SUPPLEMENTARY INFORMATION: By decision served on July 25, 2012, the Board began a proceeding to consider a proposal submitted by NITL to modify the Board's standards for mandatory competitive switching. Under its proposal, certain captive shippers located in terminal areas would be granted access to a competing railroad if there is a working interchange within a reasonable distance (30 miles under NITL's proposal). In its decision, the Board sought empirical information

about the impact of the proposal if it were to be adopted. The Board received numerous comments in response to its decision. In order to explore further NITL's proposal and the issues raised in the submitted comments, the Board will hold a public hearing.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. A public hearing in this proceeding will be held on October 22, 2013, at 9:30 a.m., in the Board's Hearing Room, at 395 E Street SW., Washington, DC, as described above.

2. By September 23, 2013, any person wishing to speak at the hearing shall file with the Board a notice of intent to participate (identifying the party, the proposed speaker, and the time requested), and a summary of the intended testimony (not to exceed three pages). The notices of intent to participate and the summaries of testimony are not required to be served on the parties of record in this proceeding; they will be posted to the Board's Web site when they are filed.

3. This decision is effective on its service date.

Decided: August 12, 2013.
