Notification of Two Teleconferences and a Face-to-Face Meeting of the Science Advisory Board Economy-Wide Modeling Panel**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The Environmental Protection Agency (EPA or Agency) Science Advisory Board (SAB) Staff Office announces two public teleconferences of the SAB Economy-Wide Modeling Panel. The SAB Staff Office also announces a public face-to-face meeting of the SAB Economy-Wide Modeling Panel.

DATES: The public teleconferences will be held on March 10, 2016 from 3 p.m. to 6 p.m. (Eastern Time) and May 19, 2016 from 1 p.m.–4 p.m. (Eastern Time). The public face-to-face meeting will be held on July 19–20, 2016 from 9 a.m. to 5 p.m. each day (Eastern Time).

ADDRESSES: The teleconferences will be held by telephone only. The face-to-face meeting will take place at George Washington University, Milken Institute School of Public Health, Convening Center A and B, 950 New Hampshire Avenue NW., Washington, DC 20052. The public can view the July 19–20, 2016 face-to-face meeting via a non-interactive, live webcast that will be broadcast on the internet. The connection information to view the webcast will be provided on the meeting Web page at the time of the meeting. The meeting Web page may be found by going to <http://epa.gov/sab> and clicking on the calendar then the meeting date.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding the public teleconferences or public meeting may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), SAB Staff Office, by telephone/voice mail at (202) 564–2073 or via email at stallworth.holly@epa.gov. General information concerning the EPA Science Advisory Board can be found at the EPA SAB Web site at <http://epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: The SAB was established pursuant to the Environmental Research, Development, and Demonstration Authorization Act (ERDAA) codified at 42 U.S.C. 4365, to provide independent scientific and technical peer review, advice, consultation, and recommendations to the EPA Administrator on the technical

basis for EPA actions. As a Federal Advisory Committee, the SAB conducts business in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2) and related regulations. Pursuant to FACA and EPA policy, notice is hereby given that the SAB Economy-Wide Modeling Panel will hold two public teleconferences to discuss its draft responses to charge questions from EPA's National Center for Environmental Economics and the Office of Air and Radiation on the role of economy-wide modeling in generating estimates of social costs and benefits for air regulations at EPA. After holding teleconferences on March 10, 2016 (3 p.m.–6 p.m.) and May 19, 2016 (1 p.m.–4 p.m.) to discuss its draft responses to charge questions on social costs and benefits, the SAB Economy-Wide Modeling Panel will hold a face-to-face meeting on July 19–20, 2016 to deliberate on charge questions on analyzing economic impacts and comparing estimates of social costs, benefits, and economic impacts using economy-wide modeling. Some meeting time at the July 19–20, 2016 meeting may also be devoted to discussion of draft responses to EPA's charge questions on social costs and benefits. The EPA-authored white papers on economic impacts analysis and the comparison of estimates of social costs, benefits and impacts using economy-wide modeling will be provided to the Panel and the public prior to the July 19–20, 2016 face-to-face meeting. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies. Background information on the SAB Economy-Wide Modeling Panel can be found at http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Economywide%20modeling?OpenDocument.

Availability of the meeting materials: Agendas, EPA's forthcoming white papers and other meeting materials will be posted on the SAB Web site prior to the teleconferences and face-to-face meeting. To find these materials, go to <http://epa.gov/sab> and click on the calendar and then the respective meeting dates. For questions concerning EPA's review materials on economy-wide modeling, please contact Dr. Ann Wolverton, EPA National Center for Environmental Economics at wolverton.ann@epa.gov or 202–566–2278.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process

for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA. Members of the public can submit relevant comments on the topic of this advisory activity, including the charge to the Panel and the EPA review documents, and/or the group conducting the activity, for the SAB to consider during the advisory process. Input from the public to the SAB will have the most impact if it consists of comments that provide specific scientific or technical information or analysis for the SAB panel to consider or if it relates to the clarity or accuracy of the technical information.

Oral Statements: In general, individuals or groups requesting an oral presentation at the will be limited to five minutes per speaker for the face-to-face meeting and three minutes per speaker for the teleconference. Interested parties should contact Dr. Holly Stallworth, DFO, in writing (preferably via email), at the contact information noted above, one week (7 days) prior to the teleconference or face-to-face meeting to be placed on the list of public speakers for that teleconference or meeting.

Written Statements: Written statements should be received in the SAB Staff Office one week (7 days) prior to each meeting or teleconference. Written statements should be supplied to the DFO, preferably in electronic format via email. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at the phone number or email address noted above, preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: December 3, 2015.

Thomas H. Brennan,
Deputy Director, EPA Science Advisory Board
Staff Office.

Certain New Chemicals; Receipt and Status Information for October 2015

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is required under the Toxic Substances Control Act (TSCA) to publish in the **Federal Register** a notice of receipt of a premanufacture notice (PMN); an application for a test marketing exemption (TME), both pending and/or expired; and a periodic status report on any new chemicals under EPA review and the receipt of notices of commencement (NOC) to manufacture those chemicals. This document covers the period from October 1, 2015 to October 30, 2015.

DATES: Comments identified by the specific case number provided in this document, must be received on or before January 14, 2016.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPPT-2015-0505, and the specific PMN number or TME number for the chemical related to your comment, by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- **Mail:** Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For technical information contact: Jim Rahai, IMD (7407M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (202) 564-8593; email address: rahai.jim@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitters of the actions addressed in this document.

B. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. What action is the agency taking?

This document provides receipt and status reports, which cover the period from October 1, 2015 to October 30, 2015, and consists of the PMNs and TMEs both pending and/or expired, and the NOCs to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. What is the agency's authority for taking this action?

Under TSCA, 15 U.S.C. 2601 *et seq.*, EPA classifies a chemical substance as either an "existing" chemical or a "new" chemical. Any chemical substance that is not on EPA's TSCA Inventory is classified as a "new chemical," while those that are on the TSCA Inventory are classified as an "existing chemical." For more information about the TSCA Inventory go to: <http://www.epa.gov/opptintr/newchemicals/pubs/inventory.htm>.

Anyone who plans to manufacture or import a new chemical substance for a non-exempt commercial purpose is required by TSCA section 5 to provide EPA with a PMN, before initiating the activity. Section 5(h)(1) of TSCA authorizes EPA to allow persons, upon application, to manufacture (includes import) or process a new chemical substance, or a chemical substance subject to a significant new use rule (SNUR) issued under TSCA section 5(a), for "test marketing" purposes, which is referred to as a test marketing exemption, or TME. For more information about the requirements applicable to a new chemical go to: <http://www.epa.gov/oppt/newchemicals>.

Under TSCA sections 5(d)(2) and 5(d)(3), EPA is required to publish in the **Federal Register** a notice of receipt of a PMN or an application for a TME and to publish in the **Federal Register** periodic reports on the status of new chemicals under review and the receipt of NOCs to manufacture those chemicals.

IV. Receipt and Status Reports

As used in each of the tables in this unit, (S) indicates that the information in the table is the specific information provided by the submitter, and (G) indicates that the information in the table is generic information because the specific information provided by the submitter was claimed as CBI.

For the 47 PMNs received by EPA during this period, Table 1 provides the following information (to the extent that such information is not claimed as CBI): The EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer/importer; the potential uses identified by the manufacturer/importer in the PMN; and the chemical identity.
