SUPPLEMENTARY INFORMATION:

I. Background

The Mine Safety and Health Administration (MSHA) is responsible for the inspection, testing, approval and certification, and quality control of mining equipment and components, materials, instruments, and explosives used in both underground and surface coal, metal, and nonmetal mines. Title 30, Code of Federal Regulations (CFR), parts 6 through 36 contain procedures by which manufacturers may apply for and have equipment approved as "permissible" for use in mines.

II. Desired Focus of Comments

MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A copy of the documents supporting this information collection request can be obtained by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice, or viewed on the Internet at <http://www.msha.gov>. To view the documents

on MSHA's Web site: select "Rules & Regs" on the right side of the screen; then select "FR Docs"; and under "Information Collection Requests" on the next screen, select "Paperwork Reduction Act Supporting Statements."

III. Current Actions

This notice contains the request for an extension of the existing collection of information in 30 CFR Parts 6 through 36. Parts 6 through 36 require that an investigation leading to approval or certification will be undertaken by the A&CC at the MSHA only pursuant to a written application accompanied by prescribed drawings and specifications identifying the piece of equipment. This information is used by engineers and scientists to evaluate the design in conjunction with tests to assure conformance to standards prior to approval for use in mines.

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Seek Approval To Extend a Current Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request renewal of this collection. In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by June 28, 2011 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

For Additional Information or Comments: Contact Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone 703-292-7556; or send e-mail to splimpto@nsf.gov. You also may obtain a copy of the data collection instrument and instructions from Ms. Plimpton. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Graduate Research Fellowship Application.

OMB Approval Number: 3145-0023.

Expiration Date of Approval: September 30, 2011.

Type of Request: Intent to seek approval to extend without revision an information collection for three years.

Abstract: Section 10 of the National Science Foundation Act of 1950 (42 U.S.C. 1861 *et seq.*), as amended, states that "The Foundation is authorized to award, within the limits of funds made available * * * scholarships and

graduate fellowships for scientific study or scientific work in the mathematical, physical, biological, engineering, social, and other sciences at accredited U.S. institutions selected by the recipient of such aid, for stated periods of time."

The Graduate Research Fellowship Program is designed to meet the following objectives:

- To select, recognize, and financially support individuals with the demonstrated potential to be high achieving scientists and engineers.
- To broaden participation in science and engineering.

The list of GRFP Fellows sponsored by the Foundation may be found via FastLane through the NSF Web site: <http://www.fastlane.nsf.gov>. The GRF Program is described in the Solicitation available at: http://www.nsf.gov/publications/pub_summ.jsp?WT_z_pims_id=6201&ods_key=nsf10604.

Estimate of Burden: This is an annual application program providing three years of support to individuals, usable over a five-year fellowship period. The application deadline is the third week in November. It is estimated that each submission is averaged to be 12 hours per respondent.

Respondents: Individuals.

Estimated Number of Responses: 12,000.

Estimated Total Annual Burden on Respondents: 144,000 hours.

Frequency of Responses: Annually.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: April 25, 2011.
