Bureau of Indian Affairs

Final Environmental Impact Statement for the Lone Band of Miwok Indians 228.04-Acre Fee-to-Trust Land Transfer and Casino Project, Amador County, California

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public that the Bureau of Indian Affairs (BIA) as lead agency, with the National Indian Gaming Commission, the U.S. Environmental Protection Agency (USEPA), and the City of Plymouth as cooperating agencies, intends to file a Final Environmental Impact Statement (FEIS) with the USEPA for the approval of a 228.04-acre trust acquisition and casino project in the City of Plymouth and unincorporated Amador County, California, and that the FEIS is now available for public review. The purpose of the proposed action is to establish a land base and help provide for the economic development of the Tribe.

DATES: The Record of Decision on the proposed action will be issued on or after September 13, 2010. Comments on the FEIS will be accepted until September 13, 2010.

ADDRESSES: Mail or hand carry written comments to Dale Risling, Acting Regional Director, Bureau of Indian Affairs, Pacific Region, 2800 Cottage Way, Sacramento, CA 95825. See the **SUPPLEMENTARY INFORMATION** section of this notice for directions on submitting comments.

FOR FURTHER INFORMATION CONTACT: John Rydzik, (916) 978-6051.

SUPPLEMENTARY INFORMATION: The Tribe has requested that the BIA take into trust 228.04 acres of land, on which the Tribe proposes to construct a casino, hotel, parking areas and other facilities. The proposed project is located partially within the City of Plymouth and partially within unincorporated Amador County, just off State Route 49.

The proposed project includes the development of a 120,000 square-foot gaming facility, a 166,500 square-foot hotel and a 30,000 square-foot event/conference center on the 228.04-acre site. The gaming facility would include a casino floor, food and beverage areas (consisting of a buffet, specialty restaurant, bar, and coffee bar), meeting space, guest support services, offices, and security area. The five-story hotel facility would have 250 guest rooms and the event/conference center would have seating for 1,200 people. Access to the casino would be provided from State Route 49.

Project alternatives considered in the FEIS include: (A) Proposed project; (B) a reduced casino with hotel alternative; (C) a reduced casino alternative; (D) a retail development alternative; and (E) no action. Alternative A has been selected as the Preferred Alternative, as discussed in the FEIS. The alternatives are intended to assist the review of the issues presented, but the Preferred Alternative does not necessarily reflect what the final decision will be, because a complete evaluation of the criteria listed in 25 CFR part 151 may lead to a final decision that selects an alternative other than the Preferred Alternative, including no action, or that selects a variant of the Preferred or another of the alternatives analyzed in the FEIS.

Environmental issues addressed in the FEIS include land resources, water resources, air quality, biological resources, cultural and paleontological resources, socioeconomic conditions, environmental justice, transportation and circulation, land use, public services, noise, hazardous materials, visual resources, cumulative effects, indirect effects, and mitigation measures.

The BIA has afforded other government agencies and the public extensive opportunity to participate in the preparation of this EIS. The BIA published a Notice of Intent (NOI) to prepare the EIS for the proposed action in the **Federal Register** on November 7, 2003 (67 FR 63127). The BIA held a public scoping meeting on November 19, 2003 at the Amador County Fairgrounds in Plymouth. On January 20, 2004, the BIA published a supplemental NOI in the **Federal**

Register to announce an additional public scoping hearing that was held on February 4, 2004, at the Amador County Fairgrounds in Plymouth (69 FR 2728). A Notice of Availability for the Draft EIS (DEIS) was published in the **Federal Register** on April 18, 2008 (73 FR 21150) and in the Amador Ledger Dispatch on April 22, and May 20, 2008. The DEIS was available for public comment from April 18 to July 2, 2008. The BIA held a public hearing on the DEIS on May 21, 2008, at the Amador County Fairgrounds in Plymouth.

Bureau of Land Management

[CO–100–1610 DQ]

Notice of Availability for the Little Snake Proposed Resource Management Plan and Final Environmental Impact Statement, Colorado

AGENCY: Bureau of Land Management, Interior.
ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969 and the Federal Land Policy and Management Act of 1976, the Bureau of Land Management (BLM) has prepared a Proposed Resource Management Plan (RMP)/Final Environmental Impact Statement (EIS) for the Little Snake Field Office.
DATES: The BLM planning regulations (43 CFR 1610.5–2) provide that any person who meets the conditions as described in the regulations may protest

the BLM’s Proposed RMP. A person who meets the conditions and files a protest must file the protest within 30 days of the date that the Environmental Protection Agency publishes its Notice in the **Federal Register**.
ADDRESSES: Copies of the Little Snake Proposed RMP/Final EIS have been sent to affected Federal, State, and local government agencies and to interested parties. Copies of the Proposed RMP/Final EIS are also available for public inspection at the following locations:
1. Bureau of Land Management, Colorado State Office, 2850 Youngfield Street, Lakewood, Colorado 80215.
2. Bureau of Land Management, Little Snake Field Office, 455 Emerson Street, Craig, Colorado 81625.
Interested persons may also review the Proposed RMP/Final EIS at the following Web site: http://www.blm.gov/co/st/en/fo/lso/plans/rmp_revision.html. Upon request, additional copies in limited numbers of both paper and digital formats are available.
All protests must be in writing and mailed to the following addresses:

Regular mail:	Overnight mail:
BLM Director (210), Attention: Brenda Williams, P.O. Box 66538, Washington, DC 20035.	BLM Director (210), Attention: Brenda Williams, 1620 L Street, NW., Suite 1075, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT:
Jeremy Casterson, RMP Project Manager, 455 Emerson Street, Craig, Colorado 81625, 970–826–5071, Jeremy_Casterson@blm.gov.

SUPPLEMENTARY INFORMATION: The planning area is located in Northwest Colorado in Moffat, Routt, and Rio Blanco counties. The plan will provide a framework to guide subsequent management decisions on approximately 1.3 million acres of BLM-administered public lands and 1.1 million acres of BLM-administered subsurface mineral estate. The Little Snake Field Office area is currently being managed under its 1989 RMP, which has been amended for Oil and Gas Leasing (1991), Black-Footed Ferret Reintroduction (1996), Land Health Standards (1997), and the Emerald Mountain Land Exchange (2007).

The Draft RMP/EIS was made available for public review for a 90-day period beginning in February 2007. After the careful review and consideration of all public comments, changes to Alternative C (the Preferred Alternative as described in the Draft RMP/EIS) have been made to clarify management direction, incorporate as appropriate management direction from

other alternatives analyzed, and update the effects analysis.
The Little Snake Field Office has worked extensively with interested and affected publics and cooperating agencies in the development of the Proposed RMP/Final EIS. Cooperating agencies include: Moffat County, the Colorado Department of Natural Resources, the U.S. Fish and Wildlife Service, the City of Steamboat Springs, and the Juniper Water Conservancy District.
During the public review of the Draft RMP/EIS, the Environmental Protection Agency, in consultation with the BLM, identified areas where additional air quality information would augment the existing analysis in the Draft RMP/EIS. As a result, on December 19, 2007, the BLM published its Notice of Intent to prepare additional air quality analysis in the **Federal Register**. On October 10, 2008, the BLM published the Notice of Availability (NOA) in the **Federal Register** for Additional Air Quality Impact Assessment to support the Little Snake Draft RMP/EIS. On November 19, 2008, the BLM published a Notice of Correction to the NOA for additional air quality information in the **Federal Register**. The additional air quality analysis information was released to the

public for review and comment. A response to these comments and all other public comments is included in the Proposed RMP/Final EIS.
The Proposed RMP/Final EIS addresses many issues important to the area, including energy development, special designations, transportation and travel management, wildlife habitat and socio-economic values. Four alternatives were analyzed in the Proposed RMP/Final EIS.
Alternative A, the No Action Alternative, would maintain present uses by continuing present management direction and activities. Commodity production and unrestricted off-highway vehicle (OHV) travel would be allowed throughout a majority of the planning area.
Alternative B would allow the greatest extent of resource use within the planning area, while maintaining the basic protection needed to sustain resources. Under this alternative, constraints on commodity production for the protection of sensitive resources would be the least restrictive within the limits defined by law, regulation, and BLM policy. Fewer areas would be limited or closed to OHV use than under the No Action Alternative.
