Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. If approved, the action may result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. If approved, the action may result in authorizing small entities to furnish the product to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the product proposed for deletion from the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

Notice of Final Results of Antidumping Duty Administrative Review and Final Partial Rescission: Certain Cut-to-Length Carbon Steel Plate from Romania

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On July 5, 2007, the Department of Commerce ("the Department") published the preliminary results of the administrative review of the antidumping duty order on certain cut-to-length carbon steel plate ("cut-to-length plate") from Romania. The review covers Mittal Steel Galati, S.A. ("MS Galati") a Romanian producer/exporter of the subject merchandise. This administrative review also covers Metalexportimport SA ("MEI"), an unaffiliated exporter that was not involved with any of the U.S. sales during the period of review and for which the Department is rescinding this review. The period of review is August 1, 2005, through December 14, 2005.¹

DATES: Effective Dates: November 9, 2007.

FOR FURTHER INFORMATION CONTACT: Dena Crossland or John Drury, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3362 or (202) 482-0195, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 14, 2006, the International Trade Commission determined that revocation of the antidumping duty orders on cut-to-length plate from certain countries,

¹ Since the effective date of revocation is December 15, 2005, the POR is August 1, 2005, through December 14, 2005.

including Romania, would not likely lead to continuation or recurrence of material injury to an industry in the United States. See *Certain Carbon Steel Products From Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom*, 72 FR 4529 (January 31, 2007) and USITC Publication 3899 entitled *Certain Carbon Steel Products from Australia, Belgium, Brazil, Canada, Finland, France, Germany, Japan, Korea, Mexico, Poland, Romania, Spain, Sweden, Taiwan, and the United Kingdom: Investigation Nos. AA1921-197 (Second Review); 701-TA-319, 320, 325-327, 348, and 350 (Second Review); and 731-TA-573, 574, 576, 578, 582-587, 612, and 614-618 (Second Review)* (January 2007). Pursuant to sections 751(c) and 751(d) of the Tariff Act of 1930, as amended ("the Act"), the Department revoked the antidumping duty order on cut-to-length plate from Romania. See *Revocation Pursuant to Second Five-Year (Sunset) Reviews: Countervailing Duty Orders on Certain Steel Products from Belgium, Brazil, Mexico, Spain and Sweden; Antidumping Duty Orders on Certain Cut-to-Length Carbon Steel Plate from Belgium, Brazil, Finland, Germany, Mexico, Poland, Romania, Spain, Sweden, and the United Kingdom; Antidumping Finding on Carbon Steel Plate from Taiwan*, 72 FR 6519 (February 12, 2007) ("Revocation of Plate from Romania"). The Department stated in the *Revocation of Plate from Romania* that it will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review. Pursuant to section 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the effective date of revocation is December 15, 2005. As a result, the Department is completing the instant review of cut-to-length plate from Romania.

On July 5, 2007, the Department published the preliminary results of the administrative review of the antidumping duty order on cut-to-length plate from Romania. See *Certain Cut-to-Length Carbon Steel Plate from Romania: Preliminary Results of the Antidumping Duty Administrative Review and Intent to Rescind in Part*, 72 FR 36658 (July 5, 2007) ("Preliminary Results"). We invited interested parties to comment on the *Preliminary Results*.

On August 7, 2007, we received a case brief from MS Galati. We did not receive any case or rebuttal briefs from the domestic interested party IPSCO Steel

Inc. ("IPSCO") or petitioner Nucor Corporation ("Nucor"). No interested parties requested a public hearing in this review.

Final Partial Rescission

We preliminarily determined to rescind the review with respect to MEI, MS Galati's unaffiliated exporter, because MS Galati stated on the record that MEI did not serve as an exporter for any of MS Galati's U.S. sales during the POR, and there were no identifiable entries of cut-to-length plate during the POR manufactured or exported by MEI, according to the Department's U.S. Customs and Border Protection ("CBP") data inquiry. *See Preliminary Results*. Additionally, in the previous antidumping duty administrative review of cut-to-length plate from Romania, covering the period August 1, 2004, through July 31, 2005, the Department found that (a) MEI is not a producer of subject merchandise, (b) MEI does not take title to the merchandise which MS Galati exports through MEI, and (c) MS Galati has knowledge of the destination of its subject merchandise exports. *See Notice of Final Results of Antidumping Duty Administrative Review and Final Partial Rescission: Certain Cut-to-Length Carbon Steel Plate from Romania*, 72 FR 6522 (February 12, 2007). No parties commented on this issue. Therefore, we have received no new information or evidence of changed circumstances that would cause the Department to reconsider that determination. Thus, we are finally rescinding the administrative review with respect to MEI.

Scope of the Order

The products covered by this order include hot-rolled carbon steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coil and without patterns in relief), of rectangular shape, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") under item

numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included under this review are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been "worked after rolling")—for example, products which have been bevelled or rounded at the edges. Excluded from this review is grade X-70 plate. These HTSUS item numbers are provided for convenience and customs purposes. The written description remains dispositive.

Analysis of Comments Received

The issues raised in the case brief by the respondent to this administrative review are addressed in the Issues and Decision Memorandum to David M. Spooner, Assistant Secretary for Import Administration, from Stephen Claeys, Deputy Assistant Secretary ("Decision Memorandum"), which is hereby adopted by this notice. A list of the issues addressed in the Decision Memorandum is appended to this notice. The Decision Memorandum is on file in the Central Records Unit in Room B-099 of the main Commerce building, and can also be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Review:

As a result of our review, we determine that the following margin exists for the period of August 1, 2005, through December 14, 2005:

PRODUCERMARGIN	
	Percent
Mittal Steel Galati S.A.	0.61

Assessment

The Department will determine, and CBP shall assess, antidumping duties on all appropriate entries, pursuant to section 751(a)(1)(B) of the Act and 19 CFR 351.212(b). The Department will direct CPB to liquidate any entries manufactured by MS Galati, and entered or withdrawn from warehouse for consumption during the POR, at the rate above. We intend to issue assessment instructions to CBP 15 days after the date of publication of these final results of review.

The Department clarified its "automatic assessment" regulation on May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) ("Assessment Policy Notice"). This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the "All Others" rate if there is no rate for the intermediary involved in the transaction. *See Assessment Policy Notice* for a full discussion of this clarification.

Cash Deposit Requirements

The Department notified CBP to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after December 15, 2005, the effective date of revocation of the antidumping duty order.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: November 2, 2007.

David M. Spooner,
Assistant Secretary for Import
Administration.

Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, From the People's Republic of China: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

SUMMARY: The Department of Commerce
("the Department") is extending the
time limit for the preliminary results of
the review of Heavy Forged Hand Tools,
Finished or Unfinished, With or
Without Handles ("HFHTs") from the
People's Republic of China ("PRC").
This review covers the period February
1, 2006, through January 31, 2007.

DATES: *Effective Date:* November 9,
2007.

FOR FURTHER INFORMATION CONTACT:
Javier Barrientos, AD/CVD Operations,
Office 9, Import Administration,
International Trade Administration,
U.S. Department of Commerce, 14th
Street and Constitution Avenue, NW.,
Washington DC 20230; telephone: (202)
482–2243.

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act
of 1930, as amended ("the Act"),
requires the Department of Commerce
("the Department") to make a
preliminary determination within 245
days after the last day of the anniversary
month of an order for which a review
is requested and a final determination
within 120 days after the date on which
the preliminary determination is
published. However, if it is not
practicable to complete the review
within these time periods, section
751(a)(3)(A) of the Act allows the
Department to extend the time limit for
the preliminary determination to a

maximum of 365 days after the last day
of the anniversary month.

Background

On March 28, 2007, the Department
published a notice of initiation of a
review of HFHTs from the PRC covering
the period February 1, 2006, through
January 31, 2007. *See Initiation of
Antidumping and Countervailing Duty
Administrative Reviews*, 72 FR 14516
(March 28, 2007). The preliminary
results of this administrative review are
currently due no later than October 31,
2007.

Extension of Time Limit of Preliminary Results

The Department determines that
completion of the preliminary results of
this review within the 245-day period is
not practicable because of: (1) The need
to analyze and issue supplemental
questionnaires regarding Respondent's
claim of no shipments, U.S. Customs
and Border Protection ("CBP") data, and
Petitioners' submissions related thereto;
and, (2) the current case workload and
other statutory deadlines. Therefore, the
Department is extending the time limit
for completion of the preliminary
results by 120 days.

Given the number and complexity of
issues in this case and the current case
workload, and in accordance with
section 751(a)(3)(A) of the Act, we are
extending the time period for issuing
the preliminary results of review by 120
days until February 28, 2008. The final
results continue to be due 120 days after
the publication of the preliminary
results.

We are issuing and publishing this
notice in accordance with sections
751(a)(3)(A) and 777(i) of the Act.

Dated: October 26, 2007.

Stephen J. Claeys,
Deputy Assistant Secretary for Import
Administration.

Stainless Steel Sheet and Strip in Coils From Taiwan; Notice of Extension of Time Limit for Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration,
International Trade Administration,
Department of Commerce.

DATES: *Effective Date:* November 9,
2007.

FOR FURTHER INFORMATION CONTACT:

Elizabeth Eastwood, AD/CVD
Operations, Office 2, Import
Administration, International Trade
Administration, U.S. Department of
Commerce, 14th Street and Constitution
Avenue, NW., Washington, DC 20230;
telephone: (202) 482–3874.

SUPPLEMENTARY INFORMATION:

Background

On August 3, 2007, the Department of
Commerce (the Department) published
in the **Federal Register** the preliminary
results and partial rescission of the
antidumping duty administrative review
of stainless steel sheet and strip in coils
from Taiwan covering the period July 1,
2005, through June 30, 2006. *See
Stainless Steel Sheet and Strip in Coils
from Taiwan: Preliminary Results and
Rescission in Part of Antidumping Duty
Administrative Review*, 72 FR 43236
(Aug. 3, 2007). The final results for this
administrative review are currently due
no later than December 3, 2007, the next
business day after 120 days from the
date of publication of the preliminary
results of review.

Extension of Time Limit for Final Results

Section 751(a)(3)(A) of Tariff Act of
1930, as amended (the Act), requires the
Department to issue the final results of
an administrative review within 120
days after the date on which the
preliminary results are published. If it is
not practicable to complete the review
within that time period, section
751(a)(3)(A) of the Act allows the
Department to extend the deadline for
the final results to a maximum of 180
days.

We determine that it is not practicable
to complete this administrative review
within the original time limits
mandated by section 751(a)(3)(A) of the
Act because we require additional time
to properly consider the complex issues
raised by interested parties in their case
briefs. Therefore, we are extending the
time limit for completion of the final
results of this administrative review by
60 days, in accordance with section
751(a)(3)(A) of the Act. Accordingly, the
final results are now due no later than
January 30, 2008.

We are issuing and publishing this
notice in accordance with sections
751(a)(1) and 777(i)(1) of the Act.

Dated: November 5, 2007.

Deputy Assistant Secretary for Import
Administration.
