant to section 421(b)(1) of the Trade Act of 1974,¹ that certain steel wire garment hangers² from the People's Republic of China are being imported into the United States in such increased quantities or under such conditions as to cause market disruption to the domestic producers of like or directly competitive products.

¹ 19 U.S.C. 2451(b)(1).

² For purposes of this investigation, certain steel wire garment hangers consist of garment hangers, fabricated from steel wire in gauges from 9 to 17, inclusive (3.77 to 1.37 millimeters, inclusive), whether or not galvanized or painted, whether or not coated with latex or epoxy or other similar gripping materials, and whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles, tubes, or struts. After fabrication, such hangers are in lengths from 7 to 20 inches, inclusive (177.8 to 508 millimeters, inclusive), and the hanger's length or bottom bar is composed of steel wire and/or saddles, tubes or struts. The product may also be identified by its commercial designation, referring to the shape and/or style of the hanger or the garment for which it is intended, including but not limited to shirt, suit, strut, and caped hangers. Specifically excluded are wooden, plastic, aluminum, and other garment hangers that are covered under separate subheadings of the HTS. The products subject to this investigation are classified in subheading 7326.20.00 of the HTS and reported under statistical reporting number 7326.20.0020. Although the HTS subheading is provided for convenience and Customs purposes, the written description of the merchandise is dispositive.

Recommendations on Proposed Remedies

Chairman Deanna Tanner Okun, Vice Chairman Jennifer A. Hillman, and Commissioner Marcia E. Miller propose that the President impose a duty, in addition to the current rate of duty, for a three-year period, on imports of the subject steel wire garment hangers from China as follows: 25 percent ad valorem in the first year, 20 percent ad valorem in the second year, and 15 percent ad valorem in the third year of relief. They further recommend that, if applications are filed, the President direct the U.S. Department of Commerce and the U.S. Department of Labor to provide expedited consideration of trade adjustment assistance for firms and/or workers affected by the subject imports.

Commissioner Lynn M. Bragg proposes that the President impose a duty, in addition to the current rate of duty, for a two-year period, on imports of the subject steel wire garment hangers from China as follows: 20 percent ad valorem in the first year, and 15 percent ad valorem in the second year of relief.

Commissioner Stephen Koplan proposes that the President impose a duty of 30 percent ad valorem, in addition to the current rate of duty, for a three-year period, on imports of the subject steel wire garment hangers from China. He further recommends that, if applications are filed, the President direct the U.S. Department of Commerce and the U.S. Department of Labor to provide expedited consideration of trade adjustment assistance for firms and/or workers affected by the subject imports.

The Commissioners each find that the respective actions that they propose are necessary to remedy the market disruption found to exist.

Background

Following receipt of a petition filed on November 27, 2002, on behalf of CHC Industries, Inc.; M&B Metal Products Co., Inc.; and United Wire Hanger Corp., the Commission instituted investigation No. TA–421–2, Certain Steel Wire Garment Hangers From China, under section 421 of the Trade Act of 1974 to determine whether certain steel wire garment hangers from China are being imported into the United States in such increased quantities or under such conditions as to cause or threaten to cause market disruption to the domestic producers of like or directly competitive products.

Notice of the institution of the Commission's investigation and of the scheduling of a public hearing to be held in connection therewith was given

by posting a copy of the notice on the Commission's website (www.usitc.gov) and by publishing the notice in the **Federal Register** of December 6, 2002 (67 FR 72700). The hearing was held on January 9, 2003, in Washington, DC; all persons who requested the opportunity were permitted to appear in person or by counsel.

The views of the Commission are contained in USITC Publication 3575 (February 2003), entitled Certain Steel Wire Garment Hangers from China: Investigation No. TA–421–2.

By order of the Commission.

Issued: February 20, 2003.

Marilyn R. Abbott,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF JUSTICE

Office of Community Oriented Policing Services; FY 2002 Community Policing Discretionary Grants

AGENCY: Office of Community Oriented Policing Services, Department of Justice.

ACTION: Notice of availability of the finding of no significant impact and the environmental assessment.

SUMMARY: The Environmental Assessment, which is available to the public, concludes that the methamphetamine investigation and clandestine laboratory closure activities of the Methamphetamine/Drug Hot Spots Program will not have significant impact on the quality of the human environment.

ADDRESSES: For copies of the Environmental Assessment and the Finding of No Significant Impact, please contact: COPS Grants Administration Division, 1100 Vermont Avenue, NW., Washington, DC 20530; Phone: (202) 616–3031 or 1–800–421–6770.

FOR FURTHER INFORMATION CONTACT: The U.S. Department of Justice Response Center, 1–800–421–6770 and ask to speak with your Grant Program Specialist.

SUPPLEMENTARY INFORMATION: In Fiscal Year 2000, the COPS Office collaborated with the Bureau of Justice Assistance and the Drug Enforcement Administration, Department of Justice, to prepare an Environmental Assessment for methamphetamine law enforcement programs, and with specific application for the Methamphetamine/Drug Hot Spots Program. This Environmental Assessment was prepared as required by

the Council on Environmental Quality's regulations (40 CFR Parts 1500 through 1508), implementing the National Environmental Policy Act of 1969 (42 U.S.C. 4321, *et al.*). The Methamphetamine/Drug Hot Spots Program addresses a broad array of law enforcement initiatives pertaining to the investigation of methamphetamine trafficking in many heavily impacted areas of the country. For the purposes of this program, law enforcement may include training of law enforcement officers in methamphetamine-related issues; collection and maintenance of intelligence and information relative to methamphetamine trafficking and traffickers; investigation, arrest and prosecution of producers, traffickers and users of methamphetamine; interdiction and removal of laboratories, finished products, and precursor chemicals and other elements necessary to produce methamphetamine; and preventive efforts to reduce the spread and use of methamphetamine. Individual projects will reflect a concentration on program areas consistent with Congressional appropriations.

Among the many challenges faced by law enforcement agencies in the Methamphetamine/Drug Hot Spots Program will be discovery, interdiction, and dismantling of clandestine drug laboratories. These lab sites, as well as other methamphetamine crime venues must be comprehensively dealt with in compliance with a variety of health, safety and environmental laws and regulations. The COPS Office requires that recipients, when encountering illegal drug laboratories, use grant funds to effect the proper removal and disposal of hazardous materials located at those laboratories and directly associated sites in accordance with all applicable laws and regulations.

Overview

Environmental Assessment

The COPS Office will award grants to State and local criminal justice agencies for the FY 2002 COPS Methamphetamine/Drug Hot Spots Program. The Environmental Assessment concludes that the funding of this program will not have a significant impact on the quality of the human environment. Therefore, an Environmental Impact Statement will not be prepared for the funding of this program.

Dated: February 9, 2003.

Carl R. Peed,

Director, Office of Community Oriented Policing Services.

BILLING CODE 4410-AT-M

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act and the Clean Water Act

Notice is hereby given that on February 19, 2003, a proposed Consent Decree in *United States v. Certus, Inc.*, Civil Action No. 1:02CV00095, was lodged with the United States District Court for the Western District of Virginia.

In this action the United States sought recovery under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607, and Section 311(f) of the Federal Water Pollution Control Act ("Clean Water Act"), 33 U.S.C. 1321(f), of natural resource damages resulting from the release of hazardous substances from a tanker truck into the Clinch River in Tazewell County, Virginia. The Consent Decree requires Settling Defendant Certus, Inc. to pay \$3,707,432.84 to the United States and the Commonwealth of Virginia, as co-Trustees for natural resources, for use in restoring the natural resources injured by the release. In addition, Certus will pay \$92,567.16 to the United States in reimbursement of outstanding natural resource damages assessment costs. Certus previously reimbursed the United States \$481,967.40 for additional assessment costs.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Certus, Inc.*, D.J. Ref. No. 90-11-2-07004.

The Consent Decree may be examined at the Office of the United States Attorney, Western District of Virginia, 105 Franklin Road, SW., Roanoke, VA 24011, and at U.S. Fish & Wildlife Service, Virginia Field Office, 6669 Short Lane, Gloucester, VA 23061. During the public comment period, the Consent Decree may also be examined on the following Department of Justice Web site, <http://www.usdoj.gov/enrd/open.html>. A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia

Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy, please enclose a check in the amount of \$6.50 (25 cents per page reproduction cost) payable to the U.S. Treasury.

Robert D. Brook,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-M

DEPARTMENT OF JUSTICE

Environment and Natural Resources Division; Notice of Lodging Proposed Consent Decree

In accordance with Departmental Policy, 28 CFR § 50.7, notice is hereby given that a proposed consent decree in *United States v. Hammond*, No. 01 C 5559, was lodged with the United States District Court for the Northern District of Illinois on February 12, 2003. This proposed Consent Decree concerns a complaint filed by the United States against Danny Hammond, pursuant to the Clean Water Act, to obtain injunctive relief from and impose civil penalties against Hammond for violations of Sections 301(a) and 404 of the Act, 33 U.S.C. 1311(a), 1344.

The proposed Consent Decree requires Hammond to remove the fill material, restore the affected wetland, place a deed restriction on the property, and pay a civil penalty of \$10,000.

The Department of Justice will accept written comments relating to this proposed Consent Decree for thirty (30) days from the date of publication of this notice. Please address comments to Jonathan C. Haile, Assistant United States Attorney, 219 S. Dearborn St., Chicago, Illinois 60604, and refer to *United States v. Hammond*, No. 01 C 5559.

The proposed Consent Decree may be examined at the Clerk's Office, United States District Court for the Northern District of Illinois. In addition, the proposed Consent Decree may be viewed on the World Wide Web at <http://www.usdoj.gov/enrd/enrd-home.html>.

Letitia J. Grishaw,

Chief, Environmental Defense Section, Environment & Natural Resources Division.
