On the basis of the record<sup>1</sup> developed in the subject investigation, the United States International Trade Commission determines, pursuant to section 735(b) of the Tariff Act of 1930 (19 U.S.C. 1673d(b)) (the Act), that imports of the subject merchandise from Germany were negligible for purposes of the Commission's analysis of material injury by reason of imports of certain stainless steel butt-weld pipe fittings from Germany but that there is a potential that such imports will imminently account for more than three percent of total imports. The Commission also determines that an industry in the United States is not threatened with material injury by reason of imports of certain stainless steel butt-weld pipe fittings from Germany, provided for in subheading 7307.23.00 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be sold in the United States at less than fair value (LTFV).

fittings from Germany were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).
