

approval by the Archivist of the United States. You may elect at [regulations.gov](https://www.regulations.gov) to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.

BILLING CODE 7515-01-P

NATIONAL CREDIT UNION ADMINISTRATION

Submission for OMB Review; Comment Request

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice.

SUMMARY: The National Credit Union Administration (NCUA) will submit the following information collection requests to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice.

DATES: Comments should be received on or before November 21, 2019 to be assured of consideration.

ADDRESSES: Send comments regarding the burden estimates, or any other aspect of the information collections, including suggestions for reducing the burden, to (1) Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for NCUA, New Executive Office Building, Room 10235, Washington, DC 20503, or email at OIRA_Submission@OMB.EOP.gov and (2) NCUA PRA Clearance Officer, 1775 Duke Street, Suite 6032, Alexandria, VA 22314, or email at PRAComments@ncua.gov.

FOR FURTHER INFORMATION CONTACT: Copies of the submission may be obtained by contacting Dawn Wolfgang at (703) 548-2279, emailing PRAComments@ncua.gov, or viewing the entire information collection request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0004.

Type of Review: Revision of a currently approved collection.

Title: NCUA Call Report.

Forms: NCUA Form 5300.

Abstract: Sections 106 and 202 of the Federal Credit Union Act require federally insured credit unions (FICUs) to make financial reports to the NCUA. Section 741.6 of the NCUA Rules and Regulations requires all FICUs to submit a Call Report (NCUA Form 5300) quarterly.

Financial information collected through the Call Report is essential to NCUA supervision of federal credit unions. This information also facilitates NCUA monitoring of other credit unions with share accounts insured by the National Credit Union Share Insurance Fund (NCUSIF).

Estimated Total Annual Burden Hours: 84,928.

Reasons for change: The Profile (NCUA Form 4501A) and its burden requirements have been removed from this OMB control number and NCUA will obtain a separate OMB control number. The burden hours reflect this adjustment and a reduction in the number of respondents due to the decline in the number of FICUs from 5,375 to 5,308. Revisions are attributed to the issuance of account standards codifications (ASC) by the Financial Accounting Standards Board and the modification to the Payday Alternative Loan caption to include PALs II. These revisions will not alter the estimated burden hours to complete this filing. Modifications to the account code classifications and the revisions to text will not impact the burden.

OMB Number: 3133-NEW.

Type of Review: New collection.

Title: NCUA Form 4501A.

Abstract: Sections 106 and 202 of the Federal Credit Union Act require federally insured credit unions to make financial reports to the NCUA. Section 741.6 requires insured credit unions to submit a Credit Union Profile (NCUA Form 4501A) and update the Profile with 10 days of election or appointment of senior management or volunteer officials or 30 days of other changes in Program information. The NCUA website further directs credit unions to review and certify their Profiles every Call Report (OMB No. 3133-0004) cycle.

Statistical information collected through the Profile is essential to NCUA supervision of federal credit unions. This information also facilitates NCUA monitoring of other credit unions with share accounts insured by the National Credit Union Share Insurance Fund (NCUSIF).

Estimated Total Annual Burden Hours: 42,464.

Reasons for change: The Profile (NCUA Form 4501A) and its burden requirements have been removed from

OMB control number 3133-0004 due to technology resource constraints that have created different revision cycles. A revision to this form from the previous submission includes a modification to the Payday Alternative Loan caption to include PALs II.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on October 16, 2019.

Dated: October 17, 2019.

Dawn D. Wolfgang,

NCUA PRA Clearance Officer.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by November 21, 2019. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314.

FOR FURTHER INFORMATION CONTACT: Nature McGinn, ACA Permit Officer, at the above address, 703-292-8030, or ACAPermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541, 45 CFR 670), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

Application Details

Permit Application: 2020-016

1. *Applicant* Ari Friedlaender, UC Santa Cruz, Institute of Marine Sciences,

115 McAllister Way, Santa Cruz, CA 96050.

Activity for Which Permit is Requested: Take, Harmful Interference, Import into USA, Enter Antarctic Specially Protected Areas (ASPAs). The applicant proposes to engage in research activities to understand the population demography, health, behavior, and ecology of cetaceans, pinnipeds, and seabirds in the Antarctic Peninsula region. To study these species, the applicant and agents would assess body condition, health, behavior, and distribution using remotely piloted aircraft systems (RPAS). Population demography and growth rates of cetaceans would be evaluated from remote biopsy samples that would be imported to the US for analysis. Behavior and ecology of individual whales would be studied using multi-sensor suction cup tags that collect high-resolution behavioral information for 1–2 days, dart/barb tags that to collect spatial and dive data for up to one month, and implantable tags that collect movement and behavioral data on individual whales for months. The applicant and agents would biopsy, tag, and operate RPAS over humpback whales, Antarctic minke whales, blue whales, fin whales, sei whales, southern right whales, killer whales, and Arnoux's beaked whales. The applicant and agents would also operate RPAS over Antarctic fur seals, crabeater seals, leopard seals, Weddell seals, elephant seals, Adelie penguins, gentoo penguins, chinstrap penguins, brown skua, south polar skua, giant petrel, kelp gull, blue-eyed shag, and snowy sheathbill. In order to capture imagery of some seals and seabird species, the applicant and agents would enter the ASPA 117, Avian Island. The proposed research focusing on cetaceans requires a permit under the Marine Mammal Protection Act. The proposed research on pinnipeds would be authorized by a Letter of Confirmation issued by the National Marine Fisheries Service (expiry date: November 15, 2022).

Location: Antarctic Peninsula region.

Dates of Permitted Activities: November 1, 2019–October 31, 2024.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.
