

based on the threat of material injury and is not accompanied by a finding that injury would have resulted but for the imposition of suspension of liquidation of entries since the Department's preliminary determination. In addition, section 736(b)(2) of the act requires Customs to refund any cash deposits or bonds of estimated antidumping duties posted since the Department's preliminary antidumping determination if the ITC's final determination is based on a threat of material injury.

Because the ITC's final determination in this case is based on the threat of material injury and is not accompanied by a finding that injury would have resulted but for the imposition of suspension of liquidation of entries since the Department's preliminary determination, section 736(b)(2) is applicable to this order. Therefore, the Department will direct Customs to assess, upon further advice, antidumping duties on all liquidated entries of non-malleable cast iron pipe fittings for the PRC entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination of threat of material injury in the **Federal Register** and terminate the suspension of liquidation for entries of non-malleable cast iron pipe fittings from the PRC entered, or withdrawn from warehouse, for consumption prior to that date. The Department will also instruct Customs to refund any cash deposits made, or bonds posted, between the publication date of the Department's preliminary antidumping determination and the publication of the ITC's final determination.

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, Customs will require, at the same time as importers would normally deposit estimated duties, cash deposits for the subject merchandise equal to the estimated weighted-average dumping margins listed below. The "PRC-wide rate" rate applies to all exporters of subject merchandise not specifically listed below.

Manufacturer/exporter	Weighted-average margin (percent)
Jinan Meide Casting Co., Ltd	7.08
Shanghai Foreign Trade Enterprises Co., Ltd	6.34
PRC-Wide Rate	75.50

Pursuant to section 735(a) of the Act, this notice constitutes the antidumping duty order with respect to non-

malleable cast iron pipe fittings from the PRC. Interested parties may contact the Department's Central Records Unit, Room B-099 of the main Commerce building, for copies of an updated list of antidumping duty orders currently in effect.

This order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211.
