

Final Results of the Review

Our final results remain unchanged from the preliminary results. As discussed in the *Preliminary Results*, neither CJETCC or Wonderful/Jiangsu Taifeng responded to the Department's questionnaire. Accordingly, neither of these companies established their entitlement to a separate rate in this review and, therefore, are presumed to be part of the PRC non-market economy (NME) entity and, as such, are subject to the PRC country-wide rate. Thus, the following margin applies for the period September 15, 1999, through May 31, 2001, for those imports where the exporter is CJETCC or Wonderful/Jiangsu Taifeng:

Manufacturer/producer/exporter	Margin Percent
PRC-wide Rate	129.60

Assessment Rates and Cash Deposit Requirements

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions directly to the Customs Service. The cash deposit rate for all shipments by CJETCC or Wonderful/Jiangsu Taifeng of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, will be the PRC-wide rate of 129.60 percent, as provided for by section 751(a)(1) of the Act. The cash deposit rate for PRC exporters who received a separate rate in a prior segment of the proceeding for which there was no request for administrative review will continue to be the rate assigned in that segment of the proceeding. The cash deposit rate for the PRC NME entity will continue to be 129.60 percent, and the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will continue to be the rate applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent

assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulation and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213.

Dated: May 17, 2002

Faryar Shirzad,

Assistant Secretary for Import Administration.

[Docket No.: 020503108-2108-01]

Notice of Intent To Update Existing Electron Ionization Mass Spectral Library

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice and request for comments.

SUMMARY: The National Institute of Standards and Technology announces its intent to update its electron ionization mass spectral library. The update will increase the number of spectra from 130,000 to approximately 175,000. Interested parties are invited to submit comments to the address below.

DATES: Comments must be received by June 24, 2002.

ADDRESSES: Comments should be sent to the attention of Dr. Stephen Stein at the National Institute of Standards and Technology, Mail Stop 8380, 100 Bureau Drive, Gaithersburg, MD, 20899-8520.

FOR FURTHER INFORMATION CONTACT: Dr. Stephen Stein by writing to the above address or by e-mail at stephen.stein@nist.gov or by telephone at (301) 975-2444.

SUPPLEMENTARY INFORMATION: As part of its responsibilities under Title 15 U.S.C. 290 to collect, evaluate and publish high quality Standard Reference Data (SRD), NIST creates and maintains evaluated SRD databases. One such database is the

Mass Spectral Database which is an evaluated data collection containing electron ionization mass spectra for discrete chemical substances. The database is primarily used to aid in the identification of chemical compounds by providing a source for reference spectra for comparison to spectra acquired by commercial instruments, especially spectra generated by gas chromatography/mass spectrometry. For each spectrum, auxiliary information for chemical identification is provided, including chemical names, formulas, chemical structures and related information. The planned update will increase the number of spectra from 130,000 to approximately 175,000 spectra, representing a wide variety of substances. The updated spectra will provide wider coverage of compounds and a higher level of accuracy. This will increase the confidence of users of the library in identifying chemical substances. We invite comments concerning this update

Dated: May 20, 2002.

Karen H. Brown,

Deputy Director.

National Institute of Standards and Technology

Announcing a Meeting of the Computer System Security And Privacy Advisory Board

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of meeting.

SUMMARY: Pursuant to the Federal Advisory Committee Act, 5 U.S.C. App., notice is hereby given that the Computer System Security and Privacy Advisory Board (CSSPAB) will meet Tuesday, June 11, 2002, from 9 a.m. until 4 p.m., Wednesday, June 12, 2002, from 8:30 a.m. until 4 p.m. and on Thursday, June 13, 2002, from 8:30 a.m. until 3 p.m. All sessions will be open to the public. The Advisory Board was established by the Computer Security Act of 1987 (Pub. L. 100-235) to advise the Secretary of Commerce and the Director of NIST on security and privacy issues pertaining to federal computer systems. Details regarding the Board's activities are available at <http://csrc.nist.gov/csspab/>.

DATES: The meeting will be held on June 11, 2002, from 9 a.m. until 4 p.m., June 12, 2002, from 8:30 a.m. until 4 p.m., and June 13, 2002, from 8:30 a.m. until 3 p.m.
