

expectations for the recipient to provide technical assistance to the Transforming Pediatrics in Early Childhood (TPEC) program (HRSA–22–141) recipients and a broad range of providers and stakeholders to support the integration of early childhood development expertise in pediatric care.

A Congressional Report accompanying the Further Consolidated Appropriations Act, 2024 (Pub. L. 118–47) included funding to “expand placements of early childhood development experts in pediatrician offices with a high percentage of Medicaid and Children’s Health Insurance Program patients” (Senate Report 118–84), which led to the funding of four additional TPEC recipients in FY 2024, for a total of eight. Consistent with Congressional intent accompanying the FY 2024 appropriation, HRSA, through its Maternal and Child Health Bureau, will provide a supplement of \$440,000 in Special Projects of Regional and National Significance funding to the ECDHS Program recipient to continue their provision of technical assistance to these four additional TPEC recipients and for national dissemination of technical assistance to support early childhood development integration within comprehensive early childhood systems.

This supplement will improve access to early childhood development services that improve health outcomes and prevent the onset of chronic illness for families nationwide and will build the capacity of the health system to deliver high-quality pediatric services that address the holistic needs of children and families.

Thomas J. Engels,
Administrator.

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Declaration of Emergency Pursuant to the Federal Food, Drug, and Cosmetic Act for New World Screwworm

AGENCY: Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The Secretary of Health and Human Services (HHS) is issuing this notice pursuant to the Federal Food, Drug, and Cosmetic (FD&C) Act. On August 18, 2025, the Secretary

determined, pursuant to his authority under the FD&C Act, that there is a significant potential for a public health emergency that has a significant potential to affect national security or the health and security of United States citizens living abroad and that involves New World Screwworm (*Cochliomyia hominivorax*) (NWS).

DATES: The determination and declaration were effective August 18, 2025.

FOR FURTHER INFORMATION CONTACT:

Tristan Colonius, Chief Veterinary Officer, U.S. Food and Drug Administration, 5001 Campus Drive, College Park, MD 20740, Tristan.colonius@fda.hhs.gov, 301–796–2624.

SUPPLEMENTARY INFORMATION:

I. Background

Under section 564 of the Federal Food, Drug, and Cosmetic Act (FD&C Act), HHS has the ability to take certain steps to help facilitate the availability of medical countermeasures based on one of four determinations under section 564(b): (1) A determination by the Secretary of Homeland Security that there is a domestic emergency, or a significant potential for a domestic emergency, involving a heightened risk of attack with a, chemical, biological, radiological, or nuclear (“CBRN”) agent or agents; (2) the identification of a material threat by the Secretary of the Homeland Security pursuant to section 319F–2 of the Public Health Service (PHS) Act sufficient to affect national security or the health and security of United States citizens living abroad; (3) a determination by the Secretary of Defense that there is a military emergency, or a significant potential for a military emergency, involving a heightened risk to United States military forces, including personnel operating under the authority of title 10 or title 50, of attack with (i) a CBRN agent or agents; or (ii) an agent or agents that may cause, or are otherwise associated with, an imminently life-threatening and specific risk to United States military forces; or (4) a determination by the Secretary [of HHS] that there is a public health emergency, or a significant potential for a public health emergency, that affects, or has a significant potential to affect, national security or the health and security of United States citizens living abroad, and that involves a CBRN agent or agents, or a disease or condition that may be attributable to such agent or agents.

Based on any of these four determinations, the Secretary of HHS may declare that circumstances exist

that justify Emergency Use Authorization (EUA), at which point the Commissioner of Food and Drugs of the U.S. Food and Drug Administration (FDA), acting under delegated authority from the Secretary of HHS, may issue an EUA authorizing (1) the emergency use of an unapproved drug, an unapproved or uncleared device, or an unlicensed biological product; or (2) an unapproved use of an approved drug, approved or cleared device, or licensed biological product, if the criteria for issuance of an authorization under section 564 of the FD&C Act are met.

The Commissioner of Food and Drugs requested that the Secretary issue the declaration to allow FDA to take measures based on information currently available about NWS. The determination that there is a significant potential for a public health emergency that has a significant potential to affect national security or the health and security of United States citizens living abroad and that involves NWS (*Cochliomyia hominivorax*), and the declaration that circumstances exist justifying the authorization of emergency use of animal drugs to treat or prevent NWS myiasis in animals by the Secretary, enable the Commissioner of Food and Drugs to issue EUAs for animal drugs for prevention or treatment of New World Screwworm myiasis.

II. Determination by the Secretary of Health and Human Services

On August 18, 2025, I determined, pursuant to my authority under section 564(b)(1)(C) of the FD&C Act, that there is a significant potential for a public health emergency that has a significant potential to affect national security or the health and security of United States citizens living abroad and that involves New World Screwworm (*Cochliomyia hominivorax*).

III. Declaration of the Secretary of Health and Human Services

On August 18, 2025, pursuant to section 564(b)(1) of the FD&C Act and subject to the terms of any authorization issued under that section, I declare that circumstances exist justifying the authorization of emergency use of animal drugs to treat or prevent New World Screwworm myiasis in animals. This declaration remains in effect until the declaration is terminated in

accordance with section 564 of the FD&C Act.

Robert F. Kennedy, Jr.,

Secretary, U.S. Department of Health and Human Services.

BILLING CODE 4161–01–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2025–0199]

Information Collection Request to Office of Management and Budget; OMB Control Number: 1625–0065

AGENCY: Coast Guard, DHS.

ACTION: Sixty-day notice requesting comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the U.S. Coast Guard intends to submit an Information Collection Request (ICR) to the Office of Management and Budget (OMB), Office of Information and Regulatory Affairs (OIRA), requesting an extension of its approval for the following collection of information: 1625–0065, Offshore Supply Vessels; without change. Our ICR describes the information we seek to collect from the public. Before submitting this ICR to OIRA, the Coast Guard is inviting comments as described below.

DATES: Comments must reach the Coast Guard on or before October 20, 2025.

ADDRESSES: You may submit comments identified by Coast Guard docket number [USCG–2025–0199] to the Coast Guard using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the “Public participation and request for comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

A copy of the ICR is available through the docket on the internet at <https://www.regulations.gov>. Additionally, copies are available from: Commandant (CG–C51–P), Attn: Paperwork Reduction Act Manager, U.S. Coast Guard, 2703 Martin Luther King Jr. Ave. SE, Stop 7710, Washington, DC 20593–7710.

FOR FURTHER INFORMATION CONTACT: A.L. Craig, Office of Privacy Management, telephone (571) 607–4058, or email hqs-dg-m-cg-61-pii@uscg.mil for questions on these documents.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

This notice relies on the authority of the Paperwork Reduction Act of 1995; 44 U.S.C. 3501 *et seq.*, chapter 35, as amended. An ICR is an application to OIRA seeking the approval, extension, or renewal of a Coast Guard collection of information (Collection). The ICR contains information describing the Collection’s purpose, the Collection’s likely burden on the affected public, an explanation of the necessity of the Collection, and other important information describing the Collection. There is one ICR for each Collection.

The Coast Guard invites comments on whether this ICR should be granted based on the Collection being necessary for the proper performance of Departmental functions. In particular, the Coast Guard would appreciate comments addressing: (1) the practical utility of the Collection; (2) the accuracy of the estimated burden of the Collection; (3) ways to enhance the quality, utility, and clarity of information subject to the Collection; and (4) ways to minimize the burden of the Collection on respondents, including the use of automated collection techniques or other forms of information technology.

In response to your comments, we may revise this ICR or decide not to seek an extension of approval for the Collection. We will consider all comments and material received during the comment period.

We encourage you to respond to this request by submitting comments and related materials. Comments must contain the OMB Control Number of the ICR and the docket number of this request, USCG–2025–0199 and must be received by October 20, 2025.

Submitting Comments

We encourage you to submit comments through the Federal eRulemaking Portal at <https://www.regulations.gov>. If your material cannot be submitted using <https://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice, and all public comments, are in our online docket at <https://www.regulations.gov> and can be viewed by following that website’s instructions. We review all comments received, but we may choose not to post off-topic, inappropriate, or duplicate comments that we receive. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS’s eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Information Collection Request

Title: Offshore Supply Vessels—Title 46 CFR Subchapter L.

OMB Control Number: 1625–0065.

Summary: 46 U.S.C. 3305 and 3306 authorizes the Coast Guard to prescribe safety regulations. 46 CFR Subchapter L promulgates marine safety regulations for offshore supply vessels (OSV).

Need: The OSV posting/marketing requirements are needed to provide instructions to those onboard of actions to be taken in the event of an emergency. The reporting/recordkeeping requirements verify compliance with regulations without Coast Guard presence to witness routine matters, including OSVs based overseas as an alternative to Coast Guard inspection.

Forms: None.

Respondents: Operators and operators of vessels.

Frequency: On occasion.

Hour Burden Estimate: The estimated burden has decreased from 718 hours to 695 hours a year, due to a decrease in the estimated annual number of responses.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. chapter 35, as amended.

Dated: July 31, 2025.

Bradley E. White,

(Acting) Chief, Office of Privacy Management, U.S. Coast Guard.
