SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions or additional information by visiting the Federal eRulemaking Portal site at: <https://www.regulations.gov> and entering USCIS-2010-0008 in the search box. All submissions will be posted, without change, to the Federal eRulemaking Portal at <https://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <https://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Extension, Without Change, of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Request for Fee Waiver.

(3) *Agency form number, if any, and the applicable component of the DHS sponsoring the collection:* I-912; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* Individuals or households. USCIS uses the data collected on this form to verify that the applicant is unable to pay for the immigration benefit being requested. USCIS will consider waiving a fee for an application or petition when the applicant or petitioner clearly demonstrates that he or she is unable to pay the fee. Form I-912 standardizes the collection and analysis of statements and supporting documentation provided by the applicant with the fee waiver request. Form I-912 also streamlines and expedites USCIS's review, approval, or denial of the fee waiver request by clearly laying out the most salient data and evidence necessary for the determination of inability to pay. Officers evaluate all factors, circumstances, and evidence supplied in support of a fee waiver request when making a final determination. Each case is unique and is considered on its own merits. If the fee waiver is granted, the application will be processed. If the fee waiver is not granted, USCIS will notify the applicant and instruct him or her to file a new application with the appropriate fee.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection Form I-912 is 594,000 and the estimated hour burden per response is 1.17. The estimated total number of respondents for the information collection Non-form request for fee waiver is 8,400 and the estimated hour burden per response is 1.17. The estimated total number of respondents for the information collection 8 CFR 103.7(d) Director's exception request is 128 and the estimated hour burden per response is 1.17.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 704,958 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual

cost burden associated with this collection of information is \$2,259,480.

Grant Availability to Federally Recognized Indian Tribes To Implement Traffic Safety Programs and Projects on Indian Reservations

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: In accordance with a statute and as authorized by the Secretary of Transportation through the Secretary of the Interior, the Bureau of Indian Affairs (BIA), under the Indian Highway Safety Program (IHSP), will make funds available to federally recognized Indian Tribes on an annual basis for implementing traffic safety programs and projects designed to reduce the number of traffic crashes, death, injuries, and property damage within these populations. All project applications received will be reviewed and selected on a competitive basis.

DATES: On or about February 15, 2021, the IHSP mailed application packets to all Tribal leaders. Applications for program and/or project funds must be received on or before May 1, 2021. Applications not received by the IHSP by close of business on May 1, 2021, will not be considered and will be returned unopened. This notice informs qualified applicants of the application procedures for Federal Fiscal Year 2022.

ADDRESSES: To apply, each Tribe must submit its application to the Bureau of Indian Affairs, Office of Justice Services, Attention: Indian Highway Safety Program Director, 1001 Indian School NE, Suite 251, Albuquerque, New Mexico 87104.

FOR FURTHER INFORMATION CONTACT:

Tribes should direct questions or requests for copies of the application packet to: Ms. Kimberly Belone, Indian Highway Safety Program, 1001 Indian School NE, Suite 251, Albuquerque, New Mexico 87104; telephone (505) 563-3900.

SUPPLEMENTARY INFORMATION:**Background**

The Highway Safety Act of 1966, 23 U.S.C. 402, as amended, provided for U.S. Department of Transportation (DOT) funding, through the National Highway Traffic Safety Administration (NHTSA) to assist Indian Tribes in implementing traffic safety projects. Any program or project request must be designed to reduce the number of motor vehicle traffic crashes and their resulting fatalities, injuries, and property damage on Indian reservations and within Indian communities. Motor vehicle crashes are the leading cause of death to American Indians/Alaska Natives ages 1 to 44. Nationwide, 557 American Indians/Alaska Natives were killed in motor vehicle crashes in 2018. Of this total 377 died on reservations. Two hundred four (204) were also drivers (only) of motor vehicles and 164 of the drivers killed were impaired by alcohol with a blood-alcohol content (BAC) of 0.08+. For additional American Indians/Alaska Natives fatality data, you can access the NHTSA fatality website at https://cdan.nhtsa.gov/NA_report/NA_Report.htm.

This notice solicits applications from federally recognized Indian Tribes eligible to receive this assistance. Grant funds awarded to Tribes as a result of this announcement are reimbursed for eligible costs incurred under the terms of 23 U.S.C. 402, as amended.

Responsibilities

For the purposes of application of this grant and the collection and distribution of the funds, Indian reservations are collectively considered a "State" and the Secretary of the Interior is considered the "Governor of a State." The Secretary of the Interior delegated the authority to administer the programs for all the Indian Tribes in the United States to the Assistant Secretary—Indian Affairs. The Assistant Secretary—Indian Affairs further delegated the responsibility for administration of the IHSP to the BIA, Office of Justice Services, IHSP located in Albuquerque, New Mexico. The Program Director of the IHSP has staff members available to provide program and technical assistance to Indian Tribes. The IHSP maintains contact with NHTSA with respect to program approval, funding, and receiving technical assistance. NHTSA is responsible for ensuring the IHSP is carried out in accordance with 23 CFR part 1300 and other applicable Federal statutes and regulations.

National Priority Program Areas

The following highway safety program areas have been identified as priority program areas eligible for funding under 23 U.S.C 402 on Tribal lands:

1. Impaired driving
2. Occupant protection
3. Traffic records

Other fundable program areas may be considered based upon well documented problem identification from the Tribes.

Indian Highway Safety Program Funding Areas

Proposals are being solicited for the following program areas:

1. *Impaired Driving:* Programs directed at reducing injuries and death attributed to impaired driving on the reservations such as: selective traffic enforcement programs (STEP) to apprehend impaired drivers, specialized law enforcement training (such as standardized field sobriety testing), public information programs on alcohol/other drug use and driving, education programs for convicted DWI/DUI offenders, youth alcohol education programs promoting traffic safety, DUI/Impaired driving courts, and programs or projects directed toward judicial training. Proposals for projects that enhance the development and implementation of innovative programs to combat impaired driving are also solicited.

2. *Occupant Protection:* Programs directed at decreasing injuries and deaths attributed to the lack of safety belt and child restraint usage such as: surveys to determine usage rates and to identify high-risk non-users, comprehensive programs to promote correct usage of child safety seats and other occupant restraints, enforcement of safety belt ordinances or laws, specialized training (*e.g.*, Operation Kids, traffic occupant protection strategies (TOPS), Standardized Child Passenger Safety Technician Training), and evaluations.

3. *Traffic Records:* Programs to help Tribes develop or update electronic traffic records systems which will assist with analysis of crash information, causal factors, and support joint efforts with other agencies to improve the Tribe's traffic records system.

Project Guidelines

Each Tribe, to be eligible, must fill out and submit the BIA IHSP application that was mailed to the Tribal leaders. Applications will adhere to the following guidelines:

1. Problem Identification. Highway traffic safety problems shall be based

upon accurate Tribal data. Data should be complete and accurate and should show problems and/or trends. This data should be available in Tribal enforcement, traffic crash records and medical records.

2. Goals, Performance Measures and Strategies. Tribes must provide the overall goals of the project as well as a list of performance measures and strategies to be used to evaluate performance. All goals, performance measures and strategies must have base line numbers and will be expressed in clearly defined, time-framed, and measurable terms. (Example: To decrease alcohol related motor vehicle crashes by ____% from the 2020 number of ____ to ____ by the end of FY2022.) Performance measures should be aggressive but attainable and based on available data and trends.

3. Training. Training identified in the application must relate directly to the project being proposed.

4. Equipment. Any equipment identified in the application must relate directly to the project being proposed.

5. Line Item Budget. The activities to be funded must be outlined in detail according to the following object groups: personnel services; travel and training, operating costs and equipment. All Tribes applying for grants must attach a copy of the Tribe's indirect cost rate to the application.

6. Funding Requirements. With the enactment of the "Fixing America's Surface Transportation Act" (Fast Act), the IHSP is required to certify, on behalf of the Tribes, the program will meet certain conditions and comply with all applicable rules and regulations for administering a highway safety program. In addition to program oversight and technical assistance, the BIA must certify it will implement the following activities in support of national highway safety goals:

- a. Participate in national law enforcement mobilizations;
- b. Encourage sustained enforcement of impaired driving, occupant protection and speeding;
- c. Conduct an annual safety belt survey in accordance with criteria established by the Secretary of Interior to measure safety belt usage rates; and
- d. Develop data systems to provide timely and effective data analysis to support allocation of highway traffic safety resources.

7. In order to comply with the provisions of FAST ACT and the State Certifications and Assurances, the IHSP will allocate funds on behalf of the Tribes to implement the provisions listed in (6) above. Copies of the State Certifications and Assurances are

available upon request or at: http://www.nhtsa.dot.gov/nhtsa/whatsup/tea21/GrantMan/HTML/StateCertifications_8-05.html.

8. Funding Length. Traffic safety program funding is designed primarily as the source of invention and motivation. As a result, all projects may be funded for a 12 month period of time. This program is not intended for long term financial support of continuing and on-going operations.

9. Project Monitoring length may exceed the grant period in the cases where distribution of purchase equipment is necessary.

Certifications

A list of certifications is attached to the grant application and must be initiated to show acceptance by the Tribe. These certifications are required by the either the funding agency and/or the IHSP and include: Federal Funding Accountability and Transparency Act, Drug Free Workplace Act of 1988, Equipment, Civil Rights, Buy America Act, Political Activity (Hatch Act), Federal Lobbying, Restriction of State Lobbying, Lower Tier Certification, and Policy to Ban Text Messaging While Driving.

Submission Deadline

Each Tribe must send its funding request on the appropriate application form to the BIA IHSP office in Albuquerque, New Mexico, by the close of business May 1, 2020. Request can be received by U.S. Mail or via email to: Bureau of Indian Affairs, Office of Justice Services, Attention: Indian Highway Safety Program Director, 1001 Indian School NE, Suite 251, Albuquerque, NM 87104 or by email to ojs_indian_highway_safety@bia.gov.

Selection Criteria

A selection committee will review and evaluate each application requesting funding. Each member of the selection committee, by assigning points to the following four criteria, will rank each of the proposals based on the following criteria:

Criterion (1), the General Information section will include information on the type of grant, location, population and size of reservation, type of law enforcement and pertinent contact information. (10 points maximum).

Criterion (2), the strength of the Problem Identification based on verifiable, current and applicable data to indicate the extent of the traffic safety problem. (45 points maximum).

Criterion (3), the quality of the proposed solution plan based on aggressive but attainable Performance

Measures and Strategies. (35 points maximum).

Criterion (4), details on necessity and reasonableness of the budget requested. (10 points maximum).

Notification of the Selection

Once the selection committee concludes its evaluation, it will notify those Tribes it recommends for participation and funding by letter. Upon notification, each selected Tribe must provide a duly authorized Tribal resolution. The resolution must be on file before grants funds can be expended by or reimbursed to the Tribe.

Notification of Non-Selection

The Program Director will notify each Tribe of non-selection.

Uniform Administrative Requirements for Grant-in-Aid

Uniform grant administration procedures have been established on a national basis for all grant-in-aid programs by 2 CFR 200, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Government." NHTSA and the Federal Highway Administration (FHWA) have codified uniform procedures for State Highway Safety Programs in 23 CFR part 1300 and the "Highway Safety Grant Funding Policy for NHTSA/FHWA Field Administered Grants" are the established cost principles applicable to grants and contracts through the BIA and with Tribal governments. A copy of the Grant Funding Policy document can be obtained from the BIA IHSP office or at <https://one.nhtsa.gov/nhtsa/whatsup/tea21/tea21programs/index.htm>.

The BIA IHSP office has been established and is designated to establish operating procedures consistent with the applicable provisions of these rules and any others that govern these grant funds.

Auditing of Highway Safety Projects will be included in the Tribal A-133 single audit requirement. Copies of Tribal audits must be available for inspection by the highway safety program staff. Tribes must provide monthly program status reports and a corresponding reimbursement claim to the BIA Indian Highway Safety Program, 1001 Indian School, Suite 251, Albuquerque, NM 87104, in order to be reimbursed for program costs. These are to be submitted no later than 15 working days beyond the reporting month.

Paperwork Reduction Act

OMB Control Number 1076-0190 currently authorizes the collection of information requested in this notice,

with an expiration of September 30, 2021.

Project Monitoring

During the program year, it is the responsibility of the BIA IHSP office to review the implementation of Tribal traffic safety plans and programs, monitor the progress of their activities and expenditures and provide technical assistance as needed. This assistance may be on-site, by telephone and/or a review of monthly progress claims.

Project Evaluation

Each project funded is required to submit an annual report that meets the minimum criteria as set forth in 23 CFR part 1300.35. The BIA IHSP will conduct an annual performance evaluation for each Highway Safety Project funded. Pursuant to 23 CFR part 1300.35, the evaluation will measure the actual accomplishments to the planned activity and how the project and activities funded contributed to the overall goal of the IHSP. Program staff will evaluate progress from baseline data as reported by the Tribe. BIA IHSP staff will evaluate the project on-site at the discretion of the IHSP Director.

Bryan Newland,

Principal Deputy Assistant Secretary—Indian Affairs, Exercising the Delegated Authority of the Assistant Secretary—Indian Affairs.
