

assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the respondent will be equal to the weighted-average dumping margin established in the final results of this administrative review (*i.e.*, 0.00 percent); (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 13.50 percent *ad valorem*, the all-others rate established in the LTFV investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which

continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: April 12, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Melamine From Germany, India, Qatar, and Trinidad and Tobago: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable April 18, 2024.

FOR FURTHER INFORMATION CONTACT: Bob Palmer or Faris Montgomery, Office VIII (Germany), Paul Kebker or Dylan Hill, Office IV (India), Sofia Pedrelli or Samantha Kinney, Office II (Qatar), or Colin Thrasher, Office V (Trinidad and Tobago), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482-9068, (202) 482-1537, (202) 482-2254, (202) 482-1197, (202) 482-4310, (202) 482-2285, and (202) 482-3004, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 5, 2024, the U.S. Department of Commerce (Commerce) initiated countervailing duty (CVD) investigations of U.S. imports of melamine from Germany, India, Qatar, and Trinidad and Tobago (the

investigations).¹ Currently, the preliminary determinations in the investigations are due no later than May 9, 2024.

Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act permits Commerce to postpone the preliminary determination in a CVD investigation until no later than 130 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for an extension of the period within which the determination must be made; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make the preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On April 4, 2024, Cornerstone Chemical Company, the petitioner in the investigations, timely requested that Commerce postpone the preliminary determinations in the investigations.² The petitioner requested postponement of the preliminary determinations in the investigations so that Commerce can fully analyze the forthcoming questionnaire responses of the mandatory respondents and issue supplemental questionnaires, as necessary.³

In accordance with 19 CFR 351.205(e), the petitioner submitted its requests for postponement of the preliminary determinations in the investigations 25 days or more before the scheduled date of the preliminary determinations and stated the reasons for its requests. Commerce finds no compelling reason to deny the requests. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations in the

³ *Id.*

⁹ See *Order*, 85 FR at 1300.

investigations to no later than 130 days after the date on which it initiated the investigations, *i.e.*, July 15, 2024.⁴

Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations in the investigations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: April 11, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

University of Chicago; Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before May 8, 2024. Address written comments to Statutory Import Programs Staff, Room 41006, U.S. Department of Commerce, Washington, DC 20230. Please also email a copy of those comments to Dianne.Hanshaw@trade.gov.

Docket Number: 23-016. Applicant: University of Chicago, 929 East 57th Street, GCIS ESB04, Chicago, IL 60637. *Instrument:* Fiber Laser. *Manufacturer:* PreciLasers, China. *Intended Use:* The instrument is intended to be used for Quantum computing and Quantum simulation using Potassium Silver molecules in an array of optical

tweezers. Potassium Silver molecules are ideal candidates for performing quantum simulations due to their defect-free properties and highly tunable interactions. These molecules will be prepared by first laser cooling potassium and silver atoms, using the lasers ordered from PreciLasers. Then, they will be associated into molecules using magnetic fields, and transferred into the absolute ground state potential, using another set of lasers. *Justification for Duty-Free Entry:* According to the applicant, there are no instruments of the same general category manufactured in the United States. *Application accepted by Commissioner of Customs:* October 20, 2023.

Dated: March 7, 2024.

Gregory W. Campbell,

Director, Subsidies and Economic Analysis, Enforcement and Compliance.

National Oceanic and Atmospheric Administration

[RTID 0648-XD138]

Atlantic Highly Migratory Species; Essential Fish Habitat 5-Year Review

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; notice of intent.

SUMMARY: NMFS announces the availability of the Final Atlantic Highly Migratory Species (HMS) Essential Fish Habitat (EFH) 5-Year Review (Final HMS EFH 5-Year Review) and intent to initiate Amendment 17 to the 2006 Consolidated HMS Fishery Management Plan (FMP) to modify HMS EFH descriptions and designations. The purpose of the Final HMS EFH 5-Year Review is to gather relevant new information and determine whether modifications to existing EFH descriptions and designations are warranted, in compliance with the requirements of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) and implementing regulations. NMFS has determined that modifications to EFH descriptions and designations are warranted.

DATES: The Final HMS EFH 5-Year Review will be available on April 18, 2024. Data contributions for inclusion in Draft Amendment 17 to the 2006

Consolidated HMS FMP must be received by July 17, 2024.

ADDRESSES: Electronic copies of information related to the Final HMS EFH 5-Year Review, including the Final HMS EFH 5-Year Review, may be obtained on the HMS Management Division website at: <https://www.fisheries.noaa.gov/action/essential-fish-habitat-5-year-review-0>.

Please submit data contributions via email to NMFS.SF.HMSEFH@noaa.gov with the subject "Atlantic HMS Amendment 17 Data." See the **SUPPLEMENTARY INFORMATION** section for additional details on data contributions.

FOR FURTHER INFORMATION CONTACT: Jennifer Cudney, jennifer.cudney@noaa.gov, at 727-824-5399, or Ann Williamson, ann.williamson@noaa.gov, at 301-427-8503.

SUPPLEMENTARY INFORMATION: Atlantic HMS fisheries (tunas, billfish, swordfish, and sharks) are managed under 2006 Consolidated HMS FMP and its amendments pursuant to the Magnuson-Stevens Act (16 U.S.C. 1801 *et seq.*) and consistent with the Atlantic Tunas Convention Act (ATCA; 16 U.S.C. 971 *et seq.*). HMS implementing regulations are at 50 CFR part 635.

The Magnuson-Stevens Act includes provisions concerning the identification and conservation of EFH (16 U.S.C. 1801 *et seq.*). EFH is defined in 50 CFR 600.10 as "those waters and substrate necessary to fish for spawning, breeding, feeding, or growth to maturity." NMFS must identify and describe EFH, minimize to the extent practicable the adverse effects of fishing on EFH, and identify other actions to encourage the conservation and enhancement of EFH (§ 600.815(a)). EFH maps are presented online in the NMFS EFH Mapper (<https://www.habitat.noaa.gov/apps/efhmapper/>). The most recently available EFH shapefiles may be downloaded from the EFH Data Inventory (<https://www.habitat.noaa.gov/protection/efh/newInv/index.html>). Federal agencies that authorize, fund, or undertake actions that may adversely affect EFH must consult with NMFS, and NMFS must provide conservation recommendations to Federal and state agencies regarding any such actions (§ 600.815(a)(9)).

Under the current 2006 Consolidated HMS FMP as amended, NMFS uses a two-phase process to review and consider updates to HMS EFH. Phase 1 includes the development of a draft 5-year review, the public comment process, and the publication of a final 5-year review. Phase 1 is initiated approximately 5 years after publication

⁴ Postponing the preliminary determinations to 130 days after initiation of the investigations would make the deadline on Saturday, July 13, 2024. Commerce's practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day, in this case Monday, July 15, 2024. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).
