32 CFR Part 105

[Docket ID: DoD-2019-OS-0084]

RIN 0790-AK82

Sexual Assault Prevention and Response Program Procedures

AGENCY: Office of the Secretary, DoD.

ACTION: Final rule.

SUMMARY: This final rule removes the Department of Defense's (DoD's) duplicative regulation concerning the Sexual Assault Prevention and Response Program (SAPR) Procedures. On July 15, 2020, DoD published a single revised DoD-level SAPR Program rule, which finalized two previously published interim final rules. The revision deleted all guidance internal to DoD and incorporated from this part those policy provisions directly affecting DoD's obligations to provide sexual assault prevention and response (SAPR) services to certain members of the public who are adult victims of sexual assault. Therefore, this part is now unnecessary and may be removed from the CFR.

DATES: This rule is effective on September 17, 2020.

FOR FURTHER INFORMATION CONTACT:

Diana Rangoussis, Senior Policy Advisor, Sexual Assault Prevention and Response Office (SAPRO), (571)372-2648.

SUPPLEMENTARY INFORMATION: DoD now has a single sexual assault prevention and response (SAPR) rule at 32 CFR part 103 (85 FR 42707-42724) that incorporates those policy provisions from 32 CFR part 105 that directly affect DoD's obligations to provide SAPR services to certain members of the public who are adult victims of sexual

assault. 32 CFR 103 will be the only part that outlines the Department's obligations to provide SAPR services to certain members of the public. The content of 32 CFR part 105, "Sexual Assault Prevention and Response Program Procedures," last updated on September 27, 2016 (81 FR 66427), is no longer required and can be removed.

It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on the removal of policies and procedures that are now reflected in another CFR part, 32 CFR part 103, or are publicly available on the Department's website. The Department's internal policies and procedures are published in DoD Directive 6495.01, "Sexual Assault Prevention and Response (SAPR) Program" (last updated April 11, 2017, and available at <http://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodd/649501p.pdf>), and DoD Instruction 6495.02, "Sexual Assault Prevention and Response (SAPR) Program Procedures," (last updated May 24, 2017, and available at <http://www.esd.whs.mil/Portals/54/Documents/DD/issuances/dodi/649502p.pdf>).

This rule is not significant under Executive Order (E.O.) 12866, "Regulatory Planning and Review." Therefore, E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs," does not apply.

Defense Commissary Agency Privacy Act Program

AGENCY: Defense Commissary Agency, Defense Department (DoD).

ACTION: Final rule.

SUMMARY: This final rule removes DoD's regulation concerning the Defense Commissary Agency Privacy Act Program. On April 11, 2019, the Department of Defense published a revised DoD-level Privacy Program rule, which implements the Privacy Act and establishes an agency-wide privacy program that serves as the single Privacy Program rule for the Department. That revised Privacy Program rule also includes all DoD component exemption rules. Therefore, this part is now unnecessary and should be removed from the CFR.

DATES: This rule is effective on September 17, 2020.

FOR FURTHER INFORMATION CONTACT:

Ralph J. Tremaglio, Senior Agency Official for Privacy at 804-734-8000, Ext. 48116.

SUPPLEMENTARY INFORMATION: DoD now has a single DoD-level Privacy Program rule at 32 CFR part 310 (84 FR 14728) that contains all the codified information required for the Department. The Defense Commissary Agency Privacy Act Program regulation at 32 CFR part 327, last updated on June 28, 2000 (65 FR 39806), is no longer required and can be removed.

It has been determined that publication of this CFR part removal for public comment is impracticable, unnecessary, and contrary to public interest since it is based on the removal of policies and procedures that are either now reflected in another CFR part, 32 CFR part 310, or are publicly available on the Department's website. The Defense Commissary Agency will publish any future internal policy implementing the Privacy Act in DeCA Directive 80-21, "Defense Commissary Agency Privacy Program," April 15, 2010 (available at <https://onenet.commissaries.com/documents/browse-documents?documenttype=57>).

This rule is one of 20 separate DoD Component Privacy rules. With the finalization of the DoD-level Privacy rule at 32 CFR part 310, the Department is eliminating separate component

Privacy Act programs and reducing costs to the public as explained in the preamble of the DoD-level Privacy rule published at 84 FR 14728.

This rule is not significant under Executive Order (E.O.) 12866, “Regulatory Planning and Review.” Therefore, E.O. 13771, “Reducing Regulation and Controlling Regulatory Costs,” does not apply.

Significant New Use Rules on Certain Chemical Substances (20-1.5e)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is issuing significant new use rules (SNURs) under the Toxic Substances Control Act (TSCA) for chemical substances that were the subject of premanufacture notices (PMNs) and are subject to Orders issued by EPA pursuant to TSCA. This action requires persons to notify EPA at least 90 days before commencing manufacture (defined by statute to include import) or processing of any of these chemical substances for an activity that is designated as a significant new use by this rule. The required notification initiates EPA’s evaluation of the chemical under the conditions of use within the applicable review period. Persons may not commence manufacture or processing for the significant new use until EPA has conducted a review of the notice, made an appropriate determination on the notice, and has taken such actions as are required as a result of that determination.

DATES: This rule is effective on November 16, 2020. For purposes of

judicial review, this rule shall be promulgated at 1 p.m. (EST) on October 1, 2020.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you manufacture, process, or use the chemical substances contained in this rule. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Manufacturers or processors of one or more subject chemical substances (NAICS codes 325 and 324110), e.g., chemical manufacturing and petroleum refineries.

This action may also affect certain entities through pre-existing import certification and export notification rules under TSCA. Chemical importers are subject to the TSCA section 13 (15 U.S.C. 2612) import provisions promulgated at 19 CFR 12.118 through 12.127 and 19 CFR 127.28. Chemical importers must certify that the shipment of the chemical substance complies with all applicable rules and orders under TSCA, which would include the SNUR requirements. The EPA policy in support of import certification appears at 40 CFR part 707, subpart B. In addition, any persons who export or intend to export a chemical substance that is the subject of this rule are subject to the export notification provisions of TSCA section 12(b) (15 U.S.C. 2611(b)) (see 40 CFR 721.20), and must comply with the export notification requirements in 40 CFR part 707, subpart D.

II. Background

A. What action is the Agency taking?

EPA is finalizing SNURs under TSCA section 5(a)(2) (15 U.S.C. 2604(a)(2)) for chemical substances which were the subject of PMNs P-14-865, P-15-54, P-16-583, P-17-193, P-17-221, P-17-282, P-17-334, P-17-386, P-18-12, P-18-18, P-18-42, P-18-52, P-18-53, P-18-62, P-18-74, P-18-75, P-18-160, P-18-237, P-18-287, P-18-292, P-19-51, P-19-55, and P-19-159.

Previously, in the **Federal Register** of May 4, 2020 (85 FR 26419) (FRL-10007-65), EPA proposed SNURs for these chemical substances and established the record for these SNURs in the docket under docket ID number EPA-HQ-OPPT-2019-0596. That docket includes information considered by the Agency in developing the proposed and final rules, including public comments and EPA’s responses to the public comments received.

B. What is the Agency’s authority for taking this action?

TSCA section 5(a)(2) (15 U.S.C. 2604(a)(2)) authorizes EPA to determine that a use of a chemical substance is a “significant new use.” EPA must make this determination by rule after considering all relevant factors, including the four bulleted TSCA section 5(a)(2) factors listed in Unit III.

C. Applicability of General Provisions

General provisions for SNURs appear in 40 CFR part 721, subpart A. These provisions describe persons subject to the rule, recordkeeping requirements,
